

LOCAL.

THURSDAY, APRIL 6, 1882.

NEW TERMS.

From and after the 1st day of January, 1882, the subscription price of the Watchman will be as follows: One year, paid in advance, \$1.50...

Theo. Buerbaum is painting his store - his stock is bright and fresh.

Read J. D. Gaskill's fresh advertisement. Also Klutz & Rendleman's and Jones, McCubbins & Co's.

Dr. G. W. Bagby, (Moses Adams) one of the editors of the Richmond State, has been in the city several days.

Dr. J. B. Davis, of Mt. Pleasant, occupied the pulpit of St. John's Lutheran church, last Sunday morning and night.

Thos. Vanderford and G. H. Shaver have opened a Livery Stable on Lee Street, between Innis and Council.

Our merchants now have their Spring and Summer goods displayed - our stores are all well kept and the new Spring goods are very attractive.

The Amateurs have been so much hindered in their rehearsals as to compel them to postpone their entertainment. Proper announcement will be made.

Mr. J. F. Ross has received an exceptionally fine stock of dress goods this Spring. He says he will speak of them next week in a new ad.

The free balloon ascension announced for Saturday did not take place. The wind was too high. The side show, in connection with it, drew, considering that the chief attraction was an Albino who played on an accordion.

The school teacher should be a man of integrity; honest in all his dealings, and of such character as to set a worthy example for the young who are to be trained in his school.

PERSONAL.—Mrs. Young and Mrs. Allison of Concord, were visiting their brother, Kerr Craige, Esq., this week.

Miss Brown has returned from Charleston, S. C., where she has been visiting friends.

Miss Witt—the editress of "Boys and Girls" of Atlanta, called yesterday. She is canvassing this part of the State in the interest of her paper, and visited business places here yesterday on that errand.

THE SUPERIOR COURT has been in session all week and will not probably finish up the business requiring attention. The docket was large to begin with, and other indictments have been found by the Grand Jury. A number of cases will result in sending men to the penitentiary.

Capt. H. P. Jones, who was stricken with paralysis in this city a few days ago, was taken to his home, Rock Hill, S. C., last Tuesday, by his father, Col. Cal. Jones. The Doctors speak favorably of his chances for recovery.

REVENUE SEIZURE.—U. S. Officers, Ed. Russell and Moses Arey captured a wagon and two men on the Gold Hill road last Monday night. They had four barrels of whiskey and six boxes of tobacco. They have given so many names that the officers cannot say who they are.

Gov. Jarvis, Senator Vance, Treasurer Worth, Gen. W. P. Roberts, Wm. Anderson, R. H. Battle, Jr., Maj. Leach, A. B. Andros, Joseph Thomas, and W. A. Lusk, went up the Western N. C. Railroad, Wednesday morning. These gentlemen comprise the Commission, and we may expect to hear from them soon. There can be no doubt of their being well pleased with the work, and the rapidity with which it is being done. They go to re-visit ten miles of new road.

ROWAN TEACHERS ASSOCIATION.—The next meeting will be held at Enochville on 3rd Saturday in April at 10 o'clock A. M.

1st Topic for discussion: Is it practicable to grade our County schools, and if so, what is the best method of doing it? Leaders, J. F. Moser and R. G. Kizer. 2nd Topic: How can a more general interest in our public schools be aroused? Leaders, S. J. Shinn and J. H. McKenzie. Special address by Rev. John Lutz. All the teachers of the County are earnestly requested to be present, as the officers for the next term will be elected, also the instructors for the Teachers Institute. R. M. DAVIS, Sec.

LAYING CORNER STONE, AND A JUG BREAKING.—St. Matthew's Lutheran church, ten miles out on the Bringle Ferry road, is to have a big day, on Tuesday after Easter. The large, handsome frame of the church has been erected by Mr. Augustus Graeber. The corner stone will be laid on Tuesday the 11th inst. On the same day there will be a jug breaking, and the prizes will be distributed. There will be several ministers present. The pastor of St. Matthew's, Rev. T. H. Stroelcker, cordially invites the public generally to be present.

Take "BLACK-DRAUGHT" and you will never be illious. At Theo. F. Klutz's.

