trade.

Rev. J. W. Davis, D. D., delivered an
address on China, the missionary work,
etc., before the Presbyterian congrega-
tion at Charlotte, last Sunday.

The Railroad Company have put up
a new cattle pen for the use of ship-
pers. It will accommodate 200 or 300
head.

Mrs. O. D. Davis has returned home
from the mountains, where she with
the little ones have been spending the
summer.

A train had been knocked from
freight No. 20 on the R. & D. Road
the early part of the week. No serious
injury sustained.

Thanks for a ticket to the Piedmont
Fair, to be held at Hickory next month.
See more extended notice of the Fair

Milton A. Foster comes to the front
with a sweet potato weighing 4 1/2 lbs.
His farm is in that rich section of
country near Jerusalem, in Davie
county.

Hinton A. Helper being taken with
the idea that Mocksville will soon have
railroad communication with Salisbury,
has purchased a 300 acre farm near
that place.

See the advertisement of Mr. C. A.
Kraus, house, sign and fresco painter.
He makes a specialty of indoor decora-
tion. Remember that he is here and
a good reliable painter.

The Black Mountain "Pioneer" pub-
lished at Burnsville, Yancey county,
N. C. is a clean and wide awake little
sheet, and comes as a new breeze from
the mountains.

New cotton buyer on the market.—
J. W. Miller of the firm of R. M. Mil-
ler & Son of Charlotte was in the city
this week and has selected a party to
purchase cotton on this market for his
firm.

Mr. Monroe Boyd was pawed by a
vicious mule one day this week, at
Dunn's mountain. This same longed-
embrued of stubbornness has done
mean things, before, having bit a man
severely.

Communion services will be held in
the 1st Presbyterian Church on next
Sunday morning, Rev. Dr. Rumble will
be assisted by Rev. John W. Davis D.
D., who will lecture on China some time
during the preparatory services.

The graded school opened on Mon-
day with 230 scholars. Prof. R. G.
Kizer, and H. J. Overman, with the
assistance of those excellent lady teach-
ers Misses Bessie Neely, Capitola Moore
and Florence Woodson have the flock
in charge.

The "Calico front" business house
has disapp'ed, and in its stead Innis
street boasts one nicely stuccoed—fin-
ished in imitation granite. The im-
provement is marked and goes to show
what changes can be made to the ad-
vantage of a community, by a few days
of the appearance. Fix up is the motto
now.

Capt. Chas. Price of this city has
gone to Danville in connection with
legal business for the R. & D. Railroad.
It is reported that he will open nego-
tiations for the purchase of the narrow
gauge road running out of that place,
for the R. & D. Company.

Capt. Parker, an old "West Pointer"
informs us that the new military com-
pany will have new uniforms and use
regulation state guard rifles. Capt. P.
likes to do things correctly and if it is
left to him the Company will be a
credit to Salisbury.

Col. P. N. Heilig is beautifying his
building occupied by J. A. Clodfelter,
by having it repainted and a granite
front added; thus making it one of the
most attractive buildings on Innis
Street, J. A. Pierce of Statesville is
doing the work.

Miss Rosa McCorkle, lately returned
from the New England Conservatory
of music, Boston, where she completed
her musical education, has gone to
Concord where she will teach music.
Miss Rosa has many friends here and
we shall miss her.

A North Carolina invention in the
way of a wheat and other grain clean-
ing machine is being exhibited this
week on the street by that enterpris-
ing Winthol Agricultural Works and
deserves notice on account of the beau-
tiful work it does and from the fact
that it is a home invention.

Mr. J. G. Fleming, one of the oldest
and best men in this county, died at
his home on last Tuesday. Mr. Flem-
ing was several times honored by his
fellow citizens to positions of public
trust. He was always true to the re-
sponsibilities entrusted to his care. The
county has lost a valuable and worthy
citizen.

An engineer of some importance, re-
siding in Ohio, writes to a gentleman
in this city and says: "I am in receipt
of letters from Indiana towns wanting
me to erect water works etc. Even if
my offer be accepted, I don't want to
lose any chance which may develop in
North Carolina where is a greater fu-
ture."

NORTH CAROLINA HERALD.—Messrs
Buerbaum and Eames, two young men
of the town will begin the publication
of a weekly paper of the above name,
early in October. These young men
have extensive knowledge of business in
a general way, and have been successful
in business undertakings in the past,
and the WATCHMAN wishes them all
success in this new field, and an abun-
dant harvest as the result of their labors.

