#### Senators and Alcohol. Cleveland Leader.

The Senate adopted a rule yesterday ernor, with regard, to the great and good that no intoxicating liquor shall be sold men of the State, whose lives make up her being who can lean over his sleeping derland, till there was absolutely noth- of deliberation. He sat down on the hereafter on the Senate side of the Capi- glory. "The State does not possess even baby and not be as brave as a lion is ing left of it; Lake Bonneville shrank lower berth, pulled off one boot, and tol, and a lively discussion took place a photograph of one of her distinguished not good for much this side of the till it attained the diminished size of then glanced anxiously around. It was when the subject was up before the Sen-sons. During my six years stay at the cap-the existing Great Salt Lake. Terrace fully five minutes before the other boot its inside attained the inside attained the inside attained the subject was up before the Sen-sons. During my six years stay at the cap-ate. Several of the tipplers of the body ital, I was often painfully reminded of this cemetery, nor the other side either for that matter. Did you ever notice the little peaked-faced babies that look out of the dark, damp rooms' that fall to the lot of the poor? They breathe the levels at which it rested for a while on and nothing was heard of him Bourbon in his committee room, announc- the Braggs, and the like, and I was obliged very dust that the rattling drays throw its gradual downward course. It is for some ten minutes. Then he put ed himself the supporter of Riddleberger's to tell them the State possessed no memovery dust that the rattling drays throw against their low windows. There is a little child on a back street in the bu-siness part of Atlanta who may be

taken as a specimen of that class of babies who are without sunshine. There is no yard to the house, no corner where even "frog houses" can be made. No mud pies ever bake on fireless ran-ges and no red-painted toys ever tell dives of salt in solution even in the blamed piazur." made a bundle of his coat, pants and the halls of Congress. Many a man is ruined by coming to Congress, and the instance of Belford, of Congress, and the instance of today. When Belford was elected he had the deeds of North Carolina's statesmen and patriots would be to the names and the deeds of North Carolina's statesmen and patriots would be the atterner beyond estimate in dollars and cents. We cannot afford to postpone the matter of belford with while the matter of the total state in solution even in the blamed piazur." could retain Webster's dictionary, a wit further. Longer\_delay will but increase which could keep Congress in roars of the shame of our situation. We use the laughter, a command of generalized word shame because it is really shameful Touching the transformation in the knowledge which left him never at a loss that we should let perish the memories of South which the war produced, the substitution of one set of social, indus-trial and political usages and institu-tions for another, or, as our friends of the North prefer to phrase it, the in-addition to tackling bills in Congress, he tions for another, or, as our mends of had just begun his bright career when, in addition to tackling bills in Congress, he addition to tackling bills in Congress, he commenced a fight with liquor. Liquor beat him in the end, and during the last session his amusing antics under its influence on the floor of the House became of the State. We have also always had conspicuous virtues peculair to our people.

one day:

Cotton-Seed Oil a Substitute for Both it begins to settle.

[American Inventor, Cincinnati.]

Lard and Eggs.

Nothing affects the well being of man so quickly as the food he consumes. There are a number of articles of daily consumption which have produced an untold amount of misery and have been condemned by hygienists ever since the beginning of history. Lard has contributed its share, as is well known, and now a substitute has been discovered which is equally as digestible and nutritious, and can be as independent as a hog on ice. She placed on the market at a cost so low sits in an ordinary railway and charges that it is cheaper and much better for up sleeping berths in her expenses, just most culinary purposes. The follow- like the rest of us. She walks to the larger quantity can be used without waste or extravagance, as what is left can always be strained into a jar and of her admirers runs the house, and cleaned and allowed to remain in salty