BETTER CARE.—Persons hitching horses to racks and fences in town should take better care of loose property. We have heard of two countrymen who lost leather lines by leaving them about their wagons.

There was considerable stir on the streets Saturday. A portion of the crowd was attracted no doubt by the announcement that there was to be a balloon ascension; but the balloonist gave out the trip on account of the wind. He had intended to go up hanging to a stick at the bottom of his balloon, by his hands—a fool-hardy trick at which men often fall 800 or 1000 feet, precluding the possibility of ever again voting or serving on the jury.

George R. McNeil, Supt. of public instruction of this county and a committee of four other gentlemen, appeared before the County Commissioners with resolutions in favor of re-districting the county. The Board asked Mr. McNeil, A. W. Klutz and Col. Houck to get up a plan to be presented at next Commissioners meeting for adoption or rejection. It is believed to be for the best interest of education in this county that this be done.

ATTEMPTED ROBBERY.—There was an unsuccessful attempt at robbery in this place Sunday night. Mr. Ed. Shaver's office was broken into and an attempt made to force open his iron safe. The combination plate, the knobs and hinges were all broken off, and one single blow with an axe, or other heavy tool, delivered on the top of it. These all failed to open the door, and the thieves then brought in a board and ran under the safe for the purpose of carrying it off entire; but it proved to be too heavy for their strength. They must have been at work a considerable time. They used plenty of light (three candles), and examined every place in the office which seemed likely to contain anything valuable. The safe was left in a badly damaged if not ruined condition—the owner himself could not open it, and had to call in a safe-lock assistant.

The Raleigh News-Observer says, that the Greensboro Patriot says, that somebody else says, that Capt. Price is writing for the Examiner. This is about on a par with a lie started here, and published in the News and Observer, some weeks since, to the effect that Capt. Price and Dr. Mott were closeted together all one Saturday and the following Sunday.—Examiner.

We do not know what the Examiner means by: "this is about on a par with a lie started here, &c." unless he refers to a local which appeared in the WATCHMAN of Feb. 18th to the effect that Price and Mott were closeted Saturday and Sunday at the Boyden House. The addition of "all" belongs to the Examiner. To show what kind of a lie was started, we will state that the publication was simply reproducing a common rumor, a matter frequently spoken of in our presence on the streets of Salisbury, and commonly credited as true. An examination of the register in the Boyden House shows that Dr. Mott was here at the time mentioned, and that he occupied room "No. 2." The register also shows that "Maj. Price" was at the hotel on Sunday and that he was registered with, and dined with "No. 2." If there had been a misstatement, a word from Capt. Price would have produced the proper correction; and if Capt. Price will state now that his business on that occasion was in no way political, we will make the proper apology and acknowledge that the publication of a common rumor, backed by the hotel record, did do an injustice.

ADVERTISEMENTS.—ATLANTIC HOTEL, LITTLE ROCK, ARK., Jan. 21, 1882. To all whom it may concern: Know, that on the 10th day of November last, 1881, one W. D. Barringer came to my hotel sick. I gave him a room and nursed and took care of him until the 17th day of December, 1881, knowing all the while that he had no money. On the 17th he started for Wrightsville, the place he had formerly worked at, saying he would send me a part of it from there and that he expected money from his father on the 8th of January, when he would pay me. After he left I found a letter from his father that the said W. D. Barringer had dropped, saying he had enclosed his son "Forty-five dollars," which said W. D. Barringer had in his pocket at the time he made these statements to me, and advising his son to be cautious if he "slipped off," which I supposed the son had informed him he intended to do. I call the attention of the public to this letter, which I publish as a warning to all, as to father and son.

I refer to Hon. C. E. Hoover, Hon. O. R. Singleton, Congressmen from Mississippi; Wm. Oliver, Secretary and Treasurer of Mississippi Mills, Nassen, Miss. R. B. Lotting, Memphis, Tenn., as to who I am. J. M. HOOKER. SAULSBURY, N. C., Dec. 9, 1881. Dear son— Yours at hand and I was sorry to here you was in such a bad condition though it was no more than I expected this leaves all well and doing well your sister Amy got married the 15th of this month to Mr. Phillips I wish you could get home by that time I send you a money order for \$45.00 be careful if you try to slip that way I will close I hope to see you soon, your as every till Death J. V. BARRINGER. Mother knows nothing of this till I go home I got your letter this morning and send you the money before I leave town.

