

PERSONS writing for information on matters advertised in this paper will please say "advertised in the Watchman."

NEW ADVERTISEMENTS.—David M. Cooper, Commissioner's sale.

W. F. Lackey, Administrator's sale of land.

James & McCubbins, "A Work on Hon. W. L. Saunders, Register your name."

Mr. R. J. HOLMES is in New York buying goods.

Mr. Clement McCorkle, of Boston, is raising his family here.

Miss JULIA CREECH, of Raleigh, is the guest of Mrs. O. D. Davis.

Mrs. MARY HALL has put a new house around her handsome home on Jackson street, corner of Bank.

The register letter department of the Salisbury Post Office does probably the largest business of that kind in the State.

The halls and three of the main rooms in Capt. McBee's residence will be heated by a Latrobe or Baltimore heater.

REV. JOHN W. DAVIS and family go today to the Cresswell Springs, near Mooresville. They have been visiting friends and kindred here.

The first month of the White graded school has closed. The enrollment was 278 and the average attendance nearly the same number of pupils as last year.

The negro graded school has opened with nearly the same number of pupils as last year.

WINSTON & EDDLEMAN.—These enterprising merchants are doing a good trade at China Grove. In fact, the business of that place is improving.

An exceedingly handsome monument has been placed in Oak Grove Cemetery to the memory of Hon. Burton Craig, wife and two children.

FARMERS in some parts of the County complain of worms and weavels in wheat, and the trouble is supposed to have been caused by too early threshing.

Mr. W. F. MURPH, of this County, boasts of the best cotton crop in it. He has fifteen acres that will come very near a bale to the acre, which is a good average crop.

STEALING.—Some miserably mean neighborhood took from Mr. Boyden's lawn, opposite Mr. S. H. Wiley's residence, a net belonging to a lawn tennis set, the property of a young lady.

SOME refreshingly interesting rumors are afloat regarding a night scene in D. L. Bringle's court. It is described as the most debated scene ever known in a court. Particulars later.

STAR OF ZION.—A negro Church journal, will be issued from the Zion Wesleyan College here at an early date. J. C. Daney, of the N. C. Sentinel, Tarboro, will take charge of the paper.

Mr. STEPHEN STANLEY, builder and contractor, has nearly finished the dwelling on the corner of Fisher and Church Streets, for the Presbyterian church. Mr. Lewter will occupy it at once.

COTTON GIN.—Benton Ludwick, Esq., boasts of the best cotton gin in Rowan. It is located on the Lincoln road, several miles from Salisbury, and is a progressive, prosperous farmer and business man.

AN EYE TO BUSINESS.—This time it is a new democratic revenue officer—"golden wing butterfly"—taking out an accident insurance policy. It is the most remarkable instance of forethought.

The season for the luscious bivalve growing into maturity. "Fresh Oysters from a brush recently in the 'wandering pot,'" is the tempting phraseology displayed from several places on Main street.

ORCHESTRA.—Salisbury should have an orchestra—not a dance orchestra, but an organization composed of earnest intelligent students of music. Such an organization would be an ornament to the town.

MISS A. C. STAFFORD, returned missionary, talked to the ladies of the Presbyterian church on last Sunday evening. She is intellectual and a good talker and succeeded in taking the hearts of her hearers.

THE hour for Sunday morning services at the Presbyterian and Methodist churches has been changed to eleven o'clock instead of ten and a half hereafter. Sunday School at three P. M. instead of four.

IT seems that the large amount of waste paper which necessarily accumulates and is swept out of the Graded School building, is allowed to remain on the grounds, presenting an unsightly appearance. Remove it—it looks incriminatingly careless.

JUDGING from the amount of side track recently built here, it looks like the Railroad authorities are expecting an increase in business. There will be a Mammoth Railroad Shops built by this company in course of time, and Salisbury is the place for it.

PHIL HALL'S sheep killing dog, a yellow cur, was shot on the streets yesterday by a policeman. O no! not the killing sheep—that would be a reproach on the last Legislature—but his ebullient owner had not provided the requisite tax paid check under an ordinance of the town.

