

A gigantic jelly-fish stranded at Ceylon weighed over two tons and at night gave out a light sufficient to read by. In ten days it had evaporated so that it weighed only a few pounds. In specimens of the genus Aurelia aurita there is 98.82 per cent. of water, the solid matter forming a small part of 1 per cent. In large forms of Rhizostoma there is 5 per cent. of solid matter.

BAIL'S HEALTH-CORSET

TUTT'S
PILLS
FOR
TORDID BOWELS,
DISORDERED LIVER,
AND MALARIA.
From these sources arise three-fourths of the diseases of the human race. Their symptoms indicate their cause: Loss of Appetite, Bile, Constipation, Sick Headache, Flatulency, Acid Eructation, Excessive secretion of bile or acid, Irritability of the stomach, Nervousness, Headache, Vertigo, A feeling of having neglected some duty, Dizziness, Fluctuating at the Heart, Drowsiness, Nervousness, Irritability, Colic, Constipation, and do demand the use of a remedy that directly acts on the liver. **TUTT'S PILLS** have no equal. Their action on the Kidneys and Bladder is also prompt; removing all impurities through those three "sewer-entrances of the system," producing appetite, sound digestion, regular stool, a clear skin and a vigorous body. **TUTT'S PILLS** cause no nausea or griping, and interfere with daily work and exercise.
ANTIDOTE TO MALARIA.
TUTT'S HAIR DYE.
Gives a Glossy Black by a single application of this Dye. Sold by Druggists, or sent by express on receipt of price.
Office, 44 Murray Street, New York.

BRANDRETH'S PILLS.
They are a vegetable tonic purgative, absolutely harmless under all circumstances. They never injure the weakest female or the youngest child. One box is a medicine chest sufficient for a whole family. Suppose you have diarrhoea; nature is making a great effort to get rid of some irritating matter in the stomach or bowels. A dose of Brandreth's Pills removes the matter and the disease is cured. In costiveness one good dose of Brandreth's Pills, followed by one pill every night for a week or two, make the human machinery run as regular as clock work. In bad colds, where the pores of the skin are closed and the insensible perspiration thrown upon the blood, poisoning the fountains of life and filling the nose, throat and lungs with choking mucus; seven Brandreth's Pills taken at night on an empty stomach, will restore the perspiration, break up the cold and purge away all the watery secretions that should have passed off by the skin. Diphtheria, a family disease and a most dangerous one, is almost immediately cured by one or two doses of Brandreth's Pills, aided by a gargle of lime water. Rheumatism, which comes from too much acidity or too much alkalinity of the system, requires nothing but Brandreth's Pills and a few good sweats to make a perfect cure.
It is marvelous how they purify the blood. After two doses, the effect is seen in brightness of the eyes and clearness of the skin. All pimples and eruptions vanish like magic under the influence of this purifying purgative. We cannot stop the march of time with any medicine; but Brandreth's Pills will remove the excessive lime from the system and prevent grey hair. They improve the sight and tone up the human body, so that the old man's eyes will be undimmed and his natural force unabated even after seventy years.

Best in the World.
Brandreth's Pills have stood the test of forty-five years of use by the American people. They are entirely Vegetable. They are absolutely universal, for there is no disease they will not cure, if taken in time. They are safe for infants and adults. They aim to accomplish three things: first, to purify the blood; second, to cleanse and regulate the stomach and bowels; third, to stimulate the kidneys and liver and purge away the ashes of the system and diseased matters of the body. By purging with these Pills constantly, a new body can be built up from fresh, healthy food in a few months. In this way, gout and rheumatism, ulcers and fever sores can be eradicated in a few weeks. The worst cases of dyspepsia and costiveness can be cured by taking one or two pills every night for a month. In cases of twenty years' standing, gentlemen have been cured by taking one pill a night for a year. Brandreth's Pills give to the human body, no matter how worn or decayed, the recuperative powers of youth. In their action, they imitate the rapid changes of the youthful body. We all wish to die of old age. A hundred years is the natural limit of life, which can only be reached by purging and purification.
In general debility, nervous tremor, and mental depression Brandreth's Pills have a marvelous effect. They have won the confidence of millions in all parts of the civilized world. Constitutionally long residence in unwholesome climates, or by sedentary habits, are wonderfully renovated by a course of this extraordinary medicine, which, powerful as it is in its action on the whole system, is perfectly harmless to the tenderest frame. The Pills are composed of rare balsams, without the admixture of a grain of any mineral salt, or of any other deleterious substance. They operate directly, powerfully, and beneficially upon the whole mass of blood; nor can we question the fact when we see indigestion, colic, liver complaints arrested, the oppressed lungs brought into healthy play, and every physical function renewed and strengthened by their agency.

