MISCELLANEOUS.

Genius begins great works; labor alone finishes them.

Bashfulness may sometimes exclude pleasure, but seldom opens any avenue to sorrow or remorse.

If there is any great and good thing in store for you, it will come at the first or second call.

Wounds and hardships provoke our courage, and when our fortunes are at the lowest, our wits and minds are commonly at the best.

Neither a man nor a woman is entirely safe until he or she can endure blame and receive praise without excitement.

Nothing can constitute good breeding that has not good nature for its foundation.

It is learned that sharks are very fond of cats as food. Now let somebody invent a method of teaching sharks to climb over woodshed roofs and backyard fences.

Advice to married men: Put a safety-valve upon your self-esteem if you do not want to get 'blown up.'

Shallow men believe in luck; strong men believe in cause and effect.

The chief properties of wisdom are to be mindful of things past, careful of things present, provident of things to come.

It is a very curious fact that the lapse of years, while it lessens our enjoyment of life, but increases the natural desire of living.

Regarded simply as a gratification and a source of pleasure, good books are more valuable than all the luxuries that wealth can procure to gratify the most fastidious physical taste.

They are bringing Scotch-Irish potatoes over for sale in this country. They sell for fifty cents or a dollar less per barrel than the American article and are inferior.

Physicians say that when the nature of the disease is fully understood, the cure is half wrought. In a like manner, when we have mastered the true nature of our faults, we have taken a long step towards curing them.

Look at life as it is; not a dream, but a living reality; not a brief sojourn, but a continued existence. Every act casts its shadow upon the future. Every thought is a link binding time to eternity. Every moment is a seed whose garnering shall be our immortal destiny.

ROSES.—There is in Roumelia a valley known as the Kenzanlik, entirely given up to rose culture. During the flowering season it is from the top of the hills on either side one mass of flowers. So saturated is the air with the perfume that it clings to the hair, and the clothes, and the scent remains for days on the latter. The essence sells wholesale in Paris at 1,500, and 2,000 francs the kilo, and is retailed at 5,000 francs and over.

Why should not every farmer provide his family with blackberries? They are a healthy luxury, as easily raised as corn: planted spring or fall, in rows six or seven feet apart, and cultivated with the plow or cultivator; and when the Snyder is planted you can rely on having some berries every year, as they are hardy and can withstand our coldest winters. The Kittatinny, Lawton, Missouri, Mammoth and Western Triumph are finer fruit and reasonably hardy. A thorough course of pruning and cutting back must be allowed. When the new canes get three feet high, nip off the extremities, which causes the stalks to thicken up. Follow it up and you will have finer fruit and more of it.

A Witty Answer Turneth Away Bores.

The man who travels on the railroad and sits down by the side of some females while laboring under the impression that he recognizes a likeness in their faces to his wife's aunt's cousin, met his match on one of the roads in this vicinity lately. He sat down in the half of a seat, the other half of which was occupied by a pleasant-faced young lady. His first question was:

'Pardon me, Miss, but is your name James? I have a cousin of that name, whom you greatly resemble.'

'No sir;' was the reply, 'my name is not James. But, pardon me, is your name Zinc or Copper?"

'Zinc or Copper? No, ma'am:' said the astonished man. 'What led you to suppose I had such names?'

'Excuse me,' was the quiet reply, 'but I thought you must be first cousin to a brass foundry.'

The man fell over two seats and kicked a birdcage half way down the car in his haste to get into the smoker; while the young lady smiled a gentle smile behind her handkerchief. It was a proof of the old adage that a witty answer turneth away bores.—*Oil City Derrick.*

A Relic of the Revolution.

At the last meeting of the Virginia Historical Society in Richmond, Va., a curious ancient document was read by the corresponding secretary. It is in the handwriting of Colonel Thomas Waring of Goldberry, Essex County, Va., an ardent rebel, who was with Washington at the battles of Trenton and Princeton. It is entitled "The last Will and Testament of old England," and is dated at the "Palace of Necessity, this 19th day of April, just four years from the fatal day on which my last opportunity was lost by shedding the blood of America at Lexington, in the year 1749." The following are the bequests made:

'1. I, Old England, being in a very weak and languishing state, through voluptonsness and loss of blood, do make and ordain this my last will and testament, in the manner following, viz: Inprimis—I do give and bequeath unto the Bishops of St. Asaph and Peterborough, to be equally divided among them, all my religion.

