

Carolina Watchman.

THURSDAY, FEBRUARY 15, 1883.

It was raining along the Ohio yesterday and a further rise in the river was feared.

There were not so many failures last week as the week before by 30.

Mr. Best and the stockholders of the Midland Railroad have got into a snarl. It is nothing new for Mr. Best to be seen to flourish best in a tangle.

A new textile plant has come to light in Mexico which is described as rivaling silk. It is easily worked, and fabrics made of it are durable, and may be colored as desired.

SIMONTON FEMALE COLLEGE. together with lots attached to it, sold at public sale last week, and was bid off at \$9,947.00. C. L. Summers, Esq., afterwards obtained the property at the round sum of \$10,000.

The Charlotte Observer of this morning says a telegram was received in that city yesterday, announcing that Litaiker, the man who shot Robt. Harris, a few years ago, has been arrested in Idaho, and is in prison awaiting the requisition of Gov. Jarvis.

MURDER AT BIG LICK.—The Stanley Observer of the 8th, reports the killing of Charlie Cox, a student at that place, just after dark on Saturday before. It was not known who fired the fatal shot nor what motive prompted it. The young man died in about two hours.

We have received the first No. of the Fayetteville Observer, revived by E. J. Hale, Jr. It comes out with its ancient lead type, and in other respects looking very much the same. It will no doubt receive a hearty greeting by many of its old patrons, who held it in very high esteem.

LeRoy Davidson, of Charlotte, for some years passed a wholesale and retail grocer of that city, made an assignment to his father, a few days ago, of all his property to secure a debt of \$19,000. His assets are approximately valued at \$22,000.

Will the present Congress repeal or change the present internal revenue system? They will not touch it. Will they contrive any relief for the masses by their present pretended revision of the tariff on importations? From present appearances they will do nothing of the kind, but rather augment the burden.

A mob broke into a jail at Peola, Kansas, Feb. 10, to get possession of a negro prisoner. The jail was a tough job and required much hard work and time to get through it. Meanwhile the negro cut his own throat and was dead when reached; but nevertheless the mob hung his dead carcass to a tree.

The Burke Blade felicitates itself on the prospects of the County, thus: We have the Western North Carolina Insane Asylum to supply with provisions which our farmers can produce.—The Piedmont Springs have been purchased by a rich Kentucky company who are going to invest largely in its improvement, which will attract scores of visitors who must be accommodated.—The culture of tobacco has proved a success, etc.

THE LOCKE BRIDGE.—The Salisbury correspondent of the Charlotte Journal advocates the rebuilding of Locke's bridge across the Yadkin in a paragraph full of practical good sense, and proposes a public meeting of citizens to be held at the Court-house in Salisbury to-morrow evening (Friday) at 4 o'clock, to consider the subject. It is one of great interest to all our business men, and eminently worthy of serious attention.

A FRIGHTFUL FLOOD is prevailing in the Ohio and the tributaries above Cincinnati, inundating large portions of the towns and cities along the banks. Both the freight and passenger depots of the Southern and Cincinnati Railroad, located in the western part of the city, were undermined and fell into the water, 30 to 50 feet deep, on Tuesday, carrying with them a large number of people, mostly persons drawn thither to look at the flood. In the eastern part of the city a dam broke, by which 60 feet of water was let in on 20 blocks of dwellings. The scene was frightful, and some lives were lost.

THE LUTHERAN CHURCH IN LINCOLNTON.—The Rev. G. D. Bernheim, who is traveling in the interest of the Charlotte Observer, writes to that paper from Lincolnton on the 6th instant, as follows: The various religious denominations are pretty well represented here; but what would you think of an unoccupied Lutheran church, having three and a half acres of land almost in the center of the town, which has been standing vacant for over half a century, and in its graveyard lie the remains of Rev. Mr. Arendt, who came to North Carolina with Rev. Adolphus Nussman as a missionary from Germany before the Revolutionary war? It is high time that somebody should be waking up in regard to that matter. G. D. B.