BISHOP LYMAN.—The Bishop visited St. Luke's church in this city, on Tuesday, and at night confirmed eight persons. His sermons were plain and practical. He preached at St. Mary's Church on Wednesday, and is to officiate at St. Andrew's church today.

THE many friends of David Barringer, Esq., will be pleased to learn that he is gradually improving, although unable, as yet, to leave his bed.

A broken leg is not mended in a day. May he soon recover entirely and be permitted to live many more years.

THE AMBITIOUS weather "profit" of last week is in a towering rage. He says that life is stale and unprofitable; that the foreteller of events is without honor, and that the presence of the circus is not excuse sufficient to plead in palliation of the typographical errors of last week. Hope there will not be so many in future.

MR. JAS. D. SMALL, of this place, will begin the erection of a Catholic church at Warm Springs, in Madison county, in about two weeks. The timber will be prepared here at Mr. Small's machine shops—ready to be put in the building—and shipped by rail.

If built according to the design, it will be a handsome church when completed.

TO SUBSCRIBERS.—Remember that Mr. Jas. H. McKenzie, is regularly engaged as general canvassing and collecting Agent for the WATCHMAN, and he will call on all delinquent subscribers. Be ready to meet him. The WATCHMAN has been over indulgent with subscribers and a reform is necessary. It is due both subscribers and the Proprietor that old scores be settled up.

FIRE AT FRANKLIN.—On last Sunday evening, about two o'clock, Widow Thomason's house, at the village of Zeb (Franklin) this County, was discovered to be on fire. The house was occupied by tenants, and it is supposed that the fire originated from a spark left in the broom after sweeping the hearth. The house was a good dwelling, and its contents were almost entirely destroyed. Three bales of cotton, besides the clothing and provisions of the tenants, are included in the loss.

IN VIEW of the large trade expected here this fall and winter, it behooves the business men, who expect to profit by it, to bestir themselves concerning the condition of the various public roads leading into Salisbury. It is a question which concerns, and is of vital importance to every citizen of the town, and some steps should be taken immediately, while the weather is favorable, looking to the improvement of these thoroughfares. The columns of the WATCHMAN are open to suggestions on this subject.

JIM HARRIS—a faithful old negro, died at China Grove, this County, last week, aged 59 years. Jim went to work on the North Carolina railroad when it was being graded and he remained in the employ of the Company from that time up to his death. All of his life, except perhaps, six months, was spent at China Grove. He was a faithful old negro; his life of labor and devotion to duty is a most fitting example to his fellow negroes, and should be held up to the rising generation for imitation.

OF VALUE TO TAX-PAYERS.—D. R. Julian, C. B. C., calls the reporter's attention to the action of the Board of Town Commissioners at a called meeting, held on last Friday. It was ordered that "all persons who failed to list taxes for 1885, would be relieved of double tax—penalty for not listing—by calling on G. H. Shaver, City Tax Collector, on or before the 1st day of December, '85, and paying a single tax." This is an exceedingly generous thing, and it is the first time, to the writer's knowledge, of its being done. Those who were absent, or from other cause failed to list, should jump at this offer.

Get Bill Boards. It is a common practice to bedaub shade trees, lamp posts, well frames and other public property in town, with posters of every description. Private property too, is, in many instances, abused in the same manner without permission from the owners. It gives the town a ragged and a don't-care appearance. A spectacle similar to that presented at a cross roads country store. The Scales in front of Klutz's Drug Store looks more like a junk shop than anything else. There should be an ordinance prohibiting the posting of such matter any where except on bill boards—which should be made for the purpose and placed at public places in town. It would pay an enterprising boy to look after such work.

Cotton Trade. Trade in cotton has been brisk here this week, and the best prices have been paid—as a rule a small advance on prices in neighboring towns.

Mr. J. D. McNeely has been doing an active business in cotton this week.

Knox & Co., have also been buying.

