GOOD COFFEE.

Everybody wants it, but very few get it, because most people do not know how to select coffee, or it is spoiled in the roasting or making. To obviate these difficulties has been our study. Thurber's package Coffees are selected by an expert who understands the art of blending various flavors. They are roasted in the most perfect manner (it is impossible to roast well in small quantities), then put in pound packages (in the bean, not ground,) b aring our signature as a guarantee of genuineness, and each package contains the Thurber recipe for making good Coffee. We pack two kinds, Thurber's "No. 34," strong and pungent, Thurber's "No. 41," mild and rich. One or the other will suit every taste. They have the three great points, good quality, honest quantity, reasonable price. Ask your Grocer for Thurber's roasted Coffee in pound packages, "No. 34" or "No. 41." Do not be put off with any other kind-your own palate

will tell you what is best. Where persons desire it we also furnish the "Ideal" Coffee-pot, the simplest, best and cheapest coffee-pot in existence. Grocers who sell our Coffee keep them. Ask for descriptive circular. Respectfully, &c.,

H. K. & F. B. THURBER & CO., Importers, Wholesale Grocers and Coffee Roasters, New York.

P. S.-As the largest dealers in food products in the world, we consider it our interest to manufacture only pure and wholesome goods and pack them in a tidy and satisfactory manner. All goods bearing our name are guaranteed to be of superior quality, pure and wholesome, and dealers are authorized to refund the purchase price in any case where customers have cause for dissatisfaction. It is therefore to the interest of both dealers and consumers to use Thurber's brands.

ALLCOCK'S POROUS PLASTER

A Curative Host in Itself. Thirty year's experience has firmly rooted Allcock's Porous Plaster in public estimation. Their wonderful adaptability to the various symtoms of disease is a marvel to medical men of all schools. For nervous persons and lunatics, one or more applied to the spine produced sleep when opiates, even hydrate of chloral, had been of little servire. Now, when one cannot sleep, its is the common practice to apply a Plaster to the back. You scarcely touch the

effect of the Spanish fly blisters, yet make no sore, and never affect the kidneys; are conventeut for all ages and conditions, usually only producing a "blush" on the skin, and more certainly curative than liniments or blisters, and without prostration or pain of the latter. This is true even in Croup, Quinsy, Pleurisy Lung and Throat Affections, and the utility of this sanitary invention has been warmly welcomed. They are largely sold in every part of the world, and it is believed that not less than five hundred thousand persons are well, and attending to the duties of life, free from pain, who have an Allcock's Porous Plaster somewhere about them, and who, but for the said plaster, would be prostrate upon a bed of agony. Besides, a peculiar piny, pleasant odor, halo, or atmosphere exhales from them by the warmth of

They are convenient of ap plication, and safe for all, being incapable of producing any injurious effects. Dr. Valentine Mott, Dr. Johnson, of Hart-

ford, and Dr. Myers, of Savannah, have spoken of them in the highest terms. The great Mott said: "They were all that could be hoped for in a plaster—simple, clearly and adhesive; perfect as artificial supporters of the muscles; and for pains, because of their counter-irritant qualities, usually at once giving ease." Local weakness of the back, breast and side, always benefited, thus curing lumbago in a few hours, sometimes in a few minutes.
