REXBURG, Essex County, Va., Jan. 19, 1884.

Dr. A. G. Wollard: Dear Sir,-I am happy to inform you that my face is well, and it gives me much pleasure to add my testimony to the many testimonials that you already have of your professional skill. I assure you I would not have that ugly, troublesome tumor back on my face for many times what its removal has cost me, and I unhesitatingly advise all persons affected with cancerous affections to avail them-seives of your well attested skill without delay. Yours truly, JAMES McDONALD, Minister of the M. E. Church, South

MANCHESTER, VA., Jan. 28, 1884.

Dr. A. G. Wollard : Dear Sir, -- It gives me great pleasure to state to you that the cancerous tumor that I had on my breast is entirely well. The cure being made for quite a number of months, I have no fears of its return. Now, let me say to the public, the cancer made its appearance some three or four years ago, and still continued to grow until it was near the size of a hen's egg. It was located on my breast, near the centre. I had the best medical aid I could find, but found no relief until I applied to Dr. A, G. Wollard, of Richmond, who made a perfect cure. I cheerfully recommend Dr. Wollard to all who may be afflicted in a similar way. I can be seen at cor-ner of Sims and Eleventh streets, Manchester, Va. GEORGE MUNN.

MILTON, N. C., Jan. 16, 1884.

Dr. A. G. Wollard: Dear air.—It is with pleasure that I can say to you that the place you treated on my back is per-fectly well. I had tried many doctors, and all of them had failed to do me any good. The place first made its appearrnce about fourteen years ago, and continued to grow until it was about the size of tht top of a tea-cup, when you made the first treatment. I think in about three months from the time you first treated me it was perfectly well, and now it has been cured some considerable over twelve months, and I feel no fears of its return. Now, I

This is to certify that I had a tumor located at This is to certify that I had a tumor located at the inner corner of my eye-brow, about the size of a marble, extending down in the corner of my eye. It had been coming for some eight years, and for the last three or four years gave me much uneasi-ness, as my eye was much affected by it; but after, some six weeks of Dr. Wollard's treatment the tu-mor came out, and my eye was well, and it has now been well some three or four months as well as the been well some three or four months—as well as it was—not injuring my sight in the least. So Lean heartily recommend the Doctor to all who may be afflicted with similar diseases.

I suffered in-tense pain with It, and much uneasiness of mind. I applied to Dr. A. G. Wollard, of Richmond, and he undertook my case, and after six months' treatment by him, I was entirely well. I consider it a perfect cure, leaving no trace of the disease whatever-several months having pass since the cure was et-facted. I do most chartely wells result were was et-