Lecture on China.

Dr. John Davis, returned missionary from China, addressed a large audience at the Presbyterian church last Tuesday night on China, her past history and present condition; her relative size and importance; habits and peculiarities of the people; her architectural works, the morals, and religion of her people, &c. &c. It was one of the most interesting and satisfactory lectures we have ever heard from a returned missionary from any country; and the lecturer held his audience spell-bound for nearly two hours. The lecture was closed once by the L. M. doxology, and the benediction; but nearly the entire congregation resumed their seats and the lecturer took up fragmentary subjects and interested them an hour longer. The congregation was made up mostly of christian people, members of the Methodist, Lutheran, Baptist and Presbyterian churches, (the presence of the Bishop holding services prevented the Episcopal congregation from attending,) the pastors of these several denominations having seats near the lecturer, and evidently feeling deeply interested in the good news brought to them from a far country.

Tobacco Items.

HANKINS & SON are hauling the material for their "Iron Sides" Tobacco Warehouse.

JERUSALEM township, Davie co., boasts of the largest tobacco crop ever raised in that section. Mr. Charles, a merchant there says it is twice as large as any previous crop. Remember that Salisbury offers as good prices as are paid anywhere, and is nearer than any other market.

THOMASON & SWINK are pushing their Tobacco Warehouse to rapid completion. It will be completed in ten days or two weeks. It is 50x120 feet.

TAKE it all in all, Mr. Robt. Goble has exhibited the finest tobacco that has been handed around this season. Mr. G. has had considerable experience in the culture of tobacco, and understands thoroughly the methods of curing—hence the splendid result.

BEALL, BOST & FOARD have been doing as much business as the season will admit—breaks nearly every day. Rumors regarding the "big" prices paid at other points has stirred them up. They have sent an expert around the condition of the various public roads leading into Salisbury. It is a question which concerns, and is of vital importance to every citizen of the town, and some steps should be taken immediately, while the weather is favorable, looking to the improvement of these thoroughfares. The columns of the WATCHMAN are open to suggestions on this subject.

JIM HARRIS—a faithful old negro, died at China Grove, this County, last week, aged 59 years. Jim went to work on the North Carolina railroad when it was being graded and he remained in the employ of the Company from that time up to his death. All of his life, except perhaps, six months, was spent at China Grove. He was a faithful old negro; his life of labor and devotion to duty is a most fitting example to his fellow negroes, and should be held up to the rising generation for imitation.

Among the Merchants.

Mr. W. C. Lindsay has just returned from New York, where he has been laying in a stock of goods for the firm of

MEMORNY & BRO. He says he bought the largest stock this year that he has ever purchased, and he brags on his line of "tricot" and "camel-hair" and other dress goods, including black silks, cassimers &c. He also mentions a fine line of ladies and children's wraps.

Mr. W. L. Klutz, of the firm of KLUTZ & RENDLEMAN, has also returned from the northern markets, and is now receiving the largest and most satisfactory stock ever opened by the firm. It includes a complete line of general dry goods, fine groceries; shoes and clothing departments increased to meet the demands of their growing trade. Special attention was given to the crockery and glassware department. His line of fine table wares will be unexcelled on this market.

JOHN D. GASKILL'S entire force, which by the way has been increased recently, is engaged in arranging a splendid stock of goods—no better was ever brought here—and he says that he has made a special feature of clothing and hats. His stock is larger than usual and he says that "he desires comparison; for if they compare goods and prices, I will get the trade."

He also has his usual line of guanos for wheat and tobacco.

Special arrangements have been made to meet the demands of the jobbing trade—to country merchants—and he is prepared to save money to all merchants who trade with him; in fact, he is prepared to do a general wholesale trade. "Take tobacco, for instance; I am selling manufactured tobacco at from one to two cents less on the pound than can be bought elsewhere, and then I save all the freight to the purchaser." The tobacco is the best home manufactured plug and twist.

The advertisements of the above enterprising houses will appear soon.

MINING DEPARTMENT.

