A Woman's Wit.—A woman's advice is generally worth having; so, if you are in trouble tell your mother, or your wife, or your sister, all about it. He assured that light will flash upon your darkness. Women are too commonly judged verdant in all but purely womanish affairs.

Indian Progress.

The report of the Board of Indian Commissioners shows a very gratifying improvement in the condition of the nation's red wards during the past few years. The efforts to civilize them and make themselves supporting seem to be crowned with success, and they are rapidly learning and practicing many of the arts of civilized life.

No state in the Union can make a better showing than these savages, and these figures would seem to prove that the despised Indians can be civilized so as to become respectable and industrious money-making citizens.

That boy pointing to his eighty-year old son, who was kissing his little female companion. "What makes you think so?" asked the mother. "Why can't you see for yourself?" was the reply: "so young, and yet so fond of the girls."

Large Land Swindles. GALVESTON, TEXAS, March 6.—A special from Austin to the News says: Investigations show that the land laws have been grossly violated by the use of fictitious names. Four surveys have been in collision with the speculators. One syndicate has taken up 320,000 acres by using fictitious names. In the same way individuals have secured from twenty to thirty sections. A bill will probably be introduced declaring the sales void.

Kitchen Knowledge.

"Never too late to learn," and here are a few things that have been learned by an old housekeeper: That if we wish to prolong our lives we should put one day between washing and ironing. That people who chew plenty of good beef and mutton pork are sensible.

That tough beefsteak may be made eatable by mincing it pretty fine with a chopping knife and cooking it quickly in a pot with a close cover, to prevent the steam from escaping. That salt pork may be nearly as nice, nearly as fresh, if soaked in sweet milk and water, equal parts.

That clabbered milk is better than water for freshening salt fish. That half a cup of vinegar in the water will make an old fowl cook nearly as quickly as a young one and does not injure the flavor in the least. That liver should be thrown into boiling water after being sliced thin and then fried in lard or drippings.

That pie crust will not be soggy if it is brushed over with the white of an egg before the fruit is put in. That a piece of cork is better than cloth for applying brick dust to cloths. Be Ready Early. A season of activity is near at hand. Spring is coming, with its pressing work. Are farmers ready for sowing and planting? Every implement should be provided beforehand, that no time may be wasted in making purchases or repairs after the work should begin.

CURE OF NEURALGIA. Taken as a "Forsaken Hope," Brandreth's Pills Effect a Magical Cure.—Small-Pox Cured. Schenck Ave., East New York, April 12, 1880. I most cordially give my testimony as to the great value of Brandreth's Pills, verified by eighteen years' experience in my mother's (the late Mrs. Dr. Geo. M. Brown) family and my own. They were first taken as a "forsaken hope," for the cure of a very severe case of Neuralgia of several years' standing, the patient being completely prostrated by disease and the excessive use of opium, taken to deaden the pain (by advice of her physician). The effects were almost magical; in one month she was able to be up and walk around freely, and the disease has never returned. My mother was also cured of an attack of Inflammatory Rheumatism by the same means. About six years ago I was taken with what appeared to be a bad cold, but in a short time, symptoms of confluent Small Pox were developed, causing me much alarm. I determined to try Brandreth's Pills as a remedy, and their efficacy was soon apparent. It was much sooner than was expected, and without receiving a single mark or trouble of any kind. It is my firm belief, judging from the severity of the case, that had I gone through the regular routine prescribed by physicians, I should have died, if not by my mother's instance of the value of Brandreth's Pills in disease and sickness, which I will be happy to give to any one who will apply to me.

They are a vegetable tonic purgative, absolutely harmless under all circumstances. They never injure the weakest female or the youngest child. One box is a medicine chest sufficient for a whole family. Suppose you have diarrhea; nature is making a great effort to get rid of some irritating matter in the stomach or bowels. A dose of Brandreth's Pills removes the matter and the disease is cured. In costiveness one good dose of Brandreth's Pills, followed by one pill every night for a week or two, make the human machinery run as regular as clock work. In bad colds, where the pores of the skin are closed and the insensible perspiration thrown upon the blood, poisoning the fountains of life and filling the nose, the throat and the lungs with choking mucus; seven Brandreth's Pills taken at night on an empty stomach, will restore the perspiration, break up the cold and purge away all the watery secretions that should have passed off by the skin. Diphtheria, a family disease and a most dangerous one, is almost immediately cured by one or two doses of Brandreth's Pills, aided by a gargle of lime water. Rheumatism, which comes from too much acidity or too much alkalinity of the system, requires nothing but Brandreth's Pills and a few good sweats to make a perfect cure.