'2. I give all my sincerity to the Worthy Members of the Minority in the House of Commons.

'3. I give all my knowledge in Politics to Lord Camden and Lord Abingdon and those other noble Lords who opposed the Ministry in their Mischievous and Cursed war in America.

'4. I give to my sister Scotland all my Pride and Haughtiness.

'5. I give to my sister Ireland the one-half of my Poverty, Distress and Ruin.

'6. I give to the Earl of Bute and Lord North all my Treachery and Tyranny, to be equally divided among them.

'7. I give to Lord Howe and General Howe all my Cruelty as a reward for their Treatment of the American Prisoners.

'8. I give all my low cunning to Lord Mansfield and Lord George Gorman.

'9. I give all my stupidity and obstinacy to the present Ministry.

'10. I give my Power by Sea and Land to the French King.

'11. I give my integrity to the King of Spain.

'12. I give all my Trade and Commerce to the State of Holland.

'13. I give those abject mortals, the Tories of America, one Tour of Hemp, to be equally distributed among them by I. C.

'14. I give my right and Title in that most glorious tract called Magna Charta to the United States of America, to their Heirs and Assigns forever.

'15. I give unto my Colonies in America, viz: Canada, Nova Scotio, East and West Florida, the West Indies, the other half of my Poverty, Distress and Ruin; and I do appoint the United States of America to be guardians of my Colonies."

GOOD COFFEE.

Everybody wants it, but very few get it, because most people do not know how to select coffee, or it is spoiled in the roasting or making. To obviate these difficulties has been our study. Thurber's package Coffees are selected by an expert who understands the art of blending various flavors. They are roasted in the most perfect manner (it is impossible to roast well in small quantities), then put in pound packages (*in the bean, not ground,*) bearing our signature as a guarantee of genuineness, and each package contains the Thurber recipe for making good Coffee. We pack two kinds, Thurber's "No. 34," strong and pungent, Thurber's "No. 41," mild and rich. One or the other will suit every taste. They have the three great points, *good quality, honest quantity, reasonable price. Ask your Grocer for Thurber's roasted Coffee in pound packages, "No. 34" or "No. 41."* Do not be put off with any other kind—your own palate will tell you what is best.

Where persons desire it we also furnish the "*Ideal*" Coffee pot, the simplest, best and cheapest coffee-pot in existence. Grocers who sell our Coffee keep them. Ask for descriptive circular.

Respectfully, &c.,

H. K. & F. B. THURBER & CO.,
Importers, Wholesale Grocers and Coffee Roasters, New York.

P. S.—As the largest dealers in food products in the world, we consider it our interest to manufacture only pure and wholesome goods and pack them in a tidy and satisfactory manner. All goods bearing our name are guaranteed to be of superior quality, *pure and wholesome*, and dealers are authorized to refund the purchase price in any case where customers have cause for dissatisfaction. It is therefore to the interest of both dealers and consumers to use *Thurber's brands.*

FACTS SPEAK FOR THEMSELVES!

Health is a great blessing. Disease is a want of ease, and without the easiness and comfort of health, what is wealth worth? What happiness can there be in life? If we are not well, it is a blessed thing to know how to regain health. I offer this knowledge, freely and without price, to the whole world: "Take BRANDRETH'S VEGETABLE PILLS whenever you are sick." It is now nearly fifty years since I introduced these pills to the American people, and, after using fifty millions of boxes, the verdict of the great jury of American sovereigns is, that they are the best and safest purgative ever known.

