List be foreseen, or, if foreseen, could not have been avoided or diminished? Hehould be a bold man who would make that assertion. For, although no government ever was, or ever will be omnictent and omnipotent, although disasters have happened that no rulers, however wise, could have foreseen or averfed; yet the disasters of which I am speaking are not of that character, and might have been foreseen find, to a great extent, prevented. It is bit fustice, then, to say to our Repub-Item rulers, you have had every opportuhity to do good and avert evil, and you have failed to do either. You have had opportunities such as no other party ever (njoyed; to benefit your country, and you bave, by want of intelligence of virtue, or

both, brought it to the verge of fund. It is time, high time that you surrendered the reins of the government. 1. And now, fellow-citizens, as pertinent to this topic, let me call your attention to some particulars. It is not uncommon to hear asserted that there has been no contraction of the carrency and it is but a few months since the chairman of the finance committee of the Senate asserted that the charge of contraction the simply "a contraction of the truth." into the disputed question of what, for practical purposes, constituted our currency at the end of the war and for several years afterward. I shall confine myseff Fiscal years ending Jane 30: to the three years and a fort that have clapsed since the passage of the resumption act, January 14, 1875, and to what is underiably currency, namely, greenbacks

and national bank notes. Now, on January 14, 1875, there were outstanding: Of greenbacks, in round

On June 1, 1878..... 346,681,016 Decrease 35,328,984 On January 14; 1375; there were ou! Atanding : Of National Bank Notes. . . . \$351,861,450 Ou June 1, 1878...... 322,515,655

Decrease..... 29,305,485 So that, since the passage of the resumption act, the decrease in greenbacks and bank notes 35,328,984 plus 29,305,485 has produced a contraction of \$64,634,469. If to this be added the \$11,550,903 of greenbacks on deposit in the Treasury for the federintion of bank notes, and which are; consequently, withdrawn from circulation, the contraction amounts to over 119. 76,000,000 dollars, being at the rate of ever one million eight hundred thousand dollars per month.

the Treasury can begin to pay specie for 710. time; but the great question remains, was \$2.45, while in the seven Democratic could such specie payment be maintained? years it was only \$1.54. If it could not, why should the people be Nor can it be explained as necessarily ground between the upper and the nether resulting from the war, for, as I have millstone in order to begin specie pay- said, I have excluded from the compariment somewhat earlier than the condition son expenses caused by it, namely, pensions, public debt and interest thereon; ance? On this question, the following and the first of the seven Republican

facts are of value : Great Britain and France are presemi- ter the war: steady decrease of production; but, nev- shall prevail. The evil is too deep-seatertheless; if the balance of trade should ed to be reached by anything short of an continue in our favor, the influx of gold entire change of administration. and silver, together with the product of 4. But, fellow citizens, there is one the mines, would enable us to begin and great drama of fraud, one huge, black If this be true, why resort to forced re- sion. The seat of the Chief Magistratesumption? Why crush the unfortunate that seat that in times past has been and at

ernment for that year, exclusive of pen- the returning board of Louisiana threw

These expenses stated in detail, were

dinary expenses of the government for that year (exclusive of pensions and interest on the public debt) were \$142,073,-632; being \$83,117,682 in excess of the last year of Democratic administration : br, in other words, the Republican expenditures were tearly two and a half times as great as the Democratic expenditures. But it fline be said that our population was much greater in 1875 than it was in 1860, and that this accounts for the increased expenses of government. This explanation will not suffice: The population in 1860 was 31,443,321, and the expenditures were at the rate of \$1:871 per ly as it can be estimated, was 43,000,000, and the expenditures were at the rate of

\$3.30 per capita. public debt and the interest thereon; and condone this great sin, and if they ever confine my comparison to the ordinary pardon the guilty men who perpetrated it expenses of government; namely; the cost | -and nearly every one of whom has been the following table : -

-	Miscellan'us or civil	possible to maintain it; and to maintain it in purity, is now on trial before you. As you love the institutions bequeathed to you by the fathers, as you reverence the Constitution and value your freedom, as you esteem virtue and detest all wickedness, you are bound in no uncertain tones to manifest your ablidirence of the