T. K. BRUNER, EDITOR.

Work Suspended. Supt. Hyser, of the Shuford placer mine, in Catawba county, has gone to New York. Work has been suspended until his return, which will be in 30 days.

Looking after Mines. Mr. H. G. Tyson, of Baltimore, has been in Salisbury for several days. He has been engaged in examining some gold and copper properties in Rowan. He has returned to Baltimore to report results.

The Rudisill Mine Again. Mr. Frank Williams of the Gold Knob mines, Rowan county, has bought a half interest in Superintendent Dunn's lease. The Lease allows them to mine and sell the ore. Mr. Williams has gone to Boston on mining business.

Looking Around. Mr. E. W. Hovey, one of Charlotte's enterprising mining men, was here this week. He is on the lookout for something good. He has a most excellent auriferous and argentiferous galena property in Union County. He has placed a specimen in the WATCHMAN cabinet.

Two New Discoveries in Rowan. Specimens from two hitherto unmentioned localities in this County have been sent to the WATCHMAN cabinet and identified. One is a sulphide of iron in quartz matrix from the farm of Robt. Deaton, in the western part of the County, and the other is from the farm of Mr. Samuel Eller in Providence Township, near the Yadkin river. It is a fine brown ore, showing free gold, is from the surface and will run into heavy sulphurets at a shallow depth.

Long Creek Mine. The old Long Creek mine in Gaston county is being opened up again by some gentlemen from the North.

The property is well known, and has been a famous producer in days gone by, but the days of '61-'65 left it like many others, deserted. Now it is being cleared under the active and intelligent superintendence of Mr. J. M. Williams. It is purely a private work; no stock company or other corporation backing the gentlemen. So much the more reliable for that. The ore is sulphide of iron in quartz.

Smelting Works. From a highly official and reliable source, the information comes of the quiet investigation of capitalists into the feasibility of building smelting and reduction works here, thus affording a home market for all refractory ores. As soon as the movement assumes more definite shape the facts will be given to the public. The WATCHMAN has been advocating this step as a last resort for the highly refractory ores of this section, for several years, and hails this movement with pleasure.

The Barringer Mine. This property has just been released from an awkward suit. It is located in Stanly county, about four miles from the famous Gold Hill mines in Rowan. The ore carries only a small percentage of auriferous Fe. Sulphide, but is exceedingly rich in free gold. Seams half an inch thick of pure gold have been taken out, and had it not been for the unfortunate litigation would have been producing today. It is the property of the Barringer Gold Mining Company, of which Col. Samuel Truscott, of Ohio, is president, and Theo. F. Klutz, Esq., of Salisbury, N. C., is vice-president. There are but three stockholders. It is hoped that the parties will go to work in the development of the property, since it is one whose outlook is most flattering for financial success.

Gem Mining. Mr. W. E. Hidden, Mineralogist has been engaged in mining for gems in Alexander county, this summer.

Since the 26th of July he has had from twelve to fifteen hands at work on the Emerald and Hiddenite Mining Co.'s lands, and on the land adjoining, now owned by Mrs. A. E. Morton, of Newark, N. J. He has had success at both localities; on the Co.'s lands has been found four fine emeralds within the last two weeks, and on the Morton land he has found, up to date, nine new pockets of hiddenite.

Of the emeralds referred to, the largest was one and nine sixteenths inches long, and seven sixteenths of an inch in diameter. Its color was excellent for its size. Of the hiddenite found, about an ounce was of superior color, but suitable only for small gems.

Mr. Hidden has found immense numbers of fine modified quartz crystals—many of them beauties. One notable group of quartz crystals (water bearing) weighs nearly 100 pounds.

Of scientific minerals he has obtained the best crystals of monazite and of xenotime, yet found in the whole world over.

A 3,000 Year Job. "The work of triangulating the United States, which is now in progress, will, if carried on at the present rate of speed," says a Washington mathematician, "last 3,000 years and cost the people \$2,250,000,000. I made this reckoning on the length of time the surveying parties have been at work in North Carolina and the amount of work they have accomplished there.

