

LOCAL.

THURSDAY, OCT. 5, 1882.

NEW TERMS.

From and after the 1st day of January, 1882, the subscription price of the Watchman will be as follows: One year, paid in advance, \$1.50...

The attention of our readers is called to our new advertisements. Messrs. Gaskill, Brown, Klutz & Rendleman, Blackmer & Taylor, West. N. C. Railroad, Election Notice, W. A. Eagle, &c.

DECLINES.—QUESTION.—Mr. Wiley, will you accept the nomination tendered you by the Anti-Pro-Liberal convention on last Saturday for County Treasurer?

Mr. Theo. Baerbaum is the authorized agent for the Hamburg—American Steam Ship Company. He issued two tickets last Monday from Berlin to Salisbury, via Hamburg and New York.

Rev. Mrs. McFayden filled the pulpit of the 1st Presbyterian Church on last Sunday morning, very ably and acceptably. Rev. Mr. Isler occupied the same pulpit in the evening.

G. A. Anderson has fitted up a barber shop next door to the Mayors office.

Mr. W. Smith had purchased Mr. John A. Boyden's stock of buggies, and has rented the store room in the Boyden house, where he will keep a select stock of fine buggy work.

SCHOOL TEACHERS.—Applicants for examination to teach in public schools, will meet County Superintendent, Rothrock at the Courthouse on the second Thursday of October, at 9 o'clock, A. M.

NEW TEACHER FOR THE GRADED SCHOOL.—The school committee elected last Tuesday evening, Miss Ida Price, of Winston. She comes on the recommendation of Rev. C. H. Wiley.

INFERIOR COURT.—Justices W. R. Fraley, John A. Hedrick and John Sloan on the bench. They cleared the docket by Wednesday evening—not a very full one. The work done is very satisfactory.

The Salisbury Bar has two new brothers, Jas. H. Horal and Thos. Jones have returned from Raleigh as licensed attorneys at the Bar of North Carolina. In their examination before the Supreme Court they acquitted themselves in a manner highly creditable to their instructors and themselves.

Mr. Burg, Owen hauled a bale of cotton from Bent Ludwick's gin to the Salisbury Depot which lost 17 pounds in the transit. Ludwick claimed that his scales were correct and cotton weigher, William, knew that his was. The result of the testing proved the city cotton scales to be correct.

MISS RUMPLE AT BOSTON.—Miss Rumples was given a cursory examination in the New England Conservatory of music and placed in the fourth grade—next to the highest grade. Her first recitation in that grade resulted in her promotion to the highest grade in the institution. This is very complimentary to Miss Rumples and will be gratifying news to her many friends in this State.

Munk Rendleman, colored, stole a quilt and wanted a lawyer to defend him in the inferior court. Stepping up to a young lawyer he said: "Say, lucky hear loss, if I can't get nobody else, will you abstract de course ob justice fair in me dis case?" "Certainly sir, I guess so—if you have any money."

THE SALISBURY RIFLES propose to call a meeting to determine whether or not they will accept the invitation to go into the Nashville, Tenn., competitive drill, which comes off next May. The prizes are large enough to induce the best companies all over the country to attend.

"The Rifles are called to meet at their Armory, this evening, at 7 o'clock—by order of Thed. Parker, Captain."

CLUB.

The greater portion of the active, working Democrats of Salisbury township assembled in the Opera House, for the purpose of forming a Democratic Club on Monday evening last. Temporary organization was effected by calling E. B. Neave to the chair, and J. W. Rumples to the secretarial table.

Report was unanimously accepted as a whole, and committee discharged. Committee on invitation were instructed to invite Hon. A. M. Waddell to address the club on Friday night of this week. Friday evening meeting will be an important one to the Club, and all good democrats are earnestly urged to attend.

Capt. Willie Wiley and E. M. Keith left last Monday evening for New York to join the Barque Rialto; which is chartered from New York to Bridgetown, Barbadoes Island. Capt. Wiley's vessel will sail Friday morning. We wish the young men a safe trip.

Miss Reynolds has gone to Nashville, Tenn., to join the Normal. The Peabody fund supports 12 scholarships from this State, and Miss Reynolds has received the appointment for one of them. This explains her resignation as teacher in the Salisbury Graded School.

The Salisbury street force is again walking slowly over the town. They are hardly pretending to work—at least people who have been watching them say they do nothing. The town would make money by either discontinuing the force, or by seeing that they really do work worth to the town the amount paid them from the treasury.

THE SEAR AND YELLOW LEAF.—The Fall season is upon us, though up to this time we have had no frost. The brown and falling leaves admonish us, however, that Summer is past and gone, and that now is the time to prepare for wintery weather. We have noticed that those who cultivate flowers and exotic plants have been diligently employed for some days in potting and preparing for the Conservatory such as require protection during the winter. Up to last Saturday our fellow townsman, Mr. Luke Blackmer, who is perhaps the most extensive grower of flowers, had potted 636 plants and made them ready for winter. His near neighbor, Mr. Wm. Murdoch, was similarly employed, having also a roomy department for this purpose.