Senator Williams, of Kentucky, proposes to give Great Britain a dose of her own medicine. Restrictions, which very seriously retarded our cattle trade, have been fixed upon importations, both in England and Canada, placing our dealers at a great disadvantage in competition with the stock raisers of those countries. On the other hand, importers of Canadian cattle are driving a large trade in the United States, unnumbered by such discriminations as operate against our own traders. Senator Williams suggests a retaliatory law that will prohibit the importation of Canadian cattle until these restrictions are removed.

By the Rev. R. L. Brown, at the residence of Mr. Geo. Peeler, on the 30th of March, 1882, Mr. Jesse C. Wilhelm to Miss Rowana Thomas, both of Providence township. "WINE OF CARDUI" cures irregular, painful, or difficult menstruation. At Theo. F. Klutz's.

MINING INTELLIGENCE.

T. K. BRUNER, MANAGER. They are taking out some good sulphuret ore from the Ward mine in Davidson County.

Mr. J. A. Snyder has received a hoisting engine for the "New Discovery" mine. It will be put to work soon.

Thanks to Col. Cotton of Montgomery County, for specimens of gold ore from the "Steel" and "Wade" mines of that county. Also for specimens of rose quartz from his own place and a lot of relics of the stone age, together with some others not yet classified.

CONRAD HILL—Gold and Copper mine, Davidson Co.—At this mine they will start up the twenty stamp mill this week. They have out three or four thousand tons of free milling ore and as much copper ore. They have erected Smelters for working this copper ore and will soon put them in operation. The mine is looking well and bids fair to be one of the permanent ones of the State.

At the Winslow Gold mine near Ashboro: The new ten stamp mill has been in operation for ten days under the management of Capt. J. L. Yountz, and we learn from that gentleman that the result of this first run was eighteen ozs. (18) of gold. This mine and mill is operated at an expense not exceeding \$50 per week. The company own 125 acres of land, Mr. R. A. Meeker is the Superintendent. It is said that they have about 100 tons of ore out, ready to mill.

We are indebted to Mr. T. H. Halbert, M. E., for the following items of mining news—he has just returned from a tour of some of the mines in this section, and is pleased with what he saw.

The new assay office at the Dunn's Mountain mine is fast growing to completion. It is a model little structure, 12x24 feet, divided into three compartments. The furnace room is fitted up with a Hibbs Furnace and all necessary apparatus. Scale room, and a general office. Mr. T. F. Wallace, who has much experience to be in this department. Dutch Creek mine is again at work—owing to absence of the management during the last three weeks, a temporary delay was caused. Everything will be in working order by the last of this week, when the mill will start to work. They have a big display underground in the way of \$20 ore—and lots of it.

Montgomery County as a Pacer district bids fair to excel all counties in the Atlantic States. On a recent trip down, I saw several very fine nuggets of free gold, varying from 5 to 57 dwts. and a large amount of very coarse gold recently taken from one of the branch beds by rocker washing. This county is in the dark as yet, but the influx of capital is changing the situation very rapidly.

It is reported from good authority that the Bullion mine is to resume operations under the management of capitalists, at a very early day. It is well equipped with machinery and ought, with good management come to the front as a paying mine.

Gold Knob.

Mr. F. H. Williams, the owner of the mine is making some very fine developments on the property. During the last 10 days a force of 12 hands have been driving an open cross cut in the north west corner of the property and have cut a fine vein of sulphurets, brown ore and quartz, containing considerable free gold. This, at a depth of only 8 feet from surface—the vein has not yet been fully explored in width. The ore is very good looking stuff, and of sufficient grade to pay. The mill is working night and day—is a five stamp battery, with double apron and copper plates; buddle and rocker. Has rock breaker attached—all driven by steam. This little machinery treats about 6 tons of ore per day, averaging about \$6 per ton, of free milling ore. The prospects for this property are flattering.

