SAL-MUSCATELLE[®]

IN AMERICA

WITHOUT THE EXPENSE OF AN
EUROPEAN JOURNEY!

The crystallized salts, as obtained in a pure state
from grapes and choice fruit, in a portable, palat-
able form, are now presented to the public
as the greatest and most effective of impure
blood purifiers, and the liver and regulator of the
bowels of the natural promoter of health.

HEALTH AND LONGEVITY.

Physicians claim this achievement as
the allied science of medicine, as it
restores the blood with its natural salines that
eliminate every day.

SAL-MUSCATELLE
A POSITIVE, NATURAL
Sick Headache and
Dyspepsia Cure

Sal-muscательelle is nature's own product. It
restores to the system the want of sound, life-
giving fruit, it is a natural and best of all
remedies and cures for all ailments of the
liver and its kindred organs, prevents the
absorption of impurities, cleanses the blood,
restores the natural salines, and changes
impure water into pure, soft, and healthful
fluids, which is a natural and healthy
condition, and will relieve the most
stubborn constipation, and restore the
blood to its natural condition.

Democratic Organization.

PLAN OF ORGANIZATION OF THE DEMO-
CRATIC PARTY OF NORTH CAROLINA.
RALEIGH, N. C., June 16, 1886.

The following is the plan of organiza-
tion heretofore adopted by the State
Democratic committee for the guidance
of the party.

TOWNSHIP ORGANIZATION:
1. The unit of county organization shall be
the township. Each township there
shall be an executive committee, to con-
sist of five active Democrats, who shall
be elected by the Democratic voters of
the township in meetings called
by the county executive committee, and
said committee shall elect one of its
members as chairman, who shall
preside at all said committee meetings.
2. The several township executive com-
mittees shall convene at the meetings of
the several county conventions, or at
any time and place that a majority
of the members shall elect, and shall
elect a majority of its members as
county executive committee, to consist of
not less than five members, one of whom
shall be designated as chairman, who
shall preside at all said committee
meetings.
3. In case there shall be a failure on the
part of any township to elect its executive
committee for the period of thirty days,
the county executive committee shall
appoint said committee from the Demo-
cratic voters of said township.

4. The members of the township com-
mittees shall elect to any vacancy occur-
ing in said committees.
5. The county executive committee shall
call all necessary county conventions
by giving at least ten days notice by pub-
lic advertisement in three public places
in each township, at the court house
door, and in any Democratic newspaper
that may be published in said county,
requesting all Democrats of the county to
meet in convention in their respective
townships, on a common day there stated
in said advertisement, not less than
three days before the meeting of the coun-
ty convention, for the purpose of electing
their delegates to the conventions. That
thereupon the conventions so held shall
appoint delegates to represent the townships
in the county convention, from the voters
of the respective townships, such dele-
gates, or such of them as shall attend,
shall vote the full Democratic strength of
their respective townships on all ques-
tions that may come before the said coun-
ty conventions. That in case no conven-
tion shall be held in any township in
the pursuance of said call, or no election
shall be made the township executive com-
mittee shall appoint such delegates.
6. Each township shall be entitled to
cast in the county convention one vote
for every twenty-five Democratic voters,
and one vote for fractions of fifteen Demo-
cratic voters, and that township at the
last preceding gubernatorial election;
provided, That every township shall be
entitled to cast at least one vote, and
each township may send as many dele-
gates as it may see fit.
7. That in cases where townships consist
of more than one ward or precinct, each
of said wards or precincts shall be
entitled to send delegates to county con-
ventions, and shall cast its proportionate
part of its township vote, based
upon the last preceding vote for Govern-
or in said township.

8. The chairman of township commit-
tees shall preside at all township conven-
tions; in their absence any other mem-
ber of said committees may preside.
9. In cases where all the township exe-
cutive committees are required to meet
for the purpose of electing county execu-
tive committees, said meetings shall be
represented in said meeting.

COUNTY AND DISTRICT CONVENTIONS.
1. The several conventions shall be
entitled to elect to their senatorial, judicial
and congressional conventions, one dele-
gate and one alternate for every fifty
Democratic voters, and one delegate for
every township over twenty-five Demo-
cratic voters cast at the last preceding gubernatorial
election in their respective coun-
ties, and none but delegates or alternates
so elected shall be entitled to seats in
said conventions; provided, That every
county shall have at least one vote in
each of said conventions.

2. The chairman, or in his absence any
member of the county, senatorial, judi-
cial and congressional committee shall call
to order their respective conventions, and
hold the chairmanship thereof until the
convention shall elect its chairman.
3. The executive committee of the
senatorial, congressional and judicial dis-
tricts, respectively, shall, at the call of
their respective chairmen, meet at some
time and place in their respective dis-
tricts, designated in said call. And it
shall be their duty to appoint the time
and place for holding conventions in their
respective districts; and the chairman of
said respective committees shall imme-
diately notify the chairmen of the differ-
ent county executive committees of said
appointment, and the said county execu-
tive committees shall forthwith call con-
ventions of their respective counties in
conformity to said notice to send dele-
gates to said respective district conven-
tions.