They have completely superceded mercury and bleeding, which was found in very general use in this country fifty years ago. I said that the one was poisonous and the other a murderous treatment, the remedial power of nature had not only to cure the disease, but to eradicate mercurial poisons and supply new streams of blood to exhausted patients, which was too much for any constitution; that my plan of treatment was to remove disease by purifying the blood with Brandreth's Pills, for when the blood was thus made pure, the medical force of nature came into full play, and, unless God willed otherwise, the patient was sure to recover. Brandreth's Pills assist nature in all her efforts. It is nature that cures disease and not medicine. Every other course of treatment only throws great obstacles in the way of the constitution. I am happy to say that bleeding, which I said was always improper, has been generally abandoned by the medical profession, and that the poisonous qualities of mercury have been so far recognized that the use of it has been forbidden in the United States Army, by the Surgeon-General. In the calendar for 1881, I publish numerous cases of cures by Brandreth's Pills, some of them so remarkable as to be little short of miraculous: But they are true, and the witnesses can be seen and consulted. If Brandreth's Pills were used in every family, each box would be a magazine of health and a perfect medicine chest.

OBSERVE,

that Brandreth's Pills, taken on an empty stomach, create no nausea, vomiting, or griping. They do good any time, but are most effective and agreeable taken on going to bed, when little, or better still, no supper has been eaten.

ELIZABETH FALLS, Maine, Oct. 31, 1880.

HON B. BRANDRETH: My Dear Sir—I like to have a good supply of Brandreth's Pills in my house, and therefore enclose you an order for two dozen boxes. I first learned the virtues of these Pills when I was troubled with obstinate costiveness and dyspepsia. By taking Brandreth's Pills, two every night, for a month, my digestion was restored, and I became perfectly regular.

CURE OF COUGH.

NORTH FAIRFIELD, Huron County, Ohio, October 6, 1879.

HON. B. BRANDRETH: My Dear Sir—Some years ago I was a broken down invalid, with a bad cough, and pain in my side, which the doctors thought came from liver complaint, but none of them could do any good. I commenced using Brandreth's Pills, taking three the first night, and increasing one every night for a week, then rested a week, and commenced again. In six weeks I grew well and strong, entirely recovered my health, and have remained so ever since. F. E. JACKSON.

Prof. Harris' Radical Cure

TradeMark

FOR

NERVOUS DEBILITY

AND SPERMATORRHŒA.

A valuable Discovery and New Departure in Medical Science, an entirely New and positively effective Remedy for the speedy and permanent Cure of Seminal Emissions and Impotency by the only true way, viz: Direct Application to the principal Seat of the Disease, acting by Absorption, and exerting its specific influence on the Seminal Vesicles, Ejaculatory Ducts, Prostate Gland, and Urethra. The use of the Remedy is attended with no pain or inconvenience, and does not interfere with the ordinary pursuits of life; it is quickly dissolved and soon absorbed, producing an immediate soothing and restorative effect upon the sexual and nervous organizations wrecked from self-abuse and excesses, stopping the drain from the system, restoring the mind to health and sound memory, removing the Dimness of Sight, Nervous Debility, Confusion of Ideas, Aversion to Society, etc., etc., and the appearance of premature old age usually accompanying this trouble, and restoring perfect Sexual Vigor, where it has been dormant for years. This mode of treatment has stood the test in very severe cases, and is now a pronounced success. Its cures are too much prescribed in these troubles, and as many can bear witness to, with but little if any permanent good. There is no Nonsense about this Preparation. Practical observation enables us to positively guarantee, that it will give satisfaction. During the eight years that it has been in general use, we have thousands of testimonials as to its value, and it is now commended by the Medical Profession to be the most rational means yet discovered of reaching and curing this very prevalent trouble, that is well known to be the cause of untold misery to so many, and treated by quacks prey with their ruinous nostrums. The Remedy is put up in neat boxes, of three sizes. No. 1, enough to last a month, $3; No. 2, sufficient to effect a permanent cure, usually in every case, $5; No. 3, lasting over three months, will stop emissions and restore vigor in the worst cases, $7. Sent by mail, sealed, in plain wrappers. Full DIRECTIONS for using will accompany EACH box.

Send for Sealed Descriptive Pamphlet, giving Constitutional Limitations and Conditions, which will convince the most skeptical that they can be restored to perfect manhood, and fitted for the duties of life, same as if never affected. Address all letters to