The Petersburg Index Appeal is of the opinion that Messrs. Beck, Vest and Vance in the Senate have done more than any three Congressmen to expose the iniquities of certain tariff legislation proposed by Republican Senators, and to secure modification of the rates on extension of the free list. They are equally able Democrats in the House and are determined that, so far as the minority can accomplish it, the tariff bill to be made a law shall be beneficial to the many instead of to the few. And this is genuine statesmanship.

Cousin Sally Dillard.

The Wilmington Star has shown, perhaps, beyond reasonable doubt, that while this popular story was first written out and published by the late Hon. H. C. Jones, it was an old story in Virginia, and we will add, may have been in North Carolina also, at a much earlier date than that of its first publication. It is not quite certain that the question of where the notable court scene occurred, whether in North Carolina or Virginia, is clearly settled. It is true Mr. Atkinson says he "heard" it in Virginia between 1812 and 1818, and that "it was long afterwards before it was known in North Carolina." Long afterwards before it was published in this State, is undoubtedly correct; but we suppose if Mr. Atkinson were now living he would not undertake to say that a popular story like this was unknown to many of the lawyers within forty or fifty miles of where he first heard it, in the bordering counties along the line of his State. Nor does Mr. Gregory settle this question, for neither he nor Mr. Pegram, who told him of it, mentions the courthouse where the scene occurred, or whether it was in Virginia or North Carolina. There is no positive evidence on this point—no such evidence as would stand in a court of justice—though we admit a shadowy inference from the testimony of the gentlemen so handsomely, and doubtless so justly, eulogized by the Star, that it occurred in Virginia. And yet this conclusion can only be reached by a slight reflection on the author of the story for accrediting it to a North Carolina court without knowing it to be just. This can only be accounted for on the supposition that Mr. Jones did not know it was "Virginia origin"—did not know where the scene actually did take place; or regarded that point as immaterial and of no consequence. Either this, or he did know that it occurred in a North Carolina court, and accredited it accordingly. And it must be admitted that gentlemen in Virginia are not less liable to be mistaken than was the author, who was risking his reputation for accuracy when he wrote at the head of the story "Scene in a North Carolina Court."

It should be mentioned that Mr. Jones was a native of Rockingham County, and like the gentlemen named by the Star, lived along, or near, the dividing line between the States. The probabilities as to the location of the court scene cannot, with the present lights before us, be very strongly claimed by either one or the other of them, nor is it abstractly material except as a matter of history. It is enough that Mr. Jones is admitted to be the true author of the story as published to the world for the last 60 years, whether he depicted what he actually witnessed, or formulated an old story floating around the country. It was not necessary in his lifetime that he should "claim" what everybody conceded him; but "honor bright" would have led to a denial if he were not entitled to it.

A New Method of Cultivating Cotton.

The improvements made in the past few years in machinery for cleaning and ginning, baling, spinning and weaving cotton are fast driving the older and slower methods out of use. The old way of cultivating cotton, or "making it," as we say, has remained almost unchanged until the past few seasons. Many planters have long felt the need of some implement that would work ten or twenty acres of cotton per day at less cost than to hire ten or twenty hands to do it. The Thomas Harrow, manufactured at Geneva, N. Y., and used generally in this State for preparing lands and putting in small grain and harrowing broadcast over corn and oats in the spring, has been found to work just as successfully when used to run over young cotton, and our largest planters claim they can save the cost and labor of two hand-hoings and two plowings by its use in cotton, which is no small item in the expense of making the crop. The saving is fully 2 cents per pound.

Legislature.

SENATE.—Feb. 6. Bill allowing constables the same fees as sheriffs, passed its final reading. Bill making it a crime in all parties concerned, to conceal the birth of a child. Passed final reading. Bill to abolish the office of county treasurer failed to pass its second reading. Bill requiring Superior Court clerks to be in their offices on the 1st and 3d Mondays in each month, caused much discussion and was voted down. Bill making killing of live stock indictable, tabled. Among the business transacted was the following: Bill to pay jurors in cash, passed. To exempt from taxation \$100 worth of farming and mechanical tools, tabled. Bill to establish twelve judicial districts, was made special order for 14th inst. Bill amending act creating the Department of Agriculture, made special order for Friday. Bill to increase justices of the peace by two in each township, was argued at great length. Philadelphia Press: Jas. O. Blaine will make a trip through some of the Southern States in the spring unless the 20th managers can get out an injunction to restrain him from tramping out their fences.

