# From "The Times."

Editor of the Times :- The statements fecently published in your valuable naper has created much excitement in this city among the class who use and own horses, and after reading your request that all should write you who had been benefited by the letter published, from Dr. Bates, in regard to the remarkable success he always had with Kendall's Spavin Cure, I decided to write you my experience with it. My first knowledge of this remedy came through a visit to the office of the Massachusetts Society for the prevention of cruelty to aminals. This society was the first to use Kendall's Spavin Cure in Boston, and I was informed by Chas. A. Curier, a gentleman in whom I had the utmost confidence, that they had never used anything that worked so well for spavins or any lameness in horses, and he stated that he gave it to poor men course when we have company we want who had lame horses and would agree to use it and in this way he was enabled to get along without prose uting them, as it was sure to cure when She sat in the parlor two hours and enartained the great while the miserable dall's Spavin Cure, gave me so much confidence in it that I used it for my knee with the very best of got the extra provisions. A great change strong in the merits of this remedy that we will not be without it in the house. I have tried it since ibald Henderson and his deceased children and rand-child. We believe the peal.