An Honest Blockader.

It reads like a romance, yet such a thing can be. Wm. Linker, a one-legged ex-confederate soldier of Cabarrus County, was brought to Salisbury to have a hearing before U. S. Commissioner, M. L. Holmes, on last Tuesday. His still house had been found and destroyed by the revenue raid—oh—er was brought here to have a hearing. He told a simple story: said he had gone before the revenue Deputy and heard the law read. He said that he would go on and make a little brandy for family use, and try to save some of his fruit, if they would not make him swear to the returns; that he would make a fair return, but would not swear to it, and that he would not swear to a lie, as he and every other man would do, if they swore they gave it all in. When told that he must swear to the returns he seemed to realize the situation and remarked that "he reckoned he'd have to run the risk; but he warn't er gwine ter swear no lie." So he went home and began blockading. All went smoothly enough until the big meeting came on (at a neighboring church) and he had to "let drop" everything and "lend" the meeting. "Ef it hadnt bin fer de big meeting I'd er had every thing cleaned up" he repeated reproachfully; but it was either lose the fruit, swear to a lie, or make the brandy for family use, and he did the latter.

He found a good many ex-confederates here who knew him, or knew of him, and they all agree that he was a splendid soldier. His bond was easily arranged to prevent his going to jail. He will go home and work until Court, when he says he will come and tell the truth.

MARRIED.

In this County, at the residence of Crawford A. Miller, by Rev. Sam'l. Rothrock, Oct. 1st 1885, Mr. D. A. Beaver and Miss Martha R., daughter of the late David Miller.

It is better to be faithful and true than shameful and blue.

It is better to be unknown than known to be worthless.

WHEAT FERTILIZERS.

Am now receiving my stock of fertilizers for wheat, including best brands of Phosphates, Dissolved Bones, and Ammoniated goods. Prices \$15 to \$35 per ton. Have a large lot of Agricultural Lime at \$12.50 per ton. J. ALLEN BROWN.

A FRIGHTFUL CASE OF A COLORED MAN.

I contracted a fearful case of blood poison in 1883. I was treated by some of the best physicians in Atlanta. They used the old remedies of Mercury and Potash, which brought on rheumatism and impaired my digestive organs. Every joint in me was swollen and full of pain. When I was given up to die, my physicians thought it would be a good time to test the virtue of Swift's Specific. When I commenced taking S. S. S. the physician said I could not live two weeks under the ordinary treatment. He commenced to give me the medicine strictly according to directions, which I continued for several months. I took nothing else, and commenced to improve from the very first. Soon the rheumatism left me, my appetite became all right, and the ulcers, which the doctor said were the most frightful he had ever seen, began to heal, and by the first of October, 1884, I was a well man again. I am stronger now than I ever was before, and weigh more. S. S. S. has saved me from an early grave. LEM MCLENDON.

Lem McLendon has been in the employ of the Chesney Company for some years, and I know the above statements to be true. At the time he began taking Swift's Specific he was in a horrible condition. I regard his cure almost miraculous. W. B. CROSBY, Manager, Chesney Company, Atlanta Division, Atlanta, Ga., April 18, 1885.

REGISTER YOUR DEEDS.

The General Assembly of North Carolina do enact:

SECTION 1. That section one thousand two hundred and forty-five of The Code be stricken out, and the following inserted in lieu thereof: No conveyance of land, nor contract to convey, or lease of land, for more than three years shall be valid to pass any property, as against creditors or purchasers, for a valuable consideration from the donor, bargainor, or lessor, but from the registration thereof within the county where the land lies: Provided however, that the provisions of this act shall not apply to contracts, leases or deeds already executed, until the first day of January, one thousand eight hundred and eighty-six: Provided further, that no purchase from any such donor, bargainor or lessor shall avail or pass title as against any unregistered deed executed prior to the first day of December, one thousand eight hundred and eighty-five, when the person or persons holding or claiming under such unregistered deed shall be in the actual possession and enjoyment of such land, either in person or by his, her or their tenants, at the time of the execution of such second deed, or when the person or persons claiming under or taking such second deed, had at the time of taking or purchasing under such deed actual or constructive notice of such unregistered deed, or the claim of the person or persons holding or claiming thereunder.

