GIVEN UP BY THE DOCTORS.—"Is it possible, Mr. Stone that you are up and about?"
"It is a happy fact, sir."
"Why, I thought the doctors gave you up?"
"So they did, and it was a happy day for both."
"What did they give you up for?"
"They gave me up for poor pay and a dead duck, and that is how I got well."—Check.

It has been decided by an Oregon judge that Chinese actors are not laborers and that they may be permitted, therefore, to enter the United States, under the law recently enacted without passports.

An idea of the prodigious growth of the great Northwest may be inferred from the fact that the gross earnings of the St. Paul, Minneapolis & Manitoba Railroad for the year ending June 30 next, are likely to foot up fully \$9,000,000, an increase of \$2,500,000 over the previous year's business. This road has been in existence but a few years, and is a phenomenal success.

A MONSTER GUN.—Mr. Chas. E. Johnson is the happy possessor of a monster gun; the largest in fact ever seen here save a sign. He found it in the country near Charlotte and at once bought it for his museum. The gun is of German make, a "flint and steel" and was manufactured at Potsdam, perhaps within the past fifty years. It weighs twenty-eight pounds, is six feet long, and has a projecting piece of iron, which shows that it is a pump gun, by which term the heavy swivel guns used on the coast in killing geese, duck, &c., are known. The diameter of the bore is 3/4 of an inch. The gun is fitted with leaf sights and was evidently intended to shoot bullets on occasions. It is on exhibition at Julius Lewis & Co.'s. Mr. Johnson is so proud of it that he has established his headquarters in the store and exhibits the prize to everybody. It is worth seeing.—News-Obs.

Here is an item from the New York South which every lady in this fruit blessed section should read and profit by. "The immense wastage of wild fruits and berries, particularly in the Southern States, offers a field of remunerative labor to women. Those gifted with a genius for preparing tempting and wholesome edibles by putting them in a marketable shape as preserves, or in any other imperishable condition, may reap their reward. Many wild fruits possess a peculiarly delicate flavor which is not found in the cultivated varieties, and there would appear to be no reason why a special demand for jams and jellies made from fruits and berries growing under natural conditions should not be created."
A Goldsboro man bought a straw hat recently under the inside band of which he found a dainty little note requesting that if the purchaser should be a "good looking unmarried man," he could get a wife by addressing a certain number in Baltimore. This reminds us of a pretty little story by Saxe Holme in which a sweet little country maiden, during the late war, made a number of pairs of socks and put a note of a similar character in the toe of one sock. These were sent to a committee of ladies who were nursing and providing for the wants of a hospital full of wounded soldiers. One of these got the sock with the note, answered it, and the result was a happy, peaceful marriage.—Wilson Sentinel.

How to Catch a Horse.—If a horse is shy and hard to catch, take finely grated castor bean of rhodium and cummin. Keep them in separate bottles, well corked. Put some of the oil of cummin on your hand and approach the horse on the windy side. He will then move toward you. As soon as you can reach him, rub some of the cummin on his nose, give him a little of the castor, or anything he likes, and get a few drops of the oil of rhodium on his tongue. After this thing you can make him do nearly everything you want. Treat him kindly, feed well, handle gently, and victory is certain.—Turk, Pick and Farm.

A FATAL STROKE OF LIGHTNING.—ASHLAND, Pa., June 14.—Lightning last night struck and demolished a tenement house eight miles from here, occupied by Hungarians. A man named Guoldinsky was partly paralyzed, and another named Kissamuth was knocked senseless, and was buried under the fallen timbers. Another inmate was frightened so badly that he became insane and wandered into the woods, where he was found this morning. The woman and Guoldinsky are seriously injured. The lightning also struck a house near by, but the inmates escaped without injury.

The Power of One Good Boy.
"When I took the school," said a gentleman, speaking of a certain school he once taught, "I soon saw there was one good boy in it, I saw it in his face. I saw it by many unmistakable marks. If I stepped out and came suddenly back, that boy was always studying just as if I had been there, while a general buzz, and the roguish looks of the rest showed there was mischief in the wind. I learned he was a religious boy and a member of the church. Come what would, he would be for the right."
"There were two other boys who wanted to behave well, but were sometimes led astray; these two began to look up to Alfred, and I saw were much strengthened by his example. Alfred was as lovely in disposition as firm in principle. These three boys began to create a sort of public opinion on the side of good order and the Master. One boy and then another gradually sided with them. The foolish pranks of idle and wicked boys began to lose their popularity. They did not win the laugh which they used to. A general obedience and attention to study prevailed. At last the public opinion of the school was fairly revolutionized; from being a school of ill-name, it became one of the best behaved schools anywhere about, and it was that boy Alfred who had the largest share in making the change. Only four or five boys held out, and these were finally expelled. Yes," said the teacher, "it is in the power of one right-minded, right hearted boy to do that. He stuck to his principles like a man, and they stuck to him, and made a strong and splendid fellow of him."—National Presbyterian.

