A TALE OF TWO CRUTCHES.

A Well Known Citizen of Atlanta Lays Down his Crutches.

I have only a few words to say, which are to state that I have been confined to my bed for awo months with what was called Nervous Rheumatism, or Sciatics. I was only enabled to hobble about occasionally by the use of grutches, and in this condition I commenced the use of B. B. B., four bottles of which enabled me to discard the use of my critiches and attend to business. I had previously used all well recommended medicides without relief. It has been over two months since using B. B. B., and I consider myself a permanently eured man. J. P. DAVIS,

Atlanta, Ga. (West End.)

Pleces of Bone.

For four years I have been afflicted with a very troublesome catarrh of the head, So terrible has its nature been that when I blew my nose small pieces of bones would frequently come out of my mouth and nose. The discharge was copious and at times exceedingly offensive, My blood became so impute that my general health was greatly impaired, with

relief, until I began the use of B. B. B., and three bottles acted almost like magic. Since their use not a symptom has returned, and I feel in every way quite restored to health. I am an old citizen of Atlanta, and refer to alparticularly to Dr. L. M. Gillam, who knows

ested in blood and Skin Diseases, Scrofula, Bheumatism, Ridney Troubles, etc., wonderful and anguestionable testimony of cures effected by the use of B. B. B., the quickes or six for \$5.00. Sold by all Druggists, or B2. pressed on receipt of price.
