The Trip of the Philadelphia Merchan -How Engineer Worley Shook 'em up at the Rate of a Mile a Minute.

A special train bearing a party of Philadelphia merchants with their wives, passed through Charlotte at 3:20 o'clock yesterday morning, on the way to New Orleans. The party all told, numbered 95 people. They had the same train of cars used on January 20th by the Knights Templar of Philadelphia, including the palace Pullman car "The President." Capt. Ed. S. Lee, general passenger agent of the Richmond & Danville road, met the party at Lynchburg, and accompanied them to Charlotte. It was the toniest crowd that has ever invaded the South, everything about them being gilt edged. They were provided with elegantly engraved and artistically printed programmes of their route, which give the hour of their leaving Philadelphia, hour of arriving at different places along the