Spending Your Money at Home.
It is your home; you cannot improve it much by taking your money away to invest. There is no way of improving a place so much as by encouraging good merchants, good schools and good people to settle among you, and this cannot be done unless you spend your money at home, because when it is necessary to get credit it is of your own town merchants you have to get it, and they must wait at home. It will make better business for your merchants. They can and will keep better assortments, and sell at lower rates than if the only business they could do was to credit, while the money goes to other places. Spend your money at home. Set the example now. Buy your dry goods, groceries and meat in town and you will see a wonderful change in a short time in the business outlook of the place; therefore deal with your merchants at home. Your neighbors and your friends; they stand by you in sickness—are your associates. Without your trade they cannot keep up business. No stores, then no one wanting to buy property to settle on and build up the place.

The King of Truck Farmers.
We are going to make an assertion in this item, and if it can be successfully contradicted we would like to know it. Our assertion is that Newbern has, in the person of Mr. Joseph L. Rhem, the largest trucker in the United States, if not in the world. Now we mean truck farmer, not a cotton or grain planter, and if any town or country can beat it we call for the figures. Here is what Mr. Rhem has now planted and growing: Peas 110 acres, potatoes 200 acres, watermelons 100 acres, cabbage 25, beans 25, beets 2, cantaloupes 7, cucumbers 6, turnips 10, squashes 3, tomatoes 10, strawberries 3, radishes 5, making a total of 56 acres. In addition to this Mr. Rhem has a 50 acre truck farm in Florida, making a grand total of 556 acres. It takes a man of no little executive ability and energy to manage such a farm. Now, if we haven't got the king let us know it.—Newbern Journal.

Hold on Boys!
Hold your tongues when you are just ready to swear, lie, or speak harshly. Hold your hands when you are on the point of stealing or doing any improper act. Hold your foot when you are on the point of running from study, or pursuing the path of error, shame or crime. Hold your temper when you are angry, excited, or imposed upon, or others are angry with you. Hold on to your heart when evil associates seek your company, and invite you to join in their wirth, games and revelry. Hold on to truth, for it will serve you well, and do you good through eternity. Hold to virtue—it is above all price to you, at all times and places. Hold on to your character, for it is and ever will be your best wealth.

Mahone's friends report him as well satisfied with the result of the recent Virginia elections. It seems to us we have heard of one's whistling before to keep his courage up. Mark Tapley was always jolliest when the circumstances were the least propitious, and perhaps Mahone proposes to play the roll of this admirable creation of Dickens's inimitable humor. At any rate, if Mahone shows his teeth over this affair, we fear it must be a sad case of the "dry grins."—News & Observer.

Malaria, Chills and Fever, and Bilious attacks positively cured with Kinney's Standard Cure Pills, an infallible remedy: never fails to cure the most obstinate, long standing cases where Quinine and all other remedies had failed. They are prepared expressly for malarious sections, in double boxes, a chill breaker, sugar-coated, containing no Opium or Mercury, causing no griping or purgative; they are less in all cases; they effectually cleanse the system and give new life and tone to the body. As a household remedy they are unequalled. For Liver Complaint their equal is not known; one box will have used and prescribed by Physicians, and sold by druggists everywhere, or sent by mail, 25 cents per box. Kinney's Double Cathartic Cure Co., 111 Nassau-st., New York. 62:1y

FOR SALE BY J. H. ENNISS.

Curious Facts.
Nineveh was fourteen miles long, eight miles wide, and forty-six miles around, with a wall thick enough for three chariots abreast. Babylon was 50 square miles within walls, which were seventy-five feet thick and one hundred feet high, with one hundred brazen gates. The temple of Diana, at Ephesus, was four hundred and twenty feet to the support of the roof, and it was one hundred years in building. The largest of the pyramids was four hundred and eighty-one feet in height, and eight hundred and fifty-three feet on the sides. The base covers eleven acres. The stones are about sixty feet in length, and the layers are two hundred and eight. It gave employment to three hundred and fifty thousand men while being built. The Labarinth, in Egypt, contains three hundred chambers, and twelve halls. Thebes, in Egypt, presents ruins 27 miles in circumference, and contained three hundred and fifty thousand citizens and four hundred thousand slaves. The temple of Delphos was so rich in decorations that it was plundered of fifty million dollars, and the Emperor Nero carried away from it two hundred statues. The walls of Rome were thirteen miles in circumference.

ALLCOCK'S POROUS PLASTERS.
The Original and still the Best!
INSIST ON HAVING ALLCOCK'S, THE ONLY GENUINE POROUS PLASTER.
One of the most remarkable inventions of the present age is ALLCOCK'S POROUS PLASTER. They are the result of years of chemical study, and only time and experience has brought them to their present perfection. Testimonials are received every day of the wonderful cures of Sprains, Weak Back, Rheumatism, Lumbago, Paralysis and hosts of other diseases. Of course the vast sales and great success of ALLCOCK'S POROUS PLASTERS have caused numerous imitations to be brought before the public which, being called porous, would give the world to understand that they were a similar article to the genuine. We would most particularly caution the public against these humbugs. They contain none of the healing gums that are used in ALLCOCK'S, but are simply a combination of lead, red pepper and rubber, and are vaunted in long-winded advertisements as an improvement on ALLCOCK'S POROUS PLASTER. Beware of the hazy and untrue statements and never use any of these so-called porous frauds.

