The Pig.

Black or flesh colored pigs are freest from skin diseases in hot climates. The choice is practically between the Essex and Berkshires for males with which to improve the native stock of hardy grubbers of the root-or-die variety .- Those who have tried the former have been delighted at first, but after a few years began to recall with longing the lean hams and slim but solid and flavor ous bacon of the old racehorse breed. The trouble with the Essex pigs for the South is that they are not active enough. They are the eat-and-sleep to sleep-and-wake-to-eat kind, and their grades are, of course, like them. The side fat is superb and so is the leaf lard, and so far the breed is all that could be desired; but the hams and shoulders are too fat for profit and the ham is not marbled with fat like the Berkshires. These (the Berks). are much more wide awake, less easi-

GENTS :- For sixteen years I have been a great suffe er from Scrofula in its most distressing forms. I aave been confined to my room and bed for fifteen rears with scrofulous ulcerations. The most ap-proved remedies for such cases had been used, and the most eminent physicians consulted, without any decided benefit. Thus prostrated, distressed, de-spinding, I was advised by Dr. Ayer, of Floyd Coulty. Ga., to commence the use of your Compound Extract Stillingia. Language is as insufficient to describe the relief I obtained from the use of the Sul-Ingla as it is to convey an adaquate hier of the in-tensity of my suffering before using your medicine: sufficient to say, I abandoned all other remedies and continued the use of your Extract of Stillingia, until I can say truly, "I am cured of all pain," of all diseases, with nothing to obstruct the active pursuit of my profession. More than eight months have elapsed since this remarkable cure, without any return of the disease

For the truth of the above statement, I refer to any gentleman in Bartow County, Ga., and to the members of the bar of Cherokee Circuit, who are acjuainted with me. I shall over remain, with the bepest gratitude, Your obedient servant, J. C. BRANSON, Att'y at Law