Letter from a Gentleman Ninety Years Old.—Long Life from Use of Brandreth's Pills.
PRAIRIE DU CHIEN, Wis., Feb. 11, 1882.
I am in the ninetieth year of my earthly pilgrimage, and before passing to another, and I trust, a better world, I wish to bear testimony to the great virtues of Brandreth's Pills as a household remedy. They are the best blood purifiers and cleansers of the stomach and bowels in the world. I have raised a family of 10 children, been blessed with three wives, and my family experience reaches over seventy years. For over forty-five years I have known and believed in Brandreth's Pills. They have cured me of indigestion, costiveness, dyspepsia, and the troubles of my family have been rendered invaluable at all times. I also wish to say that I have found ALCOCK'S POROUS PLASTERS very useful in breast pains, backache and weak muscles.
ALFRED BRUNSON, A. M., D. D.

CURE OF NEURALGIA.
Taken as "Forlorn Hope," Brandreth's Pills Effected a Magical Cure.—Small-Pox Cured.
Scheneck Ave., East New York, April 12, 1880.
I most cordially give my testimony as to the great value of Brandreth's Pills, verified by eighteen years' experience in my mother's (the late Mrs. Dr. Geo. M. Browne) family and my own. They have raised a family of 10 children, been blessed with three wives, and my family experience reaches over seventy years. For over forty-five years I have known and believed in Brandreth's Pills. They have cured me of indigestion, costiveness, dyspepsia, and the troubles of my family have been rendered invaluable at all times. I also wish to say that I have found ALCOCK'S POROUS PLASTERS very useful in breast pains, backache and weak muscles.
ALFRED BRUNSON, A. M., D. D.

USED THIRTY YEARS,
COULD NOT GET ALONG WITHOUT BRANDRETH'S PILLS IN THE HOUSE.
84 Morton Street, New York City, Mar. 1, 1880.
I have used Brandreth's Pills for over thirty years. I am a great sufferer from Rheumatism. Whenever I feel it take one or two doses, which give me immediate relief. I also take them for costiveness, with which I am also troubled, and they always give me relief. I could not get along without your pills in my house.
CHAS. F. HENNING.
18:1y

Triplet Maxims.
Three things to do—think, live, act.
Three things to govern—temper, tongue and conduct.
Three things to cherish—virtue, goodness and wisdom.
Three things to love—courage, gentleness and affection.
Three things to contend for—honor, country and friends.
Three things to hate—cruelty, arrogance and ingratitude.
Three things to teach—truth, industry and contentment.
Three things to admire—intellect, dignity and gracefulness.
Three things to like—cordiality, goodness and cheerfulness.
Three things to delight in—beauty, frankness and freedom.
Three things to avoid—idleness, loquacity and flippant jesting.
Three things to wish for—health, friends and a contented spirit.
Three things to cultivate—good books, good friends and good humor.

Cabbage.
A writer in the Homestead, of Pottsville, Iowa, says: "The prevailing custom of raising cabbage plants in a hotbed or frame, and afterward transplanting them is a mistake. We have experimented for several years, using both modes, and invariably get the best results from planting the seed in the hills where we wish them to grow; planting three or four seed in each hill and thinning them out after they show the fourth leaf, taking the poorest plants. Last year of my cabbage planted in this way several weighed over twenty-five pounds, while those from plants carefully set out in the usual way and with the same cultivation would weigh scarcely ten pounds. Transplanting checks the growth at the most critical time, and the retarded plant shows the effects during the whole season and are less likely to head."
The Dayton Journal publishes the following: "Two adjoining fields, of ten acres each, on William Vansciver's farm were sown with wheat the last week in September. Both were of the same kind of soil, upland clay, and both received the same kind of treatment at seed time. The same quantity and quality of wheat was sown on it with a drill. In the spring field No. 1 did not show as good a stand as field No. 2; in fact, it threatened a total failure, and his neighbors advised him to plow it for corn. As soon as the ground was dry enough, about April 15, H. C. Darnell, who was cultivating it on shares, put a harrow on No. 1 and thoroughly loosened the soil. No. 2 was left untouched, as it promised a good yield from the start. Both fields were thrashed. No. 1 yielded 17 bushels per acre; No. 2, 10 bushels per acre."