SEC. 2. That any person or persons holding any unregistered deed or claiming title thereunder, executed prior to the first day of January, one thousand eight hundred and fifty-five, may have the same recorded without proof of the execution thereof: Provided, that such person or persons shall make an affidavit before the officer having jurisdiction to take probate of such deed, that the grantor, bargainor or maker of such deed, and the witnesses thereto are dead or cannot be found, and that he, she or they cannot make proof of their handwriting. Said affidavit shall be written upon or attached to such deed, and the same, together with such deed, be entitled to registration in the same manner and with the same effect as if proven in the manner prescribed by law for other deeds.

SEC. 3. That all deeds, contracts or leases, before registration, except those mentioned in section two hereof, shall be acknowledged by the grantor, lessor or the person executing the same, or their signatures proven on oath by one or more witnesses in the manner prescribed by law, and all deeds so executed and registered shall be valid and pass title and estate without livery of seizin, attornment or other ceremony whatever.

SEC. 4. That for the probate of all deeds, including the privy examination of any feme covert executing the same, executed prior to January first, one thousand eight hundred and eighty-five, the clerk shall receive fifteen cents for each name, and the register, for recording the same, fifty cents for the first three copy sheets, and five cents for each additional copy sheet.

SEC. 5. That this act shall be in force from and after the first day of December, one thousand eight hundred and eighty-five, and the Secretary of State shall cause the same to be published in at least three newspapers in each judicial district in the State for six weeks before said day, and shall furnish to each clerk and register in the State a copy thereof, to be posted in their offices. The register of deeds of each county shall post or cause to be posted in four public places in each township of his county, for sixty days prior to the time when the act shall go into effect, printed notices explaining the provisions thereof and notifying all persons interested to comply with the provisions of said act.

In the General Assembly read three times, and ratified this the 27th day of February, A. D. 1885.

STATE OF NORTH CAROLINA, OFFICE OF SECRETARY OF STATE, RALEIGH, Oct. 5, 1885.

W. L. SAUNDERS, Secretary of State, hereby certify that the foregoing is a true copy of the Act on file in this office.

With any disease peculiar to your gentle sex? If so, you will bring tidings of comfort and great joy. You can

BE CURED

and restored to perfect health by using Bradfield's Female Regulator!

It is a special remedy for all diseases pertaining to the womb, and any intelligent woman can cure herself by following the directions. It is especially efficacious in cases of suppressed or painful menstruation, in whites and partial prostrations. It affords immediate relief and permanently restores the menstrual function. As a remedy to be used during that critical period known as "CHANGE OF LIFE," this invaluable preparation has no rival.

Saved Her Life! RIDGE, MCINTOSH CO., GA.

DR. J. BRADFIELD—Dear Sir: I have taken several bottles of your Female Regulator for falling of the womb and other diseases combined, of sixteen years standing, and I really believe I am cured entirely, for which please accept my heartfelt thanks and most profound gratitude. I know your medicine saved my life, so you see I cannot speak too highly in its favor. I have recommended it to several of my friends who are suffering as I was, Yours very respectfully, MRS. W. E. STEBBINS.

MERCURIAL POISONING.

For 25 years I have suffered from the effects of Mercury and Iodide of Potassium. I was salvaged in a most fearful way, and was given up to die. I have had no relief from anything I have taken for it, and I have tried everything, until now, that I have taken a course of Swift's Specific. It has entirely cured me. It also cured me of all other diseases of sciatic rheumatism, from which I have suffered for many long years. I am now well of both, and there is no evidence of mercurial poisoning or rheumatism about me. O. F. RUSSELL, With Howe Scale Co. Albany, N. Y., June 30, 1885.
