THURSDAY, JUNE 5, 1884.

Subscription Rates

The subscription rates of the Carolina Watchman are as follows: A year, paid in advance, \$1.50. Payment delayed 3 mo's \$2.00. Payment delayed 12 mo's \$2.50.

Persons writing for information on matters advertised in this paper will please say—advertised in the Watchman.

The outside date of this paper was accidentally left uncorrected this week. It should be June 5th.

A new store—family groceries and confections—is opened by Mr. Eli Miller, next to J. D. McNeely's, on Main street.

What is rapidly ripening for harvest, and from present reports will prove a little above an average crop.

Those who buy their shirts ready made are invited to try Daniel Miller & Co.'s Diamond Shirts. See advertisement in this paper.

The jury in the case of State against Mack Whitman for the killing of Geo. Barringer, have failed to agree on a verdict up to time we go to press.

The railroad authorities are arranging for the best accommodation of the weary city people who contemplate a summer ramble and a rest in the mountains of North Carolina this season.

An ice cream Lawn Party will be given in the yard of the Railroad Office, Friday evening 6th inst., under the auspices of the ladies of the Methodist E. Church.

Reapers and mowers are in season just now, and it is harvest time for those who sell these implements. Mr. Frick, the manufacturer of the best grain cradle to be found in this State, is selling many both at home and abroad.

The Democrats of Rowan should not forget that their County Convention is to be held on Saturday the 14th of this month. A general and full turn out should be desired by all. Come to the Convention.

Her. Mr. Murdoch, Rector of St. Luke's Episcopal church, and his bride, have returned from Charleston, S. C., where they have been spending a few weeks.

RUNAWAY.—Mr. Frick was coming in yesterday with a new cradle on his wagon and met a neighbor going out with a new and flashing reaper, at which the wagon took fright and ran away, spilling its cargo along the road. Mr. Frick is not, as is supposed, a new-fangled hundred-dollar thing, so he gathered up his cradle and came on to market, leaving the reaper to go to granny or any other place it is wanted.

There seemed to be a sentiment against the old Board of County Commissioners, but the fact that the magistrates re-elected four of their members is evidence conclusive that their labors are appreciated. We regret the loss of Mr. Fleming, from the Board, as he is admittedly a valuable citizen.

STEALING.—A white man named Towell was committed here last Thursday, on the charge of stealing a feather bed from A. H. Heilig's residence. The family were absent attending a funeral, Towell having just returned from digging the grave.

P. S.—Towell has been tried and convicted and sent to the penitentiary for three years.

Court is still in session, and will continue until the docket is cleared. Among visitors to the Salisbury Bar, are J. A. Williamson, T. B. Baily and Mr. Gaither of Mocksville, Chas. Heitman, Esq., of Lexington, Hon. W. M. Robbins of Statesville, Judge Schenck, R. & D. R. R. Attorney, and Mr. Holton of Yadkinville.

The case, State vs. Loffin and Cotton, the two negroes who attempted murder at Gold Hill, has been tried. Loffin was committed for 12 months and Cotton released for want of evidence.

Telephone to the Depot.—There is a Company forming to connect the Depot with some central point (town—at the Express, Kluttz's Drug Store, or other suitable central point). The Depot is about seven hundred yards from the public square, a considerable distance to walk in the cold of winter or heat of summer. A telephone would obviate the necessity of such trips, and prove a great convenience to those having business at the depot.

At the meeting of the County Commissioners, the proceedings of last meeting were read and approved.

Twenty-one paupers reported at the poor house for the month of May; and Catharine Brown, Nancy Daniels and Chas. Cowan were allowed aid from the poor funds. A petition for dividing School Dist. No. 3, Morgan's township, into two districts was granted, and John A. Shaver, Jacob Morgan and J. A. Lisk were appointed commissioners for Dist. No. 3; and E. Miller, Nathan Morgan and Sol. Eggle for Dist. No. 34.

CORRY NOTES.—Parties found guilty during the term of Rowan Superior Court now in session were sentenced as follows: Levi Pearson, negro, larceny, 5 years in the penitentiary; Frank Smith, negro, larceny, 2 years; Thos. Shadrack, negro, larceny, 2 years; Thos. Shadrack, negro boy who killed a little negro in a fight with a stone, was sentenced to six months in the county prison, and Isaac Joel, negro, for an assault, to two months in jail.

Watt Barber and James Johnson, negroes, the Parker thieves, under bond, failed to appear and the forfeiture entered against their sureties.

