BRANDRETH'S PILLS.

They are a vegetable tonic purgative, absolutely harmless under all circumstances. They never injure the weakest female or the youngest child. One box is a medicine chest sufficing for a whole family. Suppose you have diarrhea; nature is making a great effort to get nid of some irritating matter in the stomach or bowels. A dose of Brandreth's Pills removes the matter and the disease is cured. In contiveness one good dose of Brandreth's Pills, followed by one pill every night for a week or two, make the human machinery run as regular us clock work. In bad solds, where the pores of the skin are closed and the insensible perspiration thrownspon the blood, poisoning the fountains of life and filling the nose, the throat and the lungs with choking mucus seven Brandreth's Pills taken at night on an empty stomach, will restore the perspiration, break up the cold and purge away all the watery secretions that should have passed off by the skin. Diphtheria, a family disease and most dangerous one, is almost immediately cured by one or two doses of Brandreth's Pills, aided by a gargle of lime water. ### Best in the World.

Brandreth's Pills have stood the test of fortyfive years of use by the American people. They are entirely Vegetable. They are absolutely universal, for there is no disease they will not cure, if taken in time. They are safe for infants and adults. They aim to accomplish three things: first, to purify the blood; second, to cleanse and regulate the stomach and bowels; third, to stimulate the kidneys and liver and purge away the ashes of the system and diseased matters of the body. By purging with these Pills constantly, a new body can be built up from fresh, healthy food in a who filled a number of little saucers few months.