DOCKERY vs. BENNETT.

Col. O. H. Dockery's Notice of Contest, and Hon. R. T. Bennett's Answer. Verbatim Copies.

ANON. TIMES. CONTESTANT'S NOTICE.

MANGUM, N. C., Jan. 9th, 1883. Hon. R. T. Bennett, Wadesboro, N. C.

SIR: I desire to give you notice that I shall contest your seat as a member of the Congress beginning on the 4th of March, 1883.

The grounds of my contest are as follows, to wit:

1st. That in several counties of the State there was fraud in the registration of voters.

2nd. That ballots given for O. H. Dockery were fraudulently counted for R. T. Bennett.

3rd. That money was used to bribe and corrupt voters in the interest of R. T. Bennett.

4th. That the Poll Holders and Supervisors were assaulted and driven from the polls.

5th. That men were allowed to vote in Counties not their legal residence.

6th. That legally qualified voters were prevented and obstructed from voting for O. H. Dockery in the interest of R. T. Bennett.

7th. That ballots, by design or otherwise, deposited for O. H. Dockery in different boxes were thrown out in violation of the United States Statute on Elections.

8th. That in localities the ballot boxes were secreted until a convenient and agreeable hour for counting the votes was determined on.

9th. That the boxes were reopened after sundown in violation of law.

I will give you notice according to law of the time and place where this evidence will be taken, and the names of witnesses relied on to prove the above grounds of contest.

Very Respectfully, O. H. DOCKERY.

CONTESTEE'S REPLY.

STATE OF NORTH CAROLINA, ANSON COUNTY, Oliver H. Dockery, Contestant.

Risden T. Bennett, Contestee.

Answer of Contestee to notice. Protesting against the allegations in said notice, I object and say that said notice is so insufficient and defective that I need not deny or admit the allegation thereof for the reasons, to wit: Said notice does not specify particularly the grounds upon which you rely, and gives no reason for failing to do so.

The allegations are only conclusions of law and general averments of wrong doing in some undefined portions of the State by unnamed election officials of precincts not specified in unnamed counties or by persons not named or described, and in places and by means not specified and in violation of laws and the rights of others not designated.

Your allegations are so vague and uncertain that I am not informed as to the persons or officials whom you accuse of crimes nor where committed, nor do you aver that such wrong doing were not investigated by you or that they were known to or acquiesced in by me or that the result of the election was changed by reason of the matters set forth. Without waiting any objection to the manifold vital defects of said notice but reserving all benefit and advantage thereof, I deny each and every ground of contest set forth in said notice, and deny each and every allegation therein contained, and aver that throughout the State of North Carolina a free and fair election was held in all respects, except as I am informed and believe and charge that at Laurel Hill precinct, in Richmond County, the persons who acted as Inspectors of election and Poll Holders were not sworn until two o'clock P. M. of the day of election, having acted until that hour without being sworn. That at Wolf Pit precinct in said county persons who were not qualified voters did vote for you at said election to the number of twenty-five or more. That at Little's Mills precinct or voting place divers colored persons who wished to vote for me for member of Congress were prevented from doing so, their tickets taken from their hands by your friends, and that at said last named precinct persons in your advocacy offered money to voters who were there to vote for me for Congress. Threats of personal violence and other means of intimidation were used and employed by white and colored persons in your advocacy against other colored persons in Anson County, whereby I received less than 1 otherwise would, and such voters by the means aforesaid were induced against their wishes not to vote at all or to vote for you, and thereby the majority that I should have received at said election was reduced. That in Halifax Township or voting place in Halifax County the polls were not opened until the sun was two hours high. That the registrar for the township in which Orton plantation in Brunswick County is situated registered fifteen or twenty colored persons on said plantation after sundown, and in the absence of the greater number of them, and all of the persons so unlawfully registered voted for you and thereby reduced the majority I should have received. That in St. Johns precinct, Hertford County, two hundred and eighty votes were cast for me for Congress, and so returned by the Inspectors and poll-holders of the precinct election, whereas only eighty of the said votes were counted for me by the Board of County Canvassers. At Swift Creek in Craven County, I received one hundred and forty-eight (148) majority of the votes cast, but the person who was entrusted with the delivery of the returns from that precinct to the Board of County Canvassers failed to deliver said returns in time to be counted by the Board of County Canvassers. At No. 7 Darham School House precinct in Cleveland County I received fifty votes in addition to the actual number allowed me by the Board of County Canvassers, the same being omitted in the declaration of the result by the Board of County Canvassers by an error of addition; that is, your vote was 29 instead of 79. I claim that all these votes should be counted for me, and that my majority in the State should be eight hundred and fifty-one instead of the number found by the Board of State Canvassers, and I will offer proof in support of this contention. I charge and aver that you have made the wholesale charges of all kinds of crimes and irregularities contained in your said notice without specification of persons or places not because you had reason to believe that any one of them had been committed to your injury, but with the deliberate purpose to evade the limitations of the Statute and to speculate upon my future discoveries of evidence, and so you have made unlawful, vexatious and fraudulent use of the notice and process authorized by the Statute, and the same should be quashed and dismissed.

