DEATH OF C. J. MILLER. - The community was shocked Monday last by the reported death of Mr. Miller, who but three or four days before was in apparent health and strength. He was taken down on Friday with erysipelas in the face and died Monday morning. He was prosperous man and has left a family to deplore his sudden removal.

PROTRACTED MEETINGS .- A protracted meeting was commenced at the Methodist church last Monday morning, under A Porter, the ministry of the pastor, Rev. Joseph Hester Sears. Wheeler. Also, at the Baptist church, last night, under the ministry of Rev. Mr. Jordan, assisting the pastor, Rev. Mr. Tuttle.

TOBACCO SALES .- For more than a week there has been very active operations at the Tobacco Warehouses here. Last Thursday, Friday and Saturday were big days. The streets about the warehouses on Saturday were crowded nearly all day with wagons to the number of nearly one hundred at each place, unloading and waiting to unload. Sales were as rapid as the criers could make them, and the prices have been decidedly good. Farmers fully realized expectations and went home well pleased. SMALL THINGS .- Under this head a friend sends us the following: The world is made up of small things-"little drops of water and little grains of sand." Take these grains: Water can be heated over any lamp provided with a fluted or scalloped rose top chimney. Use a medium size flame and the draft will be sufficient to keep up the fire. Set the vessel on top of the chimney.

Water or liquids of any kind-milk, syrups, wine, &c .- may be kept cool and fresh and drinkable by wrapping the vessel containing it with a towel or other porous fabric, wet, and setting it in a basin of water, so as to secure constant evaporation, which produces a low degree of temperature. Useful in the sick room. Never sit in a draft between two open doors or windows. Ventilate from the top and bottom of windows-the bottom to let in fresh air and the top to carry of viciated air.

News and Observer: It was yesterday decided by Gov. Scales to have the encampment at Asheville in July. Tents will be at once purchassed by the State. There is no doubt that there will always hereafter be an annual encampment.

CANCER CURED.

Mrs. Oliver Hardman, an old resident of Walton county, and a lady of culture and prominence, has this to say of the treatment of cancer with Swift's Specific:

place healed up after some time, and seemingly my face was well. However, in a few years it returned again with more violence than ever. It gave me a great deal of pain. The former remedy seemed to do it no good. Knowing the disease to to do it no good. Knowing the disease to run in the family, having had one sister to die with cancer, I became seriously apprehensive of my condition. It continued to increase in size and virulence. I almost gave up all hope of being cured. The physicians advised the use of the knife and caustic. This was more than I could bear, and refused to have it operated upon in that way. All other remedies were used, but the cancer continued to grow worse. The pain was excructating, and my life was a burden. In this extremity my son, Dr. Hardmen, recommended me to try Swift's Specific. It was the last resoft, but I was so prejudiced against the use of kidneys, and a lded twenty-one pounds to patent medicines, and especially this one, my consent, not believing there was any virtue in it. She got a bottle of Parker's Tonic and isfaction, and we cheerfully recommend it improvement. The spot on my face began sprang up in heart. Could it be, I asked myself, that I was at last to be relieved of this disease? It has given me so many dark hours in the past that the lidea of being well again almost overpowered me. There was a contest between hope and fear for a long time. It was a long night of weeping, but joy came to me with the morning. There is nothing left to mark the place but a small scar, and I feel that it is impossible for me to express my gratitude for this great deliverance. It is a

"I DON'T FEEL LIKE WORK."-It makes no difference what business you are engaged in : whether you are a preacher, a mechanic, a lawyer or a common laborer, you can't do your work well while you are half sick. Thousands try to, but all in vain. How much better to keep your organs in good order by taking Parker's Tonic when you feel "a little out of sorts." It would be money in your pocket. One hour of good, rejoicing health is worth half a dozn hours full of languor and pain,