A CONGREGATION STUCK.—At Union
Church, in Providence township, the
congregation carry news papers to
church with them. This practice was
only begun a few Sundays ago. The
benches had been varnished with raw
oil and the other Sunday when the
preacher said amen to the benediction
the people had some difficulty in rising
—the most of them were fast to the
seats. They now take news papers a-
long to sit on.

TOBACCO.—The Warehousemen re-
port that sales in leaf continue brisk,
and that good prices rule.

The farmer should be very careful in
curing this season. Very little bright
golden tobacco has been produced this
season, owing largely to faulty artifi-
cial curing. The crop is such a large
one that there is danger of slighting in
the curing. No greater mistake could
be made. The prices will run very
low on the ordinary grades, while for
bright golden wrappers and smokers,
prices must stay at highest figures.

A. H. Boyden, postmaster, has han-
ded the reporter the following tele-
grams. The man Eagle was a fugitive
from justice, having robbed the Salis-
bury and Albemarle mail several times.
The detectives with the help of the
postmaster have succeeded in bagging
their game.

Prescott, Ark. Sept. 2d.
To A. H. Boyden, P. M.
Geo. gave his sister, Mrs. B. twenty
dollars to buy a horse. Confesses it all—
will leave at ten this morning with him.
J. T. THOMAS, Inspector.

A SECOND TELEGRAM.
Washington, D. C., Sept. 3d.
To A. Boyden.
Geo. H. Eagle was captured at Pres-
cott, Ark. today and confessed all. They
left with him at ten today for Salisbury.
WM. T. HENDERSON, Inspector.

**The Bridge—Prospects look Good—Our
Citizens Go to Work.**

In conversation with Wm. Smith-
deal, who is ever alive to the interests
of the city and county, regarding the
building of a bridge near the R. R.
crossing, he says: "Baldy Boyden and I
with others at the back of us, have
gone into this thing and are going to
the bottom of it. We have telegraphed
Col. Andrews to know at what price
we can purchase the timber in the
R. R. bridge they are now tearing
away to be replaced by an iron one.
We believe with these timbers we can
build a bridge for something like
\$2,000 as the old stone piers are still in
good condition. If we can do this it
will bring hundreds of wagon loads of
Tobacco and cotton this way which at
present are debarr'd on account of
crossing thriver. Our next plan will be
to have a direct road or extension of
Main Street right to the bridge, as
farmers and others object to driving
along side of the track."

Can any one possibly object to this
bridge or the plan proposed? Can any
merchant or citizen of Salisbury refuse
to help? And can enough be said in
praise of Mr. Smithdeal, Boyden and
others interested, if they work this
business to completion? Let's have that
bridge by any hook or crook.

The amount of building and re-
pairing going on at present in the city
gives it a very busy appearance. Scarce-
ly a week ago the vacant lot near the
W. N. C. R. R. Offices was opened and
teams came rolling in with lumber,
bricks and etc. Today we see the frame
and heavy work completed of the
house to be occupied by Capt. V. E.
McBee. The architecture is something
beautiful and modern and is a credit
to the designer, Maj. T. H. Bomar. It
proves conclusively that \$10 or \$25
paid to the architect is the means of
securing a modern and uncommon
home at as cheap rates as the primitive
every-day house. Our contractors
and carpenters are all over-run with
work and the sound of the saw and
hammer is heard from morn until eve.

MARRIAGE BELLS.—Last evening St.
Luke's Episcopal church was a blaze of
light, and every available space, inside
and out was crowded by the throng of
friends and acquaintances who had
come to witness the marriage of Rev.
Gaston Fercken, Church of the Emanu-
el, Islip, Long Island, to Miss Selena
Roberson Shober, the accomplished
daughter of Hon. F. E. Shober.

The ceremony was performed by Rev.
F. J. Murdoch, pastor of St. Luke's,
assisted by Rev. Frank Shober, brother
of the bride, and pastor of St. John's
church, Barrytown, N. Y.

The ushers were Dr. John White-
head, Messrs. C. A. Rice, F. F. Smith,
and Harry J. Overman. Little Miss
Laura Bingham, Fannie Caldwell and
the little Misses Beard acted as flower
girls.

The wedding march was composed
by Prof. Leo. Wheat, of Virginia, bro-
ther to the bride's mother, and render-
ed by Miss Lillian Warner.

There were many beautiful and val-
uable presents sent the happy pair, and
many cards of congratulation, among
them one from ex-President Arthur.

Mr. and Mrs. Fercken took the eve-
ning train for New York.

PERSONAL.—Miss Maud Amyette of
Newbern is the guest of Miss Sallie
Scales this week.

Mr. Thos. Montgomery, formerly
with the agricultural department, was
in town last week.

