A TALE OF TWO CRUTCHES. A Well Known Citizen of Atlanta

Lays Down his Crutches. I have only a few words to say, which are to state that I have been confined to my bed for two months with what was called Nervon Rheumatism, or Sciatics. I was only enabled to hobble about occasionally by the use of crutches, and in this condition I commend the use of B. B. FRIGHTFUL NASAL CATARRH.

Pieces of Bone. For four years I have been afflicted with a very troublesome catarrh of the head. So terrible has its nature been that when I blew my nose small pieces of bones would frequently come out of my mouth and nose. The discharge was coplous and at times exceedingly offensive. My blood became so impure that my general health was greatly impaired, with

poor appetite and worse dig. Numerous medicines were used without relief, until I began the use of E. B. B., and three bottles acted almost like magic. Since their use not a symptom has returned, and I feel in every way quite restored to health. I am an old citizen of Atlanta, and refer to almost any one living on Butler street, and more particularly to Dr. L. M. Gillam, who knows