Forty six new bills were found by the Grand Jury at this term.

Three new and beautiful churches have been built lately in Rowan county, Lutheran church on the Stoke's ferry road, St. Matthews church on the Bringle ferry road, and on the 5th of June, St. Peters church will be dedicated—just 9 miles from Salisbury on the Gold Hill road. All this work has been accomplished in the last three years under the determined zeal of the Pastor, Rev. T. H. Strohecker, who came to this county from Philadelphia about three years ago. Rev. T. W. E. Paschou of Wilmington, N. C. an eloquent Divine, will preach the Dedication Sermon on the 5th Sunday in June. A skillful painter from Baltimore is now coloring the window glass and finishing up the work. Friends are cordially invited.

The catalogue of the University of North Carolina is on our table. We note that the number of professors, including the President, is 11, instructors 5, making 16 teachers. The number of students is 210. There are 28 Law students and 11 Post Graduates. Expenses, not including pocket money, travelling, furniture of room and society fees, are from \$179.50 to \$244. Seventy students have been aided from the Deems Fund, which is \$13,310. It is gratifying that the students generally select one of the regular courses. Those who take only one ancient language invariably select Latin. Some substitute German French for both.

DIED.—At his residence in Litaker township, June 4th, Mr. Enoch E. Phillips, aged 76 years. Funeral at St. Paul's church to-morrow morning, 11 o'clock. The deceased was extensively known as an upright and useful citizen. He has left many friends and relations to mourn his death.

The negroes celebrated the 30th of May as usual, with bands of music and speeches, and as usual the speeches were anything but appropriate to the occasion. One speaker, a negro from Asheville, is reported to have made a very unwise and inflammatory speech, denouncing the whites in some measure, and telling his dusky hearers "that in less than ten years the whites would bow the knee to the colored man." This is presumed to mean in intellectual superiority. The outgrowth of the education of the negro is being made manifest by such remarks as quoted, and not in active industrial employments, as was the hope of the philanthropists who urged the measure of their free education.

It is observed all over the South that but very few of the negroes who are schooled to any extent ever return to cultivate the soil, and bring to bear on his work the skill of his enlightened mind. But on the contrary, he does but little, (unless he can teach a country free school,) and so encourage others to idleness. There are but few who can find places in the professions, and there are fewer places in the States where they would be recognized in the professions. What is he to do? Wait until the sentiment (?) or prejudice (?) against the negro is metamorphosed! Forever and a day is too short a time. The only available fields open to him are in agriculture and mechanical labor of all kinds. His education should fit him to perform intelligently, such work, as in the nature of the situation, he is enabled to command. This course alone will prolong his habitation, and tend to his prosperity in this country.

Magistrates' Meeting.

T. J. Sumner, Esq., called the meeting to order by a motion that Juc. A. Hedrick, Esq., be called to the chair, which was carried.

There being on roll-call a sufficient number of Justices present, the joint meeting of the Commissioners and Magistrates, on motion of T. J. Sumner, proceeded to levy the taxes for the present year as follows: A tax of 5 cents on every \$100 worth of property and credits in addition to the tax of 1 1/2 cents levied by the Legislature, in the School law, making a total of 17 1/2 cents for school purposes. A tax of 15 cents on the \$100 worth of property, subject to exemptions made by law, shall be levied and collected for county purposes; and on all subjects and persons mentioned in schedule B, and C, of Revenue Act of 1883, the same as that collected for the State, except on tobacco warehouses, which are exempted from paying any county taxes for said year. On net income a tax of 1/4 of one per cent.

On motion of Jesse W. Miller, Esq., consent was given Jno. S. Henderson, Esq., to address the meeting in regard to the necessity of purchasing a large map of Rowan county, and on motion of J. J. Newman, Esq., it was resolved

That the county commissioners be instructed to purchase said map for the use of the county.

A motion to make an appropriation sufficient to enable Rowan to be properly represented in the State Exposition at Raleigh was lost.

Thos. C. Linn, was unanimously elected as County Supt. of Public Instruction.

The following is the vote given for the County Commissioners for the ensuing term, commencing the first Monday in December next. W. L. Kluttz, 34 votes; L. W. Coleman, 31; T. J. Sumner, 30; J. S. McCubbins, 31, and C. F. Baker, 26. A motion to adjourn was then made, pending which, J. W. Miller moved that the action in reference to the purchase of the County map be reconsidered, which was carried.

