Bribery.

Charges of bribery are being made against parties in Indiana in the Legis- PERPETUAL BUILDING AND LOAN lature of which State a most disgrace ful contest has been had in the election of U. S. Senator.

Pleased With It.

It is announced that railroad men who have been studying the inter-State Commerce Bill, which they have so vigorously fought heretofore, are becoming more than reconciled with it. En It is claimed by them that it will estab- Ins lish better relations between companies and enable them to make more money than before.

The main object of the law was to Fin prevent discriminations, and to equalize Tr freight charges with reference to the distance goods are carried.

Tenure of Office Act.

One other good thing done by the Pr late Congress was the repeal of this odious act. which, as many will remember, was passed while Mr. Johnson was President, and was intended to prevent A him from removing officers, even meanbers of his cabinet, without consent A of the Senate. It was the product; of fear and jealousy of the Republican I. party, passed under the excitement of Ba the times just after the war. It has been practically dead for some time and ought to have been repealed years

ago.

Strikes
