SALISBURY, N. C.

Sept. 15th, 1886. Last Spring I borrowed Mr. White Fraley's Victor (Kellers patent) Grain Drill and put in my oats with it. It sowed bearded and non-bearded oats to perfection. I believe it to be the best Grain Drill I ever saw. It sows wheat or oats and clover seed and fertilizer all O. K., and I have bought one for this fall's seeding of, the will be for the worse. Agent, John A. Boyden.

RICHARD H. COWAN.

SALISBURY, N. C. Sept. 17th, 1886.

I have used the Victor-Kellers patent-Grain Drill for the past ten years and consider it by far the best Drill made. I have also used the Bechford & Huffman Drill, but greatly prefer the Victor, because it is much the most convenient and I believe one Victor will last as long as two Beckford & Huffman Drills. The Victor sows all kinds of grain satisfactorily.

The Truth About Ranson.

It has been alleged that when Senator Ransom was urged recently to go to the Postoffice Department and insist upon the removal of Miss Dusenberry, the Republican postmistress at Concord, he declined, saying that it would do no good-that she would not be removed. It was urged that his going would at least satisfy Concord, this stricken city. and for that reason he ought to go. To this, he is alleged to have responded public this declaration of the municipal that this would be pandering to the people and this he would not do. Much is sought to be made out of this and some of his friends are unneces-

sarily-if they will pardon us-apologizing for him and denying that he said it. If Senator Ransom did not say it he ought to have done so. If he parts of the land by personal observadoes pander to the people he ought not tion, and are known here and deeply to. To "pander" is "to minister to felt. I ask the press of the United the evil designs or passions of others." Demagogues "pander" to the people and Senator Ransom is not a dema-

gogue, though some persons ignorantly suppose him to be. He is candid and straightforward in politics; he has more influence than any man in the