We have one, if not two, republican candidates in the field in this county, who have done themselves the injustice of coming before the people in a false position. DR. RAMSAY, personally highly esteemed by a large part of the good people of Rowan, has the nomination of the "liberals" as a candidate for the Senate. He has no backing in that miserable sham, and his identification with the "liberals" loses him the sympathy of the straight-out republicans. He can receive no support from Democrats, for he is certainly not in sympathy with them, on the contrary his speech on Saturday last was considered more offensive to them than even that of the man Everett.

Mr. Bingham's prospect has not been improved by his new departure. His personal friends, however much they would like to vote for him, cannot do it under the circumstances. He will be the "left-out-of-sight" nag in the race.

The Anti-Pro-Liberal Convention.

Last Saturday was the day. A fair crowd was present and heard Dr. J. G. Ramsay, a republican, address the convention in a long speech. Then the brag, George Everett, Int. Rev. Collector of the 5th dist., another oily-tongued wide-mouthed-died-in-the-wed-radical made a speech—to the liberals, understand. Among other things he electrified his audience by saying not to the republicans, but to the Liberal Democrats and colored people present: "I want to see the day come when every jury box in North Carolina will hold six colored men and six white,"—applause. Pretty lively liberal doctrine. After the speaking was over, the great majority of the crowd left. The few remaining, organized, appointed a committee of one from each Township to bring in nominations. In a very few moments the following ticket was handed in:

For the Senate—Dr. J. G. Ramsay. For the house—G. A. Bingham. For Sheriff—W. Luckey. For Treasurer—S. H. Wiley. For Register Deeds—A. Murphy. For Clerk—John A. Boyden. For Coroner—H. G. Miller. For Surveyor—Aaron Miller.

The whole ticket was accepted. It may have been overlooked in this Anti-Prohibition meeting that Mr. Wiley was a prohibitionist, and that Dr. Ramsay is a genuine republican. But the whole affair was a farce, and it will be shown up on the stump to be. Mr. Theo. F. Klutz, the Democratic nominee for the Senate, has met Dr. Ramsay frequently—they were electors during the last Presidential campaign—Mr. Klutz on the Hancock, and Dr. Ramsay on the Garfield ticket. They are not strangers—Mr. Klutz is more than his equal, and will poll a large majority over him in November. Mr. Leo S. Overman the regular Democratic nominee for the lower house will meet Mr. Bingham, and let him know what a lively canvass means. Mr. Bingham has been before the people of Rowan twice before, for the office of sheriff, and neither time did his vote exceed 800. It will be much less in November. The others hardly need mention—they will be badly left.

The Cincinnati Times-Star, a Republican journal of some eminence in the North West, in speaking of the recent Lancaster-riot, puts it about correctly when it says, "If Col. Cash had been duly hanged for murdering a man in a duel, that bloody political riot in South Carolina, Wednesday, would probably have never occurred."

MINING INTELLIGENCE.

T. K. BRUNER, MANAGER.

Dr. H. R. Rogers, Supt. of Beaverdam Gold mine, was in the city Monday and Tuesday.

Mr. J. W. Harris owner of the Harris Iron mine, Davie County, has brought to our cabinet a lot of amethystine crystals.

LAYTON MINE.—This property, near Thomasville has been undergoing careful prospecting during this summer, and it is reported that they have struck some good ore. Mr. Malliford the Supt., intends putting up furnaces, known as the Malliford furnaces, for the purpose of smelting their ores.

The attention of the miner is called to an article on the 1st page, relative to a new process recently discovered in Georgia, by which sulphuretted ores may be treated successfully. If the process really does what the inventor claims, mining in the South will take a fresh start, and millions will be saved which now float down the tail race.

GOLD KNOB.—Mr. Frank Williams has sent in some specimens of exceedingly rich free milling ore from Gold Knob. This is one of the largest and most valuable properties in Rowan County, and when properly developed and worked must yield good returns. Mr. Williams has spent most of the summer in prospecting and the rich specimens sent are the result of recent findings. Hope to be able to report whole amount of work and developments soon.

The mineral and wood exhibit displayed by the Richmond Danville Railroad at Boston from North Carolina, is exciting much interest, especially in the Northern Press. Our people do not seem to appreciate the value of collecting and placing on exhibition, either in cabinets or other places, their valuable property—wood or mineral. There is no better way of inducing capital.

Carolina Queen.

The Carolina Queen Placer Mining Company, of Burke county, have declared their third regularly monthly dividend of one per cent on the par value of the stock.

They own nearly a thousand acres of land and find that they cannot, during the present generation, work anything like all their property, so they have determined to sell a portion of the auriferous lands, and have set aside for this purpose 100 acres, adjoining their present workings. A syndicate is about to be formed to develop this property under the name of THE LITTLE PRINCESS MINING CO. Boston and Lynn Capitalists are working these properties.

SALISBURY MARKET.

Table with columns for Wholesale and Retail prices for various goods like Apples, Bacon, Butter, Beef, Coffee, Corn, Flour, Lard, Pork, Potatoes, and Wheat.