Relieve Debility and Nervousness.
ALLCOCK'S PLASTER works on the region of the kidneys warms the spinal marrow which is a continuation of the brain, imparting new vitality and power to the spine they strengthen that mighty organ and fill it full of foreign electricity or nervous fluid. Thus they will restore to the busy active brain of man or woman, the energy and ability which has been lost by disease, worry or overwork. They restore vitality where there has been debility and nervousness, and prevent loss of memory and paralysis. Physicians highly recommend them for nervous debility, whether arising from dissipation or overwork. They are now known to be the great regenerators of the nervous system and are invaluable in all cases of hysteria.

Weak Kidneys Cured.
COSTCOCK, N. H., }
March 3, 1880 }
I have been greatly troubled with Rheumatism and Weak Kidneys. I was advised to try ALLCOCK'S POROUS PLASTERS (had used two other kinds of so-called Porous Plasters which gave me no relief), but one of your has worked like a charm, giving me complete relief, and I have not been troubled with Rheumatism and Kidney Complaint since using them, and I consider myself cured.
EDWARD D. BURNHAM.

Bronchial Troubles.
122 C ST., WASHINGTON, D. C., }
January 7, 1883. }
I take great pleasure in recommending ALLCOCK'S POROUS PLASTERS. I was induced to try them by Mrs. Samuel J. Randall, and I found them everything desired. I used four other so-called Porous Plasters before procuring ALLCOCK'S; they were perfectly useless. But immediately upon applying two of ALLCOCK'S to my chest my cold and bad cough were at once relieved. I want you to send me some dozen forthwith.
JOHN T. INGRAM.

Spinal Disease Cured.
HAMMEL'S HOTEL, ROCKAWAY }
BEACH, N. Y., May 19, '82 }
ALLCOCK'S PLASTER has been of such great service to me and mine that I feel it a duty to state the facts, as briefly as possible, to induce others to use them. My wife for many years was confined to her bed suffering from spinal disease. After spending a thousand dollars in vain effort to get cured, she applied three ALLCOCK'S PLASTERS to the spinal column, one above the other. In a few days all pain left her. She applied fresh plasters every two weeks and in the course of two months she completely recovered her health. At first she could hardly walk across the room; each cold and bad cough were at once relieved. I want you to send me some dozen forthwith. She still occasionally applies the plasters to her back, but she has been perfectly well for upward of a year.
LEWIS L. HAMMEL.

CURE OF SPRAIN.
554 MAIN ST., HARTFORD, CONN., }
April 26, 1879. }
Will you please send me an ALLCOCK'S POROUS PLASTER, which I feel long by 7 inches wide, to use on my leg for weakness of kidneys. I have worn them with the best curative effect, for a weak side, near the heart, many years—for injury caused by strain and lifting in the army. I could not do without them; I use one about every month. I have on a Belladonna Plaster and don't like it at all, for it has not the power or strength of ALLCOCK'S POROUS PLASTER. B. WELLS SPERRY.

"A Blessing in Disguise."
484 ADELPHI ST., BROOKLYN, }
March 29, 1881. }
No family should be without ALLCOCK'S POROUS PLASTER; their healing powers are wonderful and their efficacy far-reaching and lasting. For years past I have seen and known them to cure and relieve the most obstinate and distressing cases of rheumatism, kidney complaint, bronchitis, neuralgia, lumbago, inflammation of the weakness, and come to the relief of the most painful cases of neuralgia, spinal and permanent relief. My friends consider them an invaluable and speedy remedy for all kinds of aches and pains. They are a blessing in disguise; and no wife or mother should be without them if she values her peace and comfort and freedom from nervous exhaustion and other ailments. As a strengthening plaster, also for backaches and weakness, they have no equal. I have never yet found a plaster so efficacious and stimulating, or to give so much general satisfaction. Used in conjunction with BRAXTON'S universal life-giving and life-healing PILLS, no one need despair of a speedy restoration to good sound health.
MRS. E. TOMPKINS.

A SURE CURE FOR BURNS, CUTS, BRUISES AND LAMENESS.
WEST BECKET, BERTSHIRE CO., }
MAY, JAN. 23, 1882. }
We could not keep house without ALLCOCK'S PLASTER, for 20 years we have used them and found them most effective for Burns, Cuts Bruises and all kind of Lameness.
JULIA E. SHAW.

Relief for Neuralgia.
HASTINGS MINN., }
Jan. 3, 1883. }
I am troubled with neuralgia in the back of my head, neck and spine, and by applying one of your POROUS PLASTERS and by applying one of my neck and one across the small of my back I have almost instant relief.
I take pleasure in recommending them to the afflicted for they have helped me so much.
Pastor M. E. Church Hastings.
