Carolina.

## From the N. Y. Mining Journal.

SIR,- in enumerating the resources of North Carolina one hardly knows with what to begin. It is best, perhaps, to say what Nature has done for that State and then enter briefly into the advantages offered to capital and immigration. From the Atlantic seacoast to the extreme west it is one continual rise, until in blue Ridge Mountains (the highest of which is 700 feet), we are on an average 5000 feet above the level of the sea. Let Morgan's and the idea at once given is that this long sloping stretch of land from the Blue Ridge Mountains to the Atlantic Ocean must give an even temperature, which is a noted fact in that State. In the extreme eastern part the months of maintaining an even temperature. The State is wonderfully adapted to the protion with which she covered the graves in her lite. duction of cotton, tobacco, corn, wheat, Deep in her heart the memory of her dead lived undyingly, but it was a memory which she would not oats, vegetables of all kinds, peaches, shroud with gloom, nor would she suffer her grief apples, melons, pears, grains, &c. Almost every known wood is found in the to darken the sunshine of others. On the contrary, she strove to make that sunshine brighter wheney- State in abundance. And as regards er and wherever she could. The eager and vivid minerals it is simply beyond comprehenfering and failing strength-she retained the won- the gems, including the diamond. There are about 3000 white and 1200 gro voters in Rowan county. Suppos-500-of the white voters to be Radimiority of 800 white votes. "This makes church, before Oct. 26, 1884. allowance for Democrats coming of age of for negro Democrats. Taking them in the calculation, our majority in verember should not be less than 1000. Democratic friends, let us work for that majority.

The most favorable reports of the councanvass reach us. The Democratic indidates, strong in the justice of their anse and in those personal quartics that ammend them to the people, are making Sugorous and effective campaigh. Dr. Wieman makes hosts of friends where eter he goes, while Mr. Overman is en hising the people with eloquent appeals bead and heart. And nearly-everybody is in favor of perpetuating that awful Courthouse ring.

SPEECHPES IN ROWAN .- We are not are that we can enumerate all the Democatic speeches made in this County during last week. There was a voice from almost every stump, and still the people are crying for more. Mr. Coke spoke at Gold Hill and to the Salisbury Club. Judge Fowle spoke at Third Creek. Theo. F. Kluttz put in some blows. Luke Blackmer and Hon. F. E. Shober at divers places and times. T. C. Linn was

also out, and Dr. J. W. Wiseman and Lee S. Overman, on the stump almost every day, have kept the fires burning. The township Committees and Clubs are alert and doing their duty; and up of all expenses, and a clear saving to the tery." to this day, there is no giving back. If very few farmers of Rowan county who -Rowan fails to roll up her whole strength on election day it will be most unaccountable.

The mouth-piece of the republicans and some one or two individuals of that party in this community who assume by examine the work of the new machine, winks and blinks garnished with "cuss the only machine in North Carolina made words" to "know it all" in respect "to for hulling clover seed exclusively. every act of rascality enacted within the county, boldly assert that the Democrats bought negro votes at this precinct two years ago,

We deny the charge and demand the proof. Name time, place and persons Editor Watchman : both in buying and selling; We can produce dozens of respectable white men the morning the members of the Demo- door against others, neither shall it be who will unhesitatingly denounce the cratic Club raised a flag across two of closed against us. this season.

To the Editor of the Salisbury Watchman: and lives of others, which no one can fill-these the year 400%, worth of tobacco, besides I have been solicited by some of our memories remain, a beautiful testimony to her wheat; corn, vegetables, &c., sufficient largest farmers, especially the clover worth, to all the noble qualities which made her for his support. Consequently, at, the growers of this county to publish through so admirable and so beloved. True as steel to every end of three years the party has paid for the columns of your paper a statement duty and in every position of life, like the valiant of the result of my clover hulling this woman of the wise King of Israel, her works may season and the many disadvantages with well "praise her in the gates." And of those works,

which I had to contend. her daily path, only those can speak who knew her I placed my order with the Empire most closely, she never spoke of them herself. But ngine and Machine Co.; at Hagerstown, close to her heart she had laid the second com-Md., some time in July for this machine. Not feeling sure that I could get it in thought, word and deed to love her neighor as her. while in some of the counties is produced confidently recommend it to those suffering ime for this seasons work. Could not self. How well she succeeded those whom she has the finest wheat in the United States, from Dyspepsia or any derangement of the advertise it in time to have the farmers helped in so many different ways can rise up and weighing 66 lbs, to the bushel. Regard- digestive organs. It gives tone to the stomsave their clover crop. say-for none ever went away unhelped who came

On or about the 29th of September I to her for aid. "Inasmuch as ye have done it unto received the machine, and started it out the least of these my brethren, ye have done it unto shuttle bloc. s from dog wood first; anyal once, then too late for many of the me," said the divine lips of the Lord of life and farmers who had already cut their clover light-and to the end of her mortal life, to the fuland mixed it with other hay. Some had extent of her means and power, she faithfully served im in the poor whom He has left as flis represenleft their clover in their fields to rot. tives on earth. having been told it could not be hulled

And so,-full of years and honors and good works, otherwise, which is a mistake. Clover she has passed away, from the hearts that loved to be hulled must be cut and cured, then her and from the earthly home which has enshrinput up on cocks and remain in the fields ed her presence so long to an eternal Love and an until ready for hulling. Considering the eternal home, where we may hope and pray that many disadvantages under which the her ears have been gladdened by the tender and and pine, with capital will yield fortunes clover hulling business had to be operaprecious words,"-"Well done, good and faithful to the investors. At present many of ted this season, and resulting as it did. servant. Enter thou into the joy of thy lord." pleased the farmers so well, that they

insist on having the public know some-On October Sth. Elizabeth, wife of John Y. Rice, in the 62d year of her age. Mrs. Rice left a husband which state of things must soon come to thing of the saving to the farmers of and five sons to mourn her departure; four of her this county in the way of raising their own seed, and keeping their money at children having gone before her. From her childhood she has been a professed follower of Christ.

"Blessed are the dead that die in the Lord, even Below 1 give a few facts and figures in so saith the Spirit, for they rest from their labors." this case. My huller was out 14 days: in that time it hulled and cleaned 550

The Maryland press rightly declares playing all the products and all data bushels seed, taking from this amount one-third, 183 bushels as tole, it leaves that "it is just as wicked to gamble in 367 bushels, which at \$8.00 per bushel amounts to \$2,936, this amount is clear a religious grab-bag as in a secular lot

Glass Houses.

Those Who Live in Glass Houses Should Not Throw Stones.

"The wicked fleeth when no man pursueth." It is amusing to see how tender-footed certain blood remedy proprietors hav : be come of late. They make much ado about "apes and imitators," when none are in sight.

The proprietors of B. B. B. would say most emphatically that their remedy stands upon its own merit. Should we attempt to imitate, it would not be those who donot understand the modus operandi of that which they offer. Our own long experience in the profession precludes such an idea. The field for blood remedies is large and broad affording ample room for all present Yesterday was a stiring day here. In aspirants, We do not desire to close the