Rev. Mr. Flynn, of the first Presby-
terian church of New Orleans preached
at Dr. Rumble's church last Sunday
night.

Capt. Chas. Price and Luke Black-
mer, Esq., have been attending court
at Lexington this week.

Miss Addie and Lelia Young, daugh-
ters of Gen. Young of Charlotte, have
been the guests of Mrs. Arch'd Young
this week.

Mr. Archie Young has been at home
for some days. Heretofore to his du-
ties in Charlotte last Tuesday.

Miss Carrie Rendleman has gone to
Staunton Female Seminary, Va.

Mr. Will M. Neal, of Mt. Ulla town-
ship, has been engaged at Merony &
Brother's.

Mr. Claud Ramsay, son of Dr. J. G.
Ramsay, will become a clerk at Gas-
kill's store.

Rev. J. M. Wilson, of the M. E.
Conference, was in the city this week—
guest at Mr. J. D. Gaskill's. He is bro-
ther to Rev. Mr. Wilson, of Davie.

Mr. Davault Klutz has brought in
the first new bale of cotton. Other new
cotton has come into market.

Miss Jennie Bingham has returned
to St. Mary's Institute, Rale-
igh, where she will graduate in the
spring.

Miss Hally Wetmore of this county
has entered Thomasville Female College.

Miss Mamie Ellis daughter of the
late Gov. Ellis and Mrs. Manley, both
of Newbern, are guests at Mrs. Pen-
son's.

Mr. W. S. Blackmer, is representing
a Northern business firm in Texas.

FORTY-SIX YEARS AGO.—It is not en-
tirely without interest to take a glance
backward at the town of Salisbury,
Sept. 20, 1839. There were then two
newspapers published here: "The West-
ern Carolinian," by the late Benj. Aus-
tin and C. F. Fisher; and "The Caroli-
na Watchman," by Pendleton and Brun-
ner. The following is gleaned from
one of them:

Van Buren was then the coming
Democratic candidate, and Henry Clay
leader of the Whig party.
Deaths: McCoy Gillespie, aged 61;
Margaret M. Hayes, in Ala., aged 23;
Nancy M. Ray, in Lincoln county, aged
27.—Robt. Johnson offers for sale 1,000
acres of land. J. & W. Murphy have
just received for wholesale and retail,
a large lot of cotton bagging, bale rope,
nails, coffee, sugar, steel, iron, etc. Dr.
Leander Killian offers his professional
services, &c. Charlotte Female Aca-
demy, under the superintendence of Mrs.
S. D. Nye Hutchinson. R. W. Long,
Colonel Commandant, calling out the
64th regiment N. C. militia for gen-
eral review, J. M. Brown, Adjutant.—
Morris Multicaulis bids for sale by E.
L. Winslow, Fayetteville; La Fayette
Hotel, by Edward Yarbrough, Fayette-
ville; F. R. Rouchie, confectioner; Dr.
Geo. B. Douglas offers his professional
services. Jno. I. Shaver, ranger, adver-
tises a horse taken up. C. S. bonds for
sale at Watchman Office. B. F. Fra-
ley, tailor. H. C. Jones offers for sale
"Martin's Sheriff, Coroner and Const-
able," a form book. Emporium of Arts
and Sciences, by Turner & Hughes,
Raleigh. Salisbury Male Academy, by
Rev. J. D. Scheek and J. S. Johnson.
Turner & Hughes advertise James Ire-
dell's Law Digest. Mrs. Susan B. Pen-
dleton, milliner and mantua maker.
Benj. Rusk, S. C., and Rich'd Overstreet,
Va., advertise runaway negroes. Chas.
Mock, Davidson, and James A. Horn,

Pittsboro, advertise Morris Multicaulis.
C. B. & C. K. Wheeler, druggists. Da-
vid Watson, cabinet maker, &c. The
names of most of these persons have
passed out of memory.

Services for the Lutheran congrega-
tion, will be held in the Courthouse on
Sunday morning, at 10 1/2 o'clock, by
Rev. Stendenmire, pastor.

MINING DEPARTMENT.

New York parties write us to know
of a rich find near Huntersville, in
Yadkin county, N. C. They say that
some people in New York have very
rich specimens and are claiming a
very rich discovery. Will some one
at Huntersville state us the facts.

NEW GOLD VEIN.—In Henderson
county, near Boylston Postoffice there
is a vein of mineral from four to six
feet in width, and traceable for a half
mile by easily identified outcrops. The
vein has free gold on the surface, but at
a depth of fifteen feet both auriferous
sulphide and argentiferous galena ap-
pear in the lode. The vein seems to
have a gneiss for a hanging wall,
while a greenish, probably chloritic,
talc-slate forms the foot wall.
These facts are from Dr. C. D. Smith
who as expert went out to examine the
locality.