Tall Men in North Carolina.
The county of Greene, in the eastern part of the Old North State, is noted for large and tall men. There were born and raised in this county six brothers, all now living, whose combined altitude is thirty-seven feet nine inches, an average of six feet, three and a half inches. Their aggregate weight is 1,350 pounds.
Col. Robt. W. Best, who now occupies a desk in the United States department of Agriculture, is the oldest and tallest of the three brothers alluded to. He is six feet six inches tall, and weighs 240 pounds.
At the time President Johnson, Secretary of State, Seward, and others visited North Carolina in 1860, Col. Best was Secretary of State of North Carolina, and was one of the escort to meet the Presidential party at Weldon, welcome them to the State, and escort them to Raleigh, the capital.
Mr. Seward, in responding to the address of welcome which took place in the large dining room of the Weldon hotel, said that he felt very much embarrassed on this occasion, for when planting his feet on North Carolina soil he found that the Secretary of State of North Carolina. This brought down the house at Col. Best's expense. But in his usual strain of good humor and quick repartee, Col. Best in reply said that he was glad to know that the Secretary of State of the United States had found some one that he could look up to while in North Carolina. This brought forth a tremendous applause, and Mr. Seward said Col. Best had the best of him.
The Speight family of the same county, one of whom was Governor and another United States Senator were noted for being tall. Arthur, one of the brothers, was six feet seven and a half inches, and had a son Abner of the same height. Arthur used to tell a story in connection with his height which is too good to be lost. At the completion of the Wilmington and Weldon railroad, the company gave an excursion the whole length of the road, and extended it to Charleston, S. C., on steamboats, from Wilmington. Mr. Speight being one of the directors, was along. Just before the boat left, he was promanating on the wharf when a diminutive specimen of humanity approached and asked him politely, if he was going to Charleston.
"I am, sir," replied Mr. Speight.

"Well sir, I hope you'll not consider me too inquisitive, but I would like to know how you expect to go?"
"Certainly," said Mr. Speight, "I expect to go on that boat. How else do you suppose I can go?"
"I didn't know but you were going to wade."
For large men Greene county can beat the United States. Mr. James F. Jones, who is still living, turns the scales at 540 pounds. His grandfather, John Edmundson, weighed 475 and John, jr., 465. The combined weight of these three was 1,480 pounds.—Washington Post.

There are thousands of clerks at Washington City and many of them are appointed from States which they never saw. Thus North Carolina has credited to her in the departments men who never were in our borders. Gen. Cox, it seems, has introduced a resolution intended to bring this matter to the attention of the public, for now the law is that appointments shall be apportioned among the States. North Carolina has need of her quota and General Cox proposes to get it for us.—Raleigh Observer.

THANKS, THEY COME!
Our Stock Constantly Replenished.

MILÓ A. J. ROSEMAN.
1:toJan1

The Old Mullein Plant.
While nature has been springing up a new abundance of her valuable minerals, she has by an all-wise provision been generous in the prolific distribution of such vegetation she has given for medicine, and science has its cognate. It is true that the Cherokee Indians knew of this years ago, but not until recently has it begun to attract the attention of the Medical world, and now the long forsaken Mullein ranks among the first, and all the medical journals are heralding its grand effects.
In TAYLOR'S CHEROKEE REMEDY OF SWEET GUM AND MULLEIN, the mullein is combined with the Sweet Gum, and is combined with the Sweet Gum, and mothers made happy in curing their little ones of Croup and Whooping Cough, and all suffering from Lung and Bronchial diseases are troubled no more. For sale by all Druggists. Price 25 cts., and \$1.00 per Bottle. Manufactured by WALTER A. TAYLOR, Atlanta, Ga., Proprietor Taylor's Premium Cologne. Cash paid for Sweet Gum.
Dec. 13—9:6m.