Big Strike of Iron.

Chattanooga, April 3.—The Cranberry Iron company have discovered on their property in Mitchell county, N. C., two veins of the finest magnetic ore, one of 18 feet and the other 34 feet. They have tunneled through the veins in building a railroad. There is much rejoicing among iron men as it insures to Chattanooga a mineral district with an abundance of steel making ore.

North State.

The North State Mining Company is reported to have made a single contract conditional on the success of their development process for the manufacture of steel (which has been tested, with the best results on a moderate scale), by which the company will net \$500,000. They have an unlimited quantity of both hematite and magnetite iron ore to draw upon, having acquired in fee, simple or by long leases, with the right of purchase at the expiration thereof, all the best iron mines in North Carolina. In connection with their railroad privileges, the future of the company looks very bright.—Daily Stock Report, April 3rd.

MARRIED.

By the Rev. R. L. Brown, at the residence of Mr. Geo. Peeler, on the 30th of March, 1882, Mr. Jesse C. Wilhelm to Miss Rowana Thomas, both of Providence township.

"WINE OF CARDUI" cures irregular, painful, or difficult menstruation. At Theo. F. Klutz's.

KIRKS MILLS, N. C., Mar. 23rd, '82. Mr. Watchman:

This healthy section is now visited with sickness and death. The school at the Mineral Spring numbered 96. The measles got among them, and scarred them very much, reducing the attendance considerably.

Two of Mr. James F. Kirk's children died within the last two weeks. A little son of George Ingram's died on the 26th inst.

Mr. Daniel Spence died on the 26th of March. He was a highly respected citizen, and Stanly mourns the loss of one of her best men. He was in his seventy-fifth year.

There is some grumbling about the irregularity of the Watchman. Please publish this, and I will do better in my next. LITTLE JOHNNIE.

[We beg to inform little Johnnie that the irregularity exist in the mails and not in the WATCHMAN. Our paper is mailed regularly every Thursday evening.—Ed.]

Mining Advertisements.

GOLD, SILVER, AND COPPER ORES, &c. Assays made of the above ores at low charges. Apply to ASSAYER, Gold Hill Mines, N. C.

ANNUAL MEETING

North State Mining Co. The annual meeting of the stockholders of the North State Mining Company will be held at the Office of the Company in Salisbury, North Carolina, on Wednesday, March 15th, at 2 o'clock P. M.

EDWIN H. MULFORD, Secretary. SALISBURY MARCH 15th 1882.

The above meeting was adjourned to the 19th of April 1882, at the same hour and place. R. EAMES, Jr., Assis't Sec. 22:31.

A. J. RIGBY, C. E. J. G. MURPHY, M. E.

RIGBY & MURPHY, Mining and Constructing Engineers, 75 and 80 BROADWAY, NEW YORK.

Examine and report upon Mines. Make Working Plans and Specifications for the construction of gold and silver Mills, or will enter into Contracts for the erection of same. Mining Machinery and supplies purchased at lowest prices and prompt attention given to shipment. Or address JOHN RIGBY, HIGH POINT, N. C. 49:9m:pd

BUSINESS LOCALS.

WANTED.—A good milch cow. Apply to H. G. Tyson, corner Church and Innis Street. It.

Fishing tackle, Fishing hooks, Marbles, Base Balls, Croquet Sets \$1.00 to \$1.65, Corned Beef, Oatmeal, Cracked Wheat, French Prunes, Boston Baked Beans. THEO. BUERBAUM. 23:11.

History of Rowan County, BY REV. J. MUMFORD. Copies of this interesting book may be had of T. F. KLUTZ, THEO. BUERBAUM, or at the WATCHMAN Office.

MATTRESS & BROOM FACTORY!

NATIONAL HOTEL BUILDING, SALISBURY, N. C. I am now manufacturing Mattresses cheaper than ever known before. Prices, \$3.50, \$4.50, \$5.50, \$6.50, \$7.50, according to size, quality of ticking and filling. Pillows, Bolsters, Ticking for same, and Feather Beds made to order. BROOMS! Broom corn will be made up on shares, or for money. For information call at Dining Room, National Hotel, or address W. J. MERRITT & CO., (Refer to any of the business men of Salisbury.) 21:1m

FOR SALE.