The Coming Event.

A festival of wonders to be presented
by W. W. Cole's Great Shows.—The
grandest of all the great shows is soon to
be seen here; it is on its way, and is al-
ready heralded by a brilliant array of
pictorial illustrations on the walls, and
the newspaper announcements fix the
date on which the canvas city will be
erected here a Monday, September 28th.

This announcement will be hailed with
unqualified pleasure by our citizens, with
whom Mr. Cole bears an enviable reputa-
tion as an amusement caterer. To the
lovers of the circus, Mr. Cole always pre-
sents an unexceptionable entertainment,
while to the student of natural history
the thoroughly complete menagerie of
noble and well-kept specimens of almost
every known species in the animal king-
dom presents a field as interesting as it
is varied. His exhibitions are given under
a mammoth canvas pavilion, which is
but one of a vast city of tents required to
accommodate the entire outfit, and are
replete with novel features, and requir-
ing several rings and an elevated stage
to introduce the programme of upward
of sixty acts of which the programme
consists. These embrace leaping, um-
brelling, trapeze performances, aerial bicy-
cling, roller skating, bareback riding,
performing animals, a troupe of Bedouin
Arab athletes, with performing Turks,
Monks, Mexicans, a snake charmer, trick
artists, a tight-rope walking horse, a
two headed cow, and numerous other
features. Prominent in the menagerie
department is Samson, the largest ele-
phant ever brought to this country, and
the white hippopotamus. Every feature
about the show is a pleasant surprise.
It will be a grand festival for this and
surrounding towns—an event that may
not occur again in years, and none should
miss it.

Will Salisbury Come Forward?

For some time the DAVIE TIMES has
endeavored to show, not only the practi-
cality but the paying investment of capi-
tal in the construction of a railroad from
this place to some convenient point as an
ingress and egress to one of the best ag-
ricultural sections in the State. The
TIMES has backed its assertions by in-
disputable figures which cannot fail to
attract the attention of capitalists looking
for safe investments.

As Salisbury was for many years, and
is now to some extent, the point of entry
to Davie County, it was the market also,
and makes it more desirable for railroad
connection; and if the people of that place
are not anxious to see the scheme already
mapped out consummated, they are, in
our opinion, blind to their own interest.

Winston and Statesville have, for the
past decade, enjoyed the greater benefits
of Davie's trade, which would be turned
toward Salisbury and her agricultural
products emptied in our lap if proper
transportation was afforded. Without a
railroad this produce is bound to find
market at the above named places as
they are nearer and more convenient by
the crude mode of transportation—wagons;
and a railroad centering here would give
easy access from all parts of Davie and
turn the commercial tide toward Salisbu-
ry.

The questions to be answered by our
Salisbury friends are: Do you want a rail-
road from that place here and reap the
benefits arising thereby? If so, are you
willing to meet us half way with fifty
cents in the dollar of the actual cost of
constructing and equipping said road?

If Salisbury answers these questions in
the affirmative let her citizens meet and
select representative men and name the
day, and Davie's representatives will
meet to perfect arrangements by which
the ball can be put in motion. What say
you, Salisbury?

The people of Davie are determined to

have a railroad outlet and if Salisbury
will not move in the matter then our at-
tention will be directed toward another
point of connection.

Many of our citizens will be interest-
ed in the above from the DAVIE TIMES,
and by it can be seen that her people
are in earnest regarding the iron road
between Salisbury and Mocksville.
Davie has shown that she has the freight
to make such an enterprise profitable
and is "popping the question" to Salis-
bury. What will the answer be.
Davie means business, and the business
that's in her can be directed this way
if we accept her offer. Improve this
golden moment and it will be a grand
builder-up of our county and city.
If the citizens will take the map of our
State and seriously take in the position
it will be vividly apparent that we
must in order for new prosperity link
our sister county and town to us by
that mighty progressor of all things,
the iron horse.

A little grammar is a dangerous thing.
"Johnny be a good boy and I will take
you to the circus next year." "Take me
now, pa, the circus in the present tenses."
A stranger was asked if he was afraid
to sleep in the ghost chamber. He was
not. In the morning he was asked if he
had seen any ghosts. "I did. And I laid
a subscription list before him, asking him
to help our base ball club along. He was
evidently embarrassed, and I did not see
him again."