Tomatoes are the principle vegetables now being shipped from Florida. Truckers are finding the Northwest, over the Savannah, Florida & Western Railway, an excellent market for their truck.

The Georgia Marble Company has raised from their quarry a block of marble 12 feet long, 6 feet wide and 3 feet 4 inches thick, without a fracture or blemish. This block contains 252 cubic feet and weighs about 50,000 pounds.

MINING.

T. K. BRUNER, MANAGER. Hoover Hill Mine. THOMASVILLE, N. C. June 3, '84.

On Thursday last your correspondent visited the Hoover Hill mines and mill in Randolph county. We were met by the gentlemanly agents in charge, Theo. H. Salthouse and Wm. B. Hart, who conducted us through their 20 stamp mill, which is in constant operation day and night crushing about 40 tons of gold ore, each 24 hours. There we were handed over to Capt. Jos. Parkens and under his charge we were taken through the entire mine underground, and must say we were astonished at the large amount of work accomplished. Much credit is due Mr. Frecheville, the Supt. and Capt. Harkin the mining Capt. for the manner in which they have followed the rich shutes of ore and for the amount of ore now in sight. The mine has been on a paying basis since 1882, and will continue the same for years, if only the amount of ore is depended upon. Everything goes like clock work and every man is educated to his place. Wealth and good management are met on all sides. And Hoover Hill must be the pride of every North Carolina miner. Mr. Frecheville is now in London, England, on business connected with the Company.

The Baltimore gold and silver mining and smelting company, held an election here to-day resulting in the election of same officers. They are jumping the water from the Emmons mine and expect to mine the copper ore. They are also operating the North State Mine. Capt. C. C. McPhail is here talking mining matters.

Rowan will not Exhibit.

Contrary to expectation, the Magistrates and Commissioners in their meeting on last Monday, refused to make any appropriation to have Rowan represented in the State Exposition; thereby depriving our citizens of the benefits which would naturally accrue to them by a proper display of her county's resources. As the matter now stands little can be said. No good can come of calling them thoughtless or incompetent officers, or rehearsing the grievances of those who felt that they had a right to expect some favorable action from those entrusted with the management of the county's affairs. Their refusal only makes it harder work for those who are laboring for the substantial and permanent improvement of the county; and while it tends to discourage all forms of public spirit, and to fasten the shackles of old fogyism on our white people, yet remember it is but the reflex of the opinion of only a few. On them, and on them alone, must rest the responsibility of the action.

To the young men who are laboring for the general good, we say, do not be discouraged. You are facing the bright sun of life with the shadows falling behind you; work the harder, since you must accomplish unaided what is necessary to retrieve lost opportunities, and build up our waste places, remembering that those who oppose and hinder your progress have life's sun shining at their backs and their vision shortened by deepening shadows stretching far before them.

Education Convention.

The Committeemen, white teachers, and many others interested in education in the county of Rowan met at the Court House in Salisbury on May 24th at 10 o'clock.

The meeting was called to order by Co. Supt. T. C. Linn, who stated the object of the meeting. Mr. H. C. Bost was elected Chairman, and H. J. Overman Secretary. The topics for discussion were then read.

I. "School Committeemen and their duties" was discussed by Messrs Linn, Weatherly, Hill, and others.

II. "Teachers and their duties" was discussed by Mr. J. M. Hill and others.

III. "Patrons and their duties" was discussed by various members of the house.

It was moved seconded and carried that each speech be restricted to three minutes and that no person be permitted to speak more than once on the subject.

IV. "School houses and their comforts" was discussed by Mr. Linn and others.

V. "Rogue School Times" was discussed by Messrs Linn and Newman.

VI. Miscellaneous:

The following resolution was offered and unanimously adopted:

Resolved, That it is the sense of this meeting that it is expedient to have a permanent organization of the committeemen, teachers and friends of education generally in the county.

Mr. H. C. Bost was elected chairman until a permanent organization should be effected, and H. J. Overman, Secretary. Moved, seconded, and carried, that a committee of three be appointed to draw up a Constitution and By-Laws for the government of this body, and report at the next meeting. Messrs, T. C. Linn, J. M. Hill, and J. L. Graber were appointed.

Moved, seconded, and carried, that the last Saturday in August at 10 o'clock be the time for the next meeting.

Moved, seconded, and carried, that the proceedings of this meeting be published

ed in the county papers. The meeting then adjourned to meet at the same place on the second Saturday in August at 10 o'clock.