RISDEN T. BENNETT, Wadesboro, N. C.

WITHDRAWN.—Since the above letters were made public, Gen. Dockery has discovered that the requirements of his neglected farm and other private interests, demand his presence at home. And considerations of this kind, together with the fact that the House of the next Congress will be largely democratic, he feels constrained to relinquish the contest with Judge Bennett, who he still believes was elected by fraud and intimidation. His letter backing down is dated at Mangum, Feb. 7th, and was designed to cover his retreat.

THE Washington correspondent of the New York Sun says: "Gen. Grant, Gen. Sherman, Don Cameron, Gen. Beale, Senator Jones of Nevada, and Senator Wade Hampton have made up their minds that Gen. Jos. E. Johnston sir to be the next District Commissioner." The four first-named waited on the President in regard to it, and the prospect seems to be that the President will send in his name to the Senate, the appointment to take effect after the 4th of March—which will obviate the difficulty at first suggested that Gen. Johnston had not been a resident of the District quite two years. The correspondent says that one of the quaintest friendships in Washington is that between Gen. Sherman and Johnston, and quotes the former as saying: "And when I was pursuing Joe Johnston sir, through Georgia, by his own sir, he made me pursue him on his own tactics, sir."

BRANDRETH'S PILLS.

They are a vegetable tonic purgative, absolutely harmless under all circumstances. They never injure the weakest female or the youngest child. One box is a medicine chest essential for a whole family. Suppose you have diarrhoea; nature is making a great effort to get rid of some irritating matter in the stomach or bowels. A dose of Brandreth's Pills removes the matter and the disease is cured. In costiveness one good dose of Brandreth's Pills, followed by one pill every night for a week or two, make the human machinery run as regular as clock work. In bad colic, where the pores of the skin are closed and the insensible perspiration thrown upon the blood, poisoning the fountain of life and filling the nose, throat and lungs with choking mucus; seven Brandreth's Pills taken at night on an empty stomach, will restore the perspiration, break up the cold and purge away all the watery secretions that should have passed off by the skin. Diphtheria, a family disease and a most dangerous one, is almost immediately cured by one or two doses of Brandreth's Pills, aided by a gargle of lime water. Rheumatism, which comes from too much acidity or too much alkalinity of the system, requires nothing but Brandreth's Pills and a few good sweats to make a perfect cure.

It is marvelous how they purify the blood. After two doses, the effect is seen in brightness of the eyes and clearness of the skin. All pimples and eruptions vanish like magic under the influence of this purifying purgative. We cannot stop the march of time with any medicine; but Brandreth's Pills will remove the excessive lime from the system and prevent grey hair. They improve the sight and tone up the human body, so that the old man's eyes will be undimmed and his natural force unabated even after seventy years.

Best in the World.