Romantic young ladies who open their
casements at night and gaze pensively
upon the moon are very foolish. The
moon is 240,000 miles distant, and if there
was a man in it they could get him.
What's the use of being unreasonable?—Ez.

A VOICE FROM PROVIDENCE, R. I.

For twenty years I have been afflicted
with a dreadful blood poison, and during
all those years I have had the best medical
advice in the country, the physicians pre-
scribing the only remedies known, such as
Mercury and Iodide of Potassium, all to no
purpose. I was six months in Bellevue
Hospital, and became so bad that I despair-
ed of getting well. I then sought advice
west to Europe and tried some of the best
physicians there with the same results, and
I returned again to this country. Finally
I went to New Orleans, being told that the
French doctors understood the treatment
of my case better, and perhaps could cure
me. Alas, however, after taking more
mercury and potassium from them, I became
so much worse that I gave up to die. So
bad had I become that I was a sight to be-
hold, I had large ulcers all over my body
and face. There were holes in my legs down
to the bone. A number of pieces of bone
came out at my ankle, and now I carry the
scars on my face and body of the frightful
character of this disease. I then came back
to Providence, and by chance got hold of a
paper with the advertisement of Swift's
Specific in it of a wonderful cure. As a last
hope I thought I would try it. Thanks be
to God, I can say to-day that I am perfect-
ly cured, having taken medicine about three
months. Up to the present date no symp-
toms of the disease have returned, and I
feel as well as before I was poisoned. I
have nothing but two scars to show that I
was ever afflicted. I consider S. S. S. the
best and only remedy for positively cured
blood poison, and I honestly recommend it
to all who are afflicted as I was.

The Art of Getting Vigor,
Is comprised in one very simple piece
of advice, improve digestion. No elabo-
rate system of dietetics is needed. If you
lack vigor, use systematically that pleas-
ant promoter of it, Hostetter's Stomach
and Bowel Regulator. Hosts of weak and
invalids are to-day building a foundation
for years of vigorous health with this
sound and thorough renovator of a dilapi-
dated physique and failing energy. Dys-
pepsia is eradicated by it, and the consti-
tution fortified against disorders to which,
if were exposed, it must surely succumb—
notably malarial fever. Rheumatism,
inactivity of the kidneys and bladder,
nervousness, and their various symptoms,
disappear when it is used with persisten-
cy, not abandoned after a brief and irreg-
ular trial.

GIVE YOUR CHILDREN a good start

in the world. Shiner's Indian Vermifuge
will destroy and expel the horrid worms
that gnaw at their vitals and deprive them
of health and beauty.

FROM THE OLD DOMINION.

I have been a sufferer for many years
from Catarrh and Blood Taint. After the
application of all the known remedies for
such diseases, I found myself last summer
on the very verge of the grave. Nothing
seemed to do me any good. As a last resort
I commenced taking S. S. S. and have
taken in all 18 bottles. Before I had finish-
ed the second bottle I felt a decided im-
provement, and am today enjoying most excellent
health—better than for many years. I take
great pleasure, therefore, in recommending
Swift's Specific for these diseases.

SWAMP MALARIA CONQUERED.

I have been using Swift's Specific in my
family for the past two years as an antidote
for malaria and also as a blood purifier,
with the most satisfactory results. I live on
the banks of the Ouchita river, in what is
called the swamp country. Myself and
family enjoy as good or even better health
than we ever enjoyed before. I was at
length induced to try Swift's Specific and
was greatly benefited. When I began
using it I could scarcely take a step, but
after I had finished the seventh bottle I
realized that Swift's Specific had contrib-
uted in a large degree to my gradual resto-
ration to health and strength. I have
also used S. S. S. in my family with sat-
isfactory results, giving it to one of my
children this spring. The little one's
appetite, strength, and general health
were perfected from the use of S. S. S.

JAMES G. PARKS.

HON. J. G. PARKS' TESTIMONY.

I cheerfully state that in my opinion
Swift's Specific is a most excellent tonic.
In the month of September, 1883, my
health failed by reason of overwork while
attending the state legislature. I was at
length induced to try Swift's Specific and
was greatly benefited. When I began
using it I could scarcely take a step, but
after I had finished the seventh bottle I
realized that Swift's Specific had contrib-
uted in a large degree to my gradual resto-
ration to health and strength. I have
also used S. S. S. in my family with sat-
isfactory results, giving it to one of my
children this spring. The little one's
appetite, strength, and general health
were perfected from the use of S. S. S.

MARRIED.

In Morgan Township, this county, on
the 6th inst., by W. A. Campbell, Esq.,
Mr. John G. Hill to
