e ce ut

somer. - By invitation we were present [13:21] the residence of Mr. C. F. Baker, last onday evening, the occasion being a histening of a new plano just purchased ethat gentleman, of Messrs, Dodworth Co., New York.

The instrument is a handsome one, and resevery evidence of being a superior line. having a clear, brilliant and sweet bue, braddition to piano solos, there vere nolos, ducties and trios, with Cornet. flate, Trombone, Alto, and Baritone. forme in various conibinations. It was assall githering- friends of the familyad by all as much, or more, than if a larger number had been present.

Far. There was a narrow escape an a conflagration at the residence of M. L. McIntyre, one night last week hich created a neigborhood alarm, Some then will be a gate across the road, and se set fire to a pile of kindling wood in s back porch, which burned through the all of the house, and when discovered rasin a fair way to make quick work of e cutire building. Fortunately there tere some vessels of water also in the we porch, with which a negroman, who tas first ou the spot, put out the fire. daughter-by marriage. lie would-be-incendiary had taken off well bucket near the house and hid it achieken coop on the premises. To public the circumstances are mysterius, but we learn are not very disturbing those most interested.

LARGE EAGLE KILLED .- Mr. Isaac Lywho resides in Scotch Irish Townavery large cagle. It measured 71 feet tip to tip. The claws or talons an 2 and 21 inches in length, and grasp 71 inches. Its beak was the behavior of the scalp measured 4 where between the eyes. On the wings, eprimaries were black, while the lesser greater coverts were two shades of feeble and suffering intensely. wn-light and dark. The tail feathers black, while the upper tail coverts the pure white. Altogether, it was a moderful bird, and must have gotten by addent into this section. Those who ave seen it pronounced it a Golden Eawhich is the most noted species.