STATE CONVENTIONS.
1. The State convention shall be com-
posed of delegates appointed by the several
county conventions. Each county shall be
entitled to elect one delegate and one al-
ternate for every one hundred and fifty
Democratic voters, and one delegate for
fractions over seventy five Democratic
votes cast therein at the last preceding
gubernatorial election; and none but dele-
gates or alternates so elected shall be en-
titled to seats in said convention; provided
that every county shall have at least one
vote in said convention.

GENERAL RULES.
1. Such delegates (or alternates of absent
delegates) as may be present at any Demo-
cratic convention shall be allowed to cast
the whole vote to which their township or
county may be entitled.
2. In all conventions provided for by
this system, after a vote is cast there shall
be no change in such vote until the final
result of the ballot shall be announced by
the chairman of said convention.
3. All Democratic executive committees
shall have the power to fill any vacancy
occurring in their respective bodies.
4. That the chairmen of the different
county conventions shall certify the lists of
delegates and alternates to the different
district and State conventions, and a cer-
tified list of said delegates and alternates
to State conventions shall be sent to the
secretary of the State central committee.
For the committee, R. H. BATTLE,
Chairman.
B. C. BECKWITH, Secretary.

Original View of Astronomy.
The London Truth gives the follow-
ing original observation on astronomy
from a sermon of Welsh curate preach-
ing to a hill dot in the sky. "A
starry star with a hill dot in the sky."
Many stars mek one planet. Saw
many planets mek a constellation.
Saw many constellations mek one
milkie way. Six milkie ways mek one
rorrborialis."

A new Butter Test.

"Say!" exclaimed a hotel guest, call-
ing the attention of an urbane waiter
"this is a terrible deal you are giving
me in the way of butter."
"It slightly off color, isn't it?" in-
quired the waiter.
"I should say it was."
"Rancid?"
"You bet."
"Strong?"
"Strong as a mule."
"And fearfully frowsy?"
"Worst I ever saw in my life."
"Yes, well that proves it's genuine
butter, don't it? If it was oleomargarine
there wouldn't be nothing the
matter with it. There is considerable
difference nowadays between churned
butter and painted tallow."

Johnny, just after Sunday school:
"Say, Jack, what is a sockdolager?"
Jack: "Why, don't you know? It's
what they sing in church when they
get ready to go home. The minister
gets up and says, 'Let us now sing the
sockdolager.'"

IS IT WORTH ANYTHING?

To feel absolutely protected against
Fever and Ague, Malarial fever, Typhoid fever,
Typhus fever, Gastric fever, Bilious fever, Diptheria,
Pneumonia, Scarlatina, Summer Complaint,
Blood Poisoning, and all other forms of com-
mon disease?

Is it worth anything to be able to effectively
cleanse the blood in your entire system, to re-
new your cells and regenerate all the organs of your
body; to permanently cure Constipation, Dyspep-
sia, Water-brash, and sour stomach? To cure
Jaundice and stoppage of Gall ducts, to cure
Headaches and Biliousness, to cure Liver
complaint and Cancerous liver, to cure Kidney
disease of long standing? To be free from Gout,
Rheumatism, Neuralgia, Sciatica, and kindred
troubles?

Is it worth anything to enjoy good health, to
have a good appetite, and to sleep well? If all
these things are worth anything, you can secure
them almost for the asking. We know from long
experience that this statement is true, but we
also know that few will accept it as truth. Noting
but actual experience in the use of Parsons' Pills
could bring a person to realize fully their
marvellous power to prevent and cure disease.

Parsons' Pills were a wonderful discovery, and
there are some others like them in the world.
The information contained in the wrapper
around each box is worth many times the cost of
your money. Use Parsons' Pills, and you will
be found in the known world; but even these, be-
fore being used, are subjected to the peculiar
action of the malarial parasite, and it is in
the prevention and cure of disease, and in
promoting the general health, a vast amount of
suffering and expense might be prevented.
Our business was established in 1810, and is the
oldest of the kind in the world. We have there-
fore, likely that we would put forth an untruth-
ful or deceptive statement? Frauds and false
pretenses do not exist long in business in this
country. We suppose that Parsons' Pills may
be sold in some other form, but if not, we will
send one box by mail, post-paid, for 25 cents
in stamps. Or we will send two boxes of Pills
and a beautiful copy of President Cleve-
land and his Cabinet for 50 cents, all post-paid.
We will send 25 cents worth of Pills, and you
will send free to all who send us their ad-
dress a handsome illustrated pamphlet contain-
ing a full and complete description of the
Pills, and a full list of the names of the
wholesale and retail druggists, at