H. C. Bost, Ch'm.  
H. J. OVERMAN, Sec.

MARRIED.

At the residence of the bride's mother, June 2nd, at 8:40 o'clock, p. m. by Rev. J. F. Tuttle, Mr. John R. Nicholas and Miss Eva M. Richwine, all of Salisbury. No Cards.

DIED.

In Franklin township, Bessie Irene, infant of Lawson and Jennie Kelly, aged 1 year, 8 months and 20 days.

Notice!

The Steamer Alice is now ready for excursions on the waters of the MAJESTIC YACHT. She will leave Sowers' Ferry (now known as Sowersburg) at 3 o'clock p. m. for the "Point," at Hanaux' Ferry, every Wednesday and Saturday for the present. The boat can be chartered for private parties on other days and will then be at their disposal during the whole day between the above named points. For terms and particulars apply to Capt. Chas. F. Pierce, at Sowers' Ferry. June 4th, '84. 34-3r.

TAPE WORM.

An eminent German scientist has recently discovered from a root extract, an absolute specific for Tape Worm. It is pleasant to take and is not distressing to the patient, but is peculiarly sickening and stupefying to the Tape Worm, which loses its hold of its victim and passes away in a natural and easy manner, entirely whole, with Head, and white still alive. One physician has used this specific in over 400 cases, without a single failure to void worm entire. Success guaranteed. No pay required until removed with head. Send stamp for circular and terms. HEYWOOD & CO., 19 Park Place, New York. May 30, '84.—ly

COTTON AND GRAIN CROPS!

"NONE BETTER MADE." EMPIRE GUANO, THE GREAT COTTON PRODUCER, FINE AND DRY. Over 200 AGENTS have Sold It! OVER 7500 Planters HAVE USED IT! MANUFACTURED BY THE RASIN FERTILIZER COMPANY, OF BALTIMORE, Md.

Read what Merchants say of it: C. A. DUNWOODY & CO., Roswell, Ga., writes: We believe the "Empire" equal to any we have ever handled.

D. R. MOSEBY, Nicholson Station, Ga., says: The cotton where it was used is well fruited and stood the drought finely.

G. M. GAYNORTH, Shelby, N. C., writes: Alongside of Acid Phosphate, mixed with cotton seed, "Empire" paid best.

J. F. TOOLE, Wadley, Ga., says: I like the "Empire" best because it is quick in taking hold and slow in letting go.

HOWELL & WILLIAMSON, Rome, Ga., writes: We are led to believe one ton of your "Empire" is worth as much as one and a half tons of any other fertilizer sold here.

SALISBURY, N. C., Feb. 25, '84. I used the Empire Fertilizer on cotton last year, and say beyond doubt, it is the best I ever used. W. M. RITCHIE.

SALISBURY, N. C., Feb. 20, '84. The Empire Fertilizer I used on cotton last year I am satisfied is as good as any other. C. A. CANUP.

We have used different Fertilizers for the last ten years and the Empire Fertilizer we used last year on tobacco is the best that we ever used. FISHER & CRESS.

The Rasin Fertilizer Company, OFFICES, NOS. 20 AND 22 SOUTH STREET, BALTIMORE, MD. For sale by M. L. BEAN, Salisbury, N. C. 22-2m

"Cock and Bull Stories." The people are so often gulled with such stories that they have become incredulous. The effects of B. B. B. in the cure of blood diseases, are so undeniable and wonderful that the proprietors are not compelled to cry "miraculous," and thereby appeal to your prejudices. The rapid and unprecedented march of B. B. B. has been attained by positive cures of those blood poisons which others could not cure. Botanic Blood Bain (B. B. B.) is not merely to eradicate and pull down others in order to become popular. The broken columns and falling arches of other remedies must be the result of inefficiency on their part, as B. B. B. can rise the weak and languid without injuring the healthy, and blood diseases are created by mineral poisons.

CUPID IN DIAMONDS.

When cupid wears the DIAMOND shirt, His conquest's sure of hearts so tender, For when they see this manly guise, The ladies always quick surrender. Surely the ladies are attracted by neatness of dress, which adds so much to the general elegance of one's appearance. What's more vital to a well-dressed man than a perfect-fitting, smooth-setting shirt?

If your dealer does not keep it, send his address to Daniel Miller & Co., sole manufacturers, Baltimore, Md.

The Old Reliable. THE NEWS & OBSERVER, S. A. ASHE, EDITOR, Raleigh, N. C.
