in this country fifty years ago. I said that the one was poisonous and fire other a murderous treatment, the remedial power of nature had not only to cure the disease, but to eradicate mercurial poisons and supply new streams of blood to exhausted patients, which was too much for any constitution; that my plan of treatment was to remove disease by purifying the blood with Brandreth's Pills, for when the blood was thus made pure, the medical force of nature came into full play, and, unless God willed otherwise, the patient was sure to recover. Brandreth's Pills assist nature in all her efforts. It is nature that cures disease and not medicine. Every other course of treatment only throws great obstacles in the way of the constitution. I am happy to say that bleeding, which I said was always improper, has been generally abandoned by the medical profession, and that the poisonous qualities of mer- prietor, cury have been so far recognized that the use of it has been forbidden in the United States Army, by the Surgeon-General. In the calendar for 1881, I publish numerous cases of cures by Brandreth's Pills, some of them so remarkable as to be little short of miraculous: But Is Issued every Thursday afternoon at they are true, and the witnesses can be seen and consulted. ELIZABETH FALLS, Maine, Oct. 31, 1880. Hon B. BRANDRETH: My Dear Sir-I like to have a good supply of Brandreth's Pills in my house, and therefore enclose you an order for two dozen boxes. I first learned the virtnes of these Pills when I was froubled with obstinate costiveness and dyspepsia. By taking Brandreth's Pills, two every night, for a month, my digestion was restored, and I became perfectly regular.

HON. B. BRANDRETH: My Dear Sir-Some years ago I was a broken down invalid, with a bad cough, and pain in my side, which the doctors thought came from liver complaint, but none of them could do any good. I commenced using Brandreth's Pills, taking three the first night, and increasing one every night for a week, then rested a week, and commenced again. In six weeks I grew well and strong, entirely recovered my health, and have remained so ever since. F. E. JACKSON.