It is marvelous how they purify the blood. After two doses, the effect is seen in brightness of the eyes and clearness of the skin. All pimples and eruptions vanish like magic under the influence of this purifying purgative. We cannot stop the march of time with any medicine; but Brandreth's Pills will remove the excessive lime from the system and prevent grey hair. They improve the sight and tone up the human body, so that the old man's eyes will be undimmed and his natural force unabated even after seventy years.

Best in the World. Brandreth's Pills have stood the test of forty-five years of use by the American people. They are entirely Vegetable. They are absolutely universal, for there is no disease they will not cure, if taken in time. They are safe for infants and adults. They aim to accomplish three things: first, to purify the blood; second, to cleanse and regulate the stomach and bowels; third, to stimulate the kidneys and liver and purge away the ashes of the system and diseased matters of the body. By purging with these Pills constantly, a new body can be built up from fresh, healthy food in a few months. In this way, gout and rheumatism, ulcers and fever sores can be eradicated in a few weeks. The worst cases of dyspepsia and costiveness can be cured by taking one or two pills every night for a month. In cases of twenty years' standing, gentlemen have been cured by taking one pill a night for a year. Brandreth's Pills give to the human body, no matter how worn or decayed, the recuperative powers of youth. In their action, they imitate the rapid changes of the youthful body. We all wish to die of old age. A hundred years is the natural limit of life, which can only be reached by purging and purification.

In general debility, nervous tremor, and mental depression Brandreth's Pills have a marvelous effect. They have won the confidence of millions in all parts of the civilized world. Constitutions shaken by long residence in unwholesome climates, or by sedentary habits, are wonderfully renovated by a course of this extraordinary medicine, which, powerful as is its action on the whole system, is perfectly harmless to the tenderest frame. The Pills are composed of rare balsams, without the admixture of a grain of any mineral matter, or of any other deleterious substance. They operate directly, powerfully, and beneficially upon the whole mass of blood; nor can we question the fact when we see indigestion cured, liver complaints arrested, the oppressed lungs brought into healthful play, and every physical function renewed and strengthened by their agency.

Letter from a Gentleman Ninety Years Old.—Long Life from Use of Brandreth's Pills. PRAIRIE DU CHIEN, Wis., Feb. 11, 1882. I am in the ninetieth year of my earthly pilgrimage, and before passing to another, and I trust, a better world, I will bear testimony to the great virtues of Brandreth's Pills as a household remedy. They are the best blood purifiers and cleansers of the stomach and bowels in the world. I have raised a family of 10 children, been blessed with three wives, and my family experience reaches over seventy years. For over forty-five years I have known and believed in Brandreth's Pills. They have cured me of indigestion, costiveness, dyspepsia and the fevers of my family have found them invaluable at all times. I also wish to say that I have found ALCOCK'S PAIN EXPELLERS very useful in breast pains, backache and weak muscles.

ALFRED BRUNSON, A. M., D. D.

THE PREACHER HAD TO LAUGH.

"Well, brethren, said a Main minister to some of his fellow evangelists, I never was guilty of laughing in the pulpit but once. Some years ago I had in my congregation an old man who universally went to sleep in Church and snored loudly through the entire service. One Sabbath morning, glancing in his direction, I saw him as usual, with his head back enjoying a nap, and right above him, in the gallery, a young man was rolling a quid of tobacco around in his mouth. As I looked, he took it out and poised it carefully over the opened mouth. With a wicked smile, he took careful aim and dropped it squarely into the old man's mouth. With a gulp-lp-lp the sleeper started up and with his face as red as a beet rushed from the house. The people no doubt were horrified, but I could not have kept from laughing if a sword had hung over my head ready to fall. The old man did not come back for several Sabbaths and when he did he changed his seat and remained wide awake."

USED THIRTY YEARS.

COULD NOT GET ALONG WITHOUT BRANDRETH'S PILLS IN THE HOUSE.

84 Morton Street, New York City, Mar. 1, 1880. I have used Brandreth's Pills for over thirty years. I am a great sufferer from Rheumatism. Whenever I feel it take one or two doses, which give me immediate relief. I value them for costiveness, with which I am also troubled, and they always give me relief. I could not get along without your pills in my house.
