

Subscription Rates

The subscription rates of the Carolina Watchman are as follows: 1 year, paid in advance, \$1.50...

PERSONS writing for information on matters advertised in this paper, will please say "advertised in the Watchman."

Take the first opportunity to register.

Look out for the young men coming of age in your neighborhood, and induce them to register at once.

Dr. B. L. Beall, of Lenoir, passed through yesterday morning in charge of the exhibit of Caldwell county for the State Exposition.

Mr. W. A. Luckey, the nominee of the Republicans of this county for the lower House of the Legislature, has declined the honor, and it is said that Mr. Jas. F. E. Brown has been appointed to fill the vacancy.

IT FEEL.—The Republicans of Salisbury and surrounding country, have been preparing a very tall flag pole for some weeks. They finished it a few days ago...

CHINA GROVE CORRESPONDENT.—This village is still on the improve. Several neat dwellings have lately been erected. The steam flour and saw mill is kept busy...

Meeting of the Executive Committee.—The Democratic Executive Committee of Rowan county, whose names are appended below, are urgently requested to report at their rooms in Salisbury on Saturday morning, September 27th.

Salisbury Township.—L. H. Clement, A. H. Boyden, Jas. H. Crawford and Theo. Buerbaum.

Scotch Irish.—D. B. Roseboro. Atwell.—D. C. Bradshaw. Morgan.—J. J. Newman. Franklin.—James Monroe. Litaler.—A. H. Heilig. Unity.—John A. Bailey. Locke.—R. L. Cowan.

Gold Hill.—A. C. Manney. China Grove.—C. H. Bruner. Providence.—Dr. C. M. Pool. Steele.—J. Rowan Davis. Mt. Ulla.—J. K. Goodman.

SOMETHING USEFUL AND VALUABLE.—We to-day received from J. H. Zeilin & Co., the proprietors of Simmons Liver Regulator and Darby's Prophylactic Fluid, a copy of "The People's Regulator," a pocket companion, useful for every body, man, woman and child, and we hope our readers will get a copy as they will find it valuable in many ways.

Mr. Editor:—As your correspondent predicted, Mr. Jackson Sechler, of our township, has been kicked off the track for Sheriff to leave the field clear for the Conservative-Liberal-Radical-Anti-Prohibition-Democratic candidate, Claudius Mills.

How HE GOT A POSITION.—I applied for a position in a banking house in Wall street six months ago, and although I proved my competency, they would not take me. I had been down on my luck and looked old and shabby.

Last Friday a little son of Mr. M. A. Emerson, of No. 3, was playing about 300 yards from the house, he was bitten on the leg by a copperhead snake.

L. H. CLEMENT, Esq., having received the appointment of Prosecuting Attorney in the place of Mr. Dobson, whose health has disqualified him for the duties, is in town this week, after an absence of several weeks attending court in Davie and Davidson counties.

THE SCHOOL ROOM.—This is to be a memorable year in the educational history of North Carolina. From every direction comes the report that the schools are flourishing.

At the bicycle tournament at Spring-Field, Mass., Wednesday, ten miles were covered by Howell, an Englishman, in thirty minutes and seven and one-fifth seconds.

A NEW INDUSTRY IN ROWAN.—We are glad to note that Mr. Smithfield, in connection with some enterprising farmers and threshmen, has introduced a "Clover Thresher and Hauler," and has succeeded in demonstrating the fact that the farmers of the county can successfully raise their own seed and thereby save thousands of dollars that have heretofore gone North.

At the bicycle tournament at Spring-Field, Mass., Wednesday, ten miles were covered by Howell, an Englishman, in thirty minutes and seven and one-fifth seconds.

At the bicycle tournament at Spring-Field, Mass., Wednesday, ten miles were covered by Howell, an Englishman, in thirty minutes and seven and one-fifth seconds.

At the bicycle tournament at Spring-Field, Mass., Wednesday, ten miles were covered by Howell, an Englishman, in thirty minutes and seven and one-fifth seconds.

MINING.

T. H. BRUNER, MANAGER.

The Parr is one of the strongest veins in this country. Averaging 3 1/2 feet in width. Although the shaft is but 47 feet down with levels run 40 feet each way they have produced over 300 tons of ore.

The Phoenix mine has been in successful operation for more than two years. The main shaft is down 225 feet on a quartz vein carrying auriferous iron pyrites showing a small percent of copper. The ore is treated by Chlorination for the gold, the copper being saved by precipitation on iron.

The Mulligan Letters.—What Leading Republicans Say. N. Y. Post.

The tone and character are the same in all. They show that the Republican candidate for the Presidency used the speaker's chair as a stock jobbing office for his private gains, that he told falsehoods about his transactions whenever it was necessary to do so to conceal them, and that he was smart enough to make a fortune out of the business.

There is no position that the Republicans can take which would play better into the hands of the Democrats than such a position as Dr. York takes on educational subjects.

The bold statement that he stands on is that the Democratic party is opposed to the education of the masses. Legislation at every stage in its recent history, showing that directly the opposite is true. But, after all, legislation is not the broadest proof of refutation of this kind of an assertion.

Take a common-sense view of the question. Is it true that the Democratic people of North Carolina are opposed to the education of the masses? Who are the advocates of education in the State, and who have done, and are doing, our best educational work?

Democratic money has built every graded school building in North Carolina. Democratic legislation established, and Democratic money maintains every normal school in the State. Democrats established and Democratic money maintains every graded school for colored children in the State.

North Carolina is spending more money for education in proportion to her taxable wealth than Massachusetts; and nineteenth of it is Democratic money.

Brooklyn Union.—The correspondence between Mr. Blaine and Messrs. Fisher and Caldwell published this morning finally and absolutely convicts the Republican candidate for the Presidency on these two counts of indictment against him: 1. That he prostituted for private gain his position as Speaker of the House of Representatives, and 2. That he endeavored to conceal this offense by a series of wilful, deliberate and unmitigated falsehoods.

That Marriage of Blaine's.—Washington, Sept. 22.—[Special.]—The Boston Herald has published the following, which shows that Blaine's statements about his marriage were entirely untrue. Again Mr. Blaine invites the confidence of 50,000,000 of people in one of his explanations and again with disastrous results to himself.

Blaine is in a far more pitiable condition now than he was when he implored Warren Fisher to have pity on him.

DIED.—In this city, Sept. 12, 1884, MARGARET ERL, widow of Mr. I. H. and Mrs. Amelia L. Foust, aged 10 months and 19 days.

Little Ethel, though a very young child, had many friends whom she attracted to herself by her sweet smiles, and gentle, intelligent ways.

There is the complete, unassailable and overwhelming evidence of Mr. Blaine's own letter of Oct. 4th, 1871, as read by himself in the House, showing that at that time he acknowledged the receipt of \$50,000 in land grant bonds and the evidence of Mulligan, undisputed by Blaine, that later on he had received in all \$121,000 worth of bonds, without the expenditure of one cent on his part.

There is the complete, unassailable and overwhelming evidence of Mr. Blaine's own letter of Oct. 4th, 1871, as read by himself in the House, showing that at that time he acknowledged the receipt of \$50,000 in land grant bonds and the evidence of Mulligan, undisputed by Blaine, that later on he had received in all \$121,000 worth of bonds, without the expenditure of one cent on his part.