All the title representatives of H. Laverly, deceased, derived under assignment of Oscar Willis and Kemp P. Willis, to the following property: Tract of land upon the Crickford, York District, South Carolina, known as "Brown's Mills." Also, several tracts in Burke Co., N. C., upon Broad River and elsewhere, comprising 12 or more entries and patents, of 640 acres each. Also, tract on Broad River, known as the "Nichols Gold Vein Mine." Address W. J. MERRITT & CO., 21:1m P. O. Box 3688, New York City.

SALISBURY MARKET.

Table with columns for Wholesale and Retail prices for various goods like Apples, Butter, Eggs, Flour, etc.

MINING PROPERTY.—Persons having mining property to sell would do well to advertise it. We propose to give room to such notices, to be kept standing under the general caption of "MINING PROPERTIES FOR SALE." The cost of such notices will be moderate.

Those having properties the value of which is not generally known, should give references to reputable persons known to be acquainted with such matters. This paper has a good circulation among mining men North, and in the State, and can be of service in the way proposed.

1882. SPRING OPENING AT BROWN'S EMPORIUM! 1882. Have Just Returned From NEW YORK, and Am Fully Prepared to Offer Better Inducements in CLOTHING, HATS, BOOTS and SHOES, THAN EVER BEFORE. STETSON'S FINE HATS. STRAW HATS, FROM FIVE CENTS UP; NEW GRAVATS, AND SUMMER UNDERWEAR. SELECT LOT OF ZEIGLER'S SHOES. Mens' Whole Stock Shoes at \$1.00. FRUNKS' TRAVELING-BAGS AND VALISES.

SPRING GOODS!

OUR STOCK IS NOW IN STORE AND WE ARE PLEASED TO SAY THE MOST COMPLETE To be found in our City. Everything selected with care and nothing bought that is not of Style. We have in business two objects in view: 1st, To Please Our Customers. 2nd, To Please Ourselves. Truly, &c., J. D. GASKILL.

MOREY & SPERRY, MANUFACTURERS OF GOLD & SILVER GRINDING & AMALGAMATING MACHINERY. HOWLAND'S PULVERIZER takes the place of the cumbersome Stamp Mill. And can be put up in one day ready for work. IT HAS BEEN FULLY PROVED & TESTED. It weighs complete 1,000 pounds. It costs \$1,000 ready for the belt. Will crush one ton per hour of hard quartz that will pass through a 40-mesh screen. The wear is less than in the stamp mill. Its wearing parts are plain castings and can be dropped into position in a few moments, as shown by letters A, B and C, no bolts or keys are required. It can be set upon the floor of a mill with no expense for foundations, and can be used to crush and work in charges or continuous. It will amalgamate either gold or silver ores, making it a simple, cheap and effective mill; it requires 15-horse power. Stamp Mills, Rock Breakers, Crushing Rolls, Amalgamating Pans and Separators for Gold and Silver Ores, Chloridizing Furnaces, Retorts, Rock Drills, Air Compressors, Steel Shoes and Dies for Stamps, and every description of Frames for Stamps; also Improved Double SINGLE CYLINDER HOISTING ENGINES, WITH OR WITHOUT BOLZERS, WIND OR MASTERS, STEEL DRUMS, &c. Specially adapted to Mining in Terras. We construct Mills with Stamps weighing from 250 to 900 lbs. for gold and silver ores. Water Dry Crushing Motors. Warehouses 9 and 14 Liberty Street, New York. 48:1y

SPRING AND SUMMER BEAUTIES! JONES, MCCUBBINS & CO. ARE NOW IN FULL RECEIPT OF THEIR SPRING STOCK. Comprising full lines of Beautiful and Superior Goods for Ladies and Gentlemen, together with a splendid assortment of staple merchandise. Selected with reference to the daily recurring wants of all—old and young—Farmers, Mechanics, Artisans, Doctors, Lawyers, Miners, &c.