Brandreth's Pills have stood the test of forty-five years of use by the American people. They are entirely Vegetable. They are absolutely universal, for there is no disease they will not cure, if taken in time. They are safe for infants and adults. They aim to accomplish three things: first, to purify the blood; second, to cleanse and regulate the stomach and bowels; third, to stimulate the kidneys and liver and purge away the ashes of the system and diseased matters of the body. By purging with these Pills constantly, a new body can be built up from fresh, healthy food in a few months. In this way, gout and rheumatism, ulcers and fever sores can be eradicated in a few weeks. The worst cases of dyspepsia and costiveness can be cured by taking one or two pills every night for a month. In cases of twenty years' standing, gentlemen have been cured by taking one pill a night for a year. Brandreth's Pills give to the human body, no matter how worn or decayed, the recuperative powers of youth. In their action, they imitate the rapid changes of the youthful body. We all wish to die of old age. A hundred years is the natural limit of life, which can only be reached by purging and purification.

In general debility, nervous tremor, and mental depression Brandreth's Pills have a marvelous effect. They have won the confidence of millions in all parts of the civilized world. Constitutions shaken by long residence in unwholesome climates, or by sedentary habits, are wonderfully renovated by a course of this extraordinary medicine, which, powerful as it is in its action on the whole system, is perfectly harmless to the tenderest frame. The Pills are composed of rare balsams, without the admixture of a grain of any mineral matter, or of any other deleterious substance. They operate directly, powerfully, and beneficially upon the whole mass of blood; nor can we question the fact that we see in indigestion, liver costiveness, the oppressed lungs brought into healthful play, and every physical function renewed and strengthened by their agency.

Letter from a Gentleman Ninety Years Old.—Long Life from Use of Brandreth's Pills.

PRAIRIE DU CHIEN, Wis., Feb. 11, 1882. I am in the ninetieth year of my earthly pilgrimage, and before passing to another, and I trust, a better world, I wish to bear testimony to the great virtues of Brandreth's Pills as a household remedy. They are the best blood purifiers and cleansers of the stomach and bowels in the world. I have raised a family of 10 children, been blessed with three wives, and my family experience reaches over seventy years. For forty-five years I have known and believed in Brandreth's Pills. They have cured me of indigestion, costiveness, dyspepsia, and the females of my family have found them invaluable at all times. I also wish to say that I have found ALLOCOCK'S PLEASANT PLEASANT very useful in breast pains, backache and weak muscles.

ALFRED BRUNSON, A. M., D. D.

CURE OF NEURALGIA. Taken as a "Forlorn Hope." Brandreth's Pills Effect a Magical Cure.—Small-Pox Cured.

Schenck Ave., East New York, April 12, 1880. Most cordially give my testimony as to the great value of Brandreth's Pills, verified by eighteen years' experience in my mother's (the late Mrs. Dr. Geo. M. Brown) family and my own. They were at first taken as a "forlorn hope" for the cure of a very severe case of Neuralgia of several years' standing, the patient being completely prostrated by disease and the excessive use of opium, taken to deaden the pain (by advice of her physician). The effects were almost magical; in one month she was able to be up and walk around freely, and the disease has never returned. My mother was also cured of an attack of Indigestion Rheumatism by the same means. About six years ago I was taken with what appeared to be a bad cold, but in a short time, symptoms of confluent Small-Pox were developed, causing much alarm. I determined to try Brandreth's Pills as a remedy, and their efficacy was soon apparent. I was well much sooner than was expected, and without receiving a single mark or trouble of any kind. It is my firm belief, judging from the severity of the case, that had I gone through the regular routine prescribed by physicians, I should have died. I know of many other instances of the value of Brandreth's Pills in disease and sickness, which I will be happy to give to any one who will apply to me.

Mrs. E. St. JOHN.

USED THIRTY YEARS. COULD NOT GET ALONG WITHOUT BRANDRETH'S PILLS IN THE HOUSE.

84 Morton Street, New York City, Mar. 1, 1880. I have used Brandreth's Pills for over thirty years. I am a great sufferer from Rheumatism. Whenever I feel it take one or two doses, which give me immediate relief. I also take them for costiveness, with which I am also troubled, and they always give me relief. I could not get along without your pills in my house. CHAS. F. HERNBERG.
