Such are the men the Democratic party offer for your suffrages.

MUCH IN LITTLE.

A Contrast.

For the support of the State government the people of North Carolina pay a tax of about 35 cents a head. For the support of town, county and State administrations, all they pay but little more than one dollar a head, and they know that they get the worth of their money. The cost of the United States government this year is \$401,000,000—a sum so big that one can only get an idea of it by reflecting that it is four times the value of all the land in North Carolina; that if in silver dollars there would be enough to lay five rows of them around the whole State, and if in paper dollars, enough to cover its entire surface; that it is \$8 taken from the comforts or necessities of every man, woman and child, white and black, in the United States. North Carolina's share of this tax is, at \$8 a head, about twelve millions of dollars.

The Home governments dispense justice, support the public charities, make the public improvements, educate our children, protect us in our labor by day and while we sleep by night; in short, do for us all that men institute governments to do, and it costs us one dollar a head. The United States government collects from us eight dollars a head, twelve million dollars, and comes in direct contact with us in our interests only in the ugly shape of an Internal Revenue Collector, or the uglier form of an Internal Revenue Raider. To no man, woman or child, white or black in North Carolina is there ordinarily any direct return for this enormous taxation, save only to the Federal official, the tax collector or the raider.

The Home governments take the small sums required for their beneficent administration by direct taxes, taxing each man according to the value of his property, imposing the public burden in exact proportion to the share which each individual receives of public protection. The enormous taxes collected by the United States government are indirect, are paid by consumers. Hence, each individual pays, not according to the benefit which he consumes in living or in making a living. The millionaire, if he consumes no more than the day laborer, will pay no larger share of the public burden.

Yet, as men doubtless feel direct taxes more sensibly, that is to say, know when they pay them and how much they pay, the radicals would persuade them that the dollar paid for the government that protects them is a burden, and the eight dollars paid to the Federal officials a blessing. The radicals say so—that is to say, the Federal officials, the Internal Revenue tax collectors, and the Internal Revenue Raiders say so. Exactly!

The Home Governments are in the hands of "Bourbon" Democrats. The Washington Government is in the hands of radicals. It is a characteristic of "Bourbon" Democrats to insist on economy with efficiency in the administration of the government, and the "Bourbon" makes no distinction, in his own mind, between the person who wastes public money and the

person who robs a bank or breaks into a barn. In old fashioned honesty and fidelity to public trusts, the "Bourbon" has nothing to forget and nothing to learn. And when in each House of Congress there is a good working "Bourbon" majority, Federal expenses will be reduced, Federal taxation lightened, and the Federal government as beneficent as our home government.

Let North Carolina see to it that her full duty is done towards securing that majority.

Again we have alarming reports of projected negro insurrections in Alabama. The people are under high excitement and guards are thrown out to protect the white citizens from sudden surprise. Evidently there is some feudish poison at the bottom of these disturbances. John Brown was sent to Harper's Ferry to open the campaign for the abolition of slavery, and who knows but there is some one in Alabama doing the devil's work for political purposes. Surely the negroes have sense enough to see that they will gain nothing by bringing on strife with the white people. Under the oppression of any gross outrage they might not stop to consider the consequences, but we apprehend they have no such excuse. It is more likely the work of political enemies in the interest of the monopolist and the party in power, whose tender mercies either for the negro or the white Southerner would not stand a moment on a question involving their political success or failure.

Gov. JARVIS addressed an audience of two or three hundred people in Opera Hall last night. The people were very attentive, and the pointed, clear, and convincing speech of the Governor did good beyond question. He talked to us as if he thought Rowan was just about to be swallowed up by Chas. Price and the "Liberals." He reasoned with us in a most fatherly manner, saying, "don't do it." Heaven bless the good Governor, but he was never worse mistaken in his life. Rowan is not going to be gulped down by the "Liberals"—not a bit of it. There is too much Democratic vitality in the old county for that. The Governor will see how it is in a few days.

The colored voters of Rhode Island and Connecticut are remonstrating against their treatment by the Republicans, who, like the radicals of North Carolina, are pleased to use them as stepping stones to office, and after that have no use for them. The colored men of Rhode Island have resolved that they will support the men and party which show the best concern for them. If the negroes of North Carolina were to do this, every one of them would vote the Democratic ticket.