Great Water-Power FOR SALE!
The most extraordinary unimproved Water Power on the York River is for sale in New River. It is situated at the head of the Narrows in Stanly county, 8 miles from Albemarle, the county seat, 13 miles from Gold Hill, and about 28 miles from Salisbury. It is one mile from the public highway leading to Salisbury, from which road it is easily accessible down to the water's edge. The peculiar feature of this property is that it is a natural stone dam which makes about a six foot head of available water. The dam runs at an angle of about 20 or 25 deg. up the river nearly all the way across, gradually diminishing in height as it approaches the opposite shore. A race of 400 feet in length will add from 12 to 14 additional feet of head, making the grand power of 18 or 20. There is an quantity of building stone and slate of excellent quality, on the premises, easily transported by water.
This excellent power may be used for GRIST AND FLOURING MILLS, REDUCTION MILL FOR SULPHURET ORES.
It is conveniently near the mines of Montgomery, Stanly, parts of Cabarrus, Rowan and Davidson Counties to make it a custom mill, for the reduction of ores, with the great advantage of being in the centre of the mining districts named above. The ores further inland could not be worked out in a century.
This water power with 10 acres attached is offered at \$2,500, with the option of 100 acres at \$2,500. The lands are valuable for farming purposes; the situation healthy, the society good, and church and school advantages very good. Persons wishing further information may address "Watchman," Salisbury, or Mr. J. R. Littleton, Albemarle, N. C. (Map of place furnished on application.) 33:1f

Valuable Real Estate FOR SALE.
THE subscriber having determined to change his business will sell on easy terms some of the most valuable property in and adjoining the town of Salisbury, viz:
The House and Improvements where I now reside—house of brick with 10 rooms 18 feet square, well finished; two brick out-houses with two rooms each; used as a Cook room and smoke-house and dwelling; also, fine brick dairy; good barns and other buildings; good garden and an orchard of nice fruits containing from 8 to 10 acres of land—all in good condition.
Also, two houses and lots in Salisbury, and about thirty good building lots of one acre each, or any size to suit the purchaser. These lots are as well located as any in the town.
I will also sell two or three small farms of from 25 to 100 acres within 15 miles of the Courthouse. Also, one farm of 182 acres, about 3 1/2 miles from Salisbury, on the W. N. C. R. which has in cultivation about 50 acres of good bottom land as can be found in the county. Also, several valuable GOLD MINING PROPERTIES.
For information in regard to the property or myself, I refer to Messrs. Luke Blackmer, M. L. Holmes, S. H. Wiley and J. S. McCubbin, senior. S. R. HARRISON.
November 1, 1883. 2m

No party in politics, nor any sect in religion.
The Greatest and the Best,
The large Double Weekly,
Religious and Secular,
NEW YORK OBSERVER.
(Established 1827.)
No paper in the country has a more experienced and able corps of writers. Dr. S. P. Strong stands at the head of the editorial staff, and his letters and editorials still enrich the OBSERVER. Others among its editors have had the training of a quarter of a century for their work.
The Correspondence of the OBSERVER is from all lands; and the news carefully prepared from letters and telegrams, furnishes a complete view of the condition of the world each week.
The Department of Agriculture, Business, Sunday-school, Teaching and Religious Work are conducted by experts, who write clearly and to the point. The OBSERVER does not fill its columns with long essays and old sermons, but aims to be
A Live Newspaper,
giving every week a Religious Sheet full of instruction, encouragement and truth; and a Secular sheet, containing all the news, vigorous comments upon current events, and a great variety of choice reading.
The price is \$3 1/2 a year. For bond sale new subscribers we give one dollar commission, or a copy of the "Tremulous Letters," an elegantly bound volume of 400 pages, containing a portrait of the author. Sample copies of the OBSERVER will be sent to any address free. Address:
NEW YORK OBSERVER, 31 and 32 Park Row.
