GOOD COFFEE.

Everybody wants it, but very few get it, because most people do not know how to select coffee, or it is spoiled in the roasting or making. To obviate these difficulties has been our study. Thurber's package Coffees are selected by an expert who understands the art of blending various flavors. They are roasted in the most perfect manner (it is impossible to roast well in small quantities), then put in pound packages (in the bean, not ground,) b aring our signature as a guarantee of genuineness, and each package contains the Thurber recipe for making good Coffee. We pack two kinds, Thurber's "No. 34," strong and pungent, Thurb r's "No. 41," mild and rich. One or the other will suit every taste. They have the three great points, good quality, honest quantily, reas mable price. Ask your Grocer for Thurber's roasted Coffee in pound packages, "No. 34" or "No. 41." Do not be put off with any other kind-your own palate

will tell you what is best. Where persons desire it we also furnish the "Ideal" Coffee-pot, the simplest, best and cheapest coffee-pot in existence. Grocers who sell our Coffee keep them. Ask for descriptive circular.

Importers, Wholesale Grocers and Coffee Roasters, New York. P. S .- As the largest dealers in food products in the world, we consider it our interest to manufacture only pure and wholesome goods and pack them in a tidy and satisfactory manner. All goods bearing our name are guaranteed to be of superior quality, pure and wholesome, and dealers are authorized to refund the purchase price in any case where customers have cause for dissatisfaction. It is therefore to the interest of both dealers and consumers to use Thurber's brands.

FACTS SPEAK & THENSELVES!

Health is a great blessing. Disease is a want of ease, and without the easiness and comfort of health, what is wealth worth? What happiness can there be in life? If we are not well, it is a blessed thing to know how to re-gain health. I offer this knowledge, freely and without price, to the whole world: "Take BRANDRETH'S VEGETABLE PILLS whenever you are sick," It is now nearly flity years since I introduced these pills to the American people, and, after using fifty millions of bexes, the verdict of the great jury of American sovereigns is, that they are the best and safest purgative ever known. They have completely superceded mercury and

bleeding, which was found in very general use in this country fifty years ago. I said that the one was poisonous and the other a murderous treatment, the remedial power of nature had not only to cure the disease, but to eradicate mercurial poisons and supply new streams of blood to exhausted patients, which was too much for any constitution; that my plan of treatment was to remove disease by purifying the blood with Brandreth's Pills, for when the blood was thus made pure, the medical force of nature came into full play, and, unless God willed otherwise, the patient was sure to re-cover. Brandreth's Pills assist nature in all her efforts. It is nature that cures disease and not medicine. Every other course of treatment only throws great obstacles in the way of the constitution. I am happy to say that bleedng, which I said was always improper, has been generally abandoned by the medical profession, and that the poisonous qualities of mer- prietor, cury have been so far recognized that the use of it has been forbidden in the United States Army, by the Surgeon-General. In the calendar for 1881, I publish numerous cases of cures by Brandreth's Pills, some of them so remarkable as to be little short of miraculous: But Is Issued every Thursday afternoon at they are true, and the witnesses can be seen and consulted. If Brandreth's Pills were used in every family, each box would be a magazine of health and a perfect medicine chest. OBSERVE,

that Brandreth's Pills, taken on an empty stomach, create no nausea, vomiting, or griping. They do good any time, but are most effective and agreeable taken on going to bed, when lit-

By taking Brandreth's Pills, two every night, for a month, my digestion was restored, and I became perfectly regular.
