School ENTERTAINMENT.-The pupils f the Falisbury Female Academy gave an exceedingly pleasant and interesting entertainment in the rooms of the Acadeon last Monday evening. The audito-

ium was tastefully decorated, and appropriate mottos adorned the walls. The exercises consisted of recitations, compositions and several short charades. At the close of the exercises the two departments of the school voted for the school mate most loved in their respective departments. Miss Josephine Baker was chosen from Miss Gilmer's, and Janie Kluttz from Miss Caldwell's deparment. A surprise awaited these chosen ones, who had won in the race of love, in the shape of a ring, presented by considerate friends. The evening was a pleasant one and will be remembered as the close of a successful and encouraging y car's labor in this splendid school.