W. H. BAILEY, Esq., Democratic candidate for the House at Mecklenburg, was assaulted by a revenue officer in Charlotte, on the 20th, and badly cut on the head and face by brass knuckles, or some such weapon. Mr. Bailey had been denouncing the revenue ring for attempting to corrupt the election by the use of bribe money. The revenue men will find out, sooner or later, that the people will not submit to their rule.

J. M. Leach, it is said, has put himself on his good behavior in his speeches of late. So much for the rasping he got from the press on his ranting. The fact is, he thought at the first that he was going to drive the whole State before him into the Republican party, pell mell; but now he sees that the people don't drive worth a cent.

Charlotte Observer: In six years of Radical rule in South Carolina the amount paid out in salaries was \$1,243,300, as against \$117,000 paid out by the Democrats in a like period. The total cost of six years of Radical rule amounted to \$10,514,000, as against \$3,000,000 during six years of Democratic control—a saving of \$7,514,001 by the Democrats in six years.

Almost every paper we open is asking the question—"Does the Liberal dog wag the Republican tail?" The 7th of November will show that the "Liberal dog" made nothing by the wag; but on the contrary that he has made himself an exception of the owner of that tail.

BURNT AND BEATING.—Whatever the result may be, one fact of great value is very apparent, and that is, that the Democrats are bright and beaming, and eager for the battle. "You can see" determination in every eye.

Who are authors of the present prosperous condition of public affairs in North Carolina? We all know it is not the work of the radical party. If the radicals ever did anything for the good of the people will some one please name it.

Father Against Son, and Vice Versa.

The Charlotte Observer gives us the following, which goes to show how warm the campaign is becoming: "Mr. W. H. Bailey went out to Hilton's Shop yesterday (23d) to meet Gen. Leach, who had an appointment to speak there. Mr. B. made the opening speech and talked half an hour. Gen. Leach followed and spoke two hours. After Leach, Mr. John Bailey made a speech against his father and in favor of the Liberal party."

And again, at Company Shops, on the 24th, where there was a big speaking, Gen. Leach's son replied to his father's speech. Says the Observer: "Gen. Leach told this in the Central yesterday and said that James Madison, Jr., claims that he can clean out James Madison, Sr. The speaking is to be opened by Beck Jones, of Raleigh, and Gen. Leach is to be sandwiched between Beck and young Leach. Quite likely they will make him feel uncomfortable."

BEN. BUTLER

is not a favorite of ours. He is the man that was accused of plundering the people of New Orleans during the war—of stealing their silver spoons, &c. He has been acting with the Republican party since then, and has never, until recently, said or done much that favored the South. He is now a candidate for Governor of Massachusetts, and is fighting against the radicals. You will find below that he is exposing Radical rascality in a way which reflects creditably on us of this part of the Union:

Now let us see how it is done. Why cannot the people get a chance at these? Because they will not permit the people to vote. How many men over 21 years old do you suppose there are in Massachusetts this day and hour? The census of 1880 in the United States shows 502,000 over a half million. The rate of increase up to-day will bring it up to 820,000. Strike out then, the illiterate, as they are called, those who cannot read and write; strike out the unacculturated and the pauper, and say that every other man has an ought to have the right to vote, and this only brings the number down to about 495,000. There are 495,000 men who ought to be voters in this State, and yet we have never cast over 292,259 votes and that we did at the election in which Hancock and Garfield contended. Over 40 per cent. of the eligible voters, white and above—are practically disfranchised. They make a great hullabaloo, and I do not object to that, because in South Carolina the negro is prevented from voting. That is true by reason of law, intimidation and various things, and yet 75 per cent. of the male negroes in South Carolina vote. Take out all the insane, the paupers, the unacculturated, and it would bring the number down to somewhere about 95,000. Ninety-five thousand men would, if the laws were right, have their names on the check-list, and yet, when the election of Booth was published on the 15th of September, there were but 47,000 names on it, and every poor man who was left off would have to spend from two to five days getting his name on, getting his taxes paid, &c., and all this is a great tax upon him. It is four or five days out of his life, and by this means of repression the people of Massachusetts, and all experience shows that you cannot vote, and you cannot change them if you wanted to. If you allow this thing to go much further here the working men and the laboring men of the State will say, "We have no part in your laws; we have no part in your government; we are not represented, and we will as a last resort, citizens of Worcester, if some 1200 of you are left unrepresented as was done this year on May the 1st. You did not find it out, therefore there cannot be a change. All manner of stumbling blocks are put in your way, and if the Republicans can carry the next election in this State they will matter as if you cannot vote, and you cannot change them if you wanted to.
