We publish elsewhere to-day an act "concerning appeals," which will be of interest to all having business in the courts. The saving to the public of not keeping prisoners (as heretofore) in juil after the supreme court finds "no error" sentence appealed from will be considerable. Heretofore they were held, often for months, for the next superior court to be re-sentenced. Now he sheriff will at once take them off to the penitentiary,-News and Observer.

#### Don't Experiment.

You cannot afford to waste time in exper menting when your lungs are in danger. Consumption always seems, at first, only a cold. Do not permit any dealer to impose ipon you with some cheap imitation of Dr. King's New Discovery for Consumption. Cough and Colds, but be sure you get the genuine. Because he can make more profit he may tell you he has something just as good, or just the same. Don't be deceived, but insist upon getting Dr. King's New Discovery, which is guaranteed to give relief in all Throat, Lung and Chest affections. Trial bottle free at Kluttz's Drug Store,

If all reports are true the most remarkable woman we have ever heard of recently died in Buckingham county. Virginia. She lived to be eighty years of age, and was never known in all her long life to be out of temper or to speak a cross word. Her husband, who lived with her forty-five years, vouches for the truthfulness of the above. What a happy man he must have been! The Lynchburg Advance remarks that if the world was only half full of such women, what a glorious world this would be. People, too, would live so much longer

#### Saved His Life.

Mt. D. I. Wilcoxson, of Horse Cave, Ky. says he was, for many years, badly afflicted with Phthisic, also Diabetes; the pains were almost unendurable and would sometics almost threw him into convulsions. He tried Electric Bitters and got relief from first bottle and after taking six bottles, was entirely cured, and had gained in flesh eighteen pounds. Says he positively believes he would have died, had it not been for the relief afforded by Electric Bitters. Sold at fifty cents a bottle by Kluttz & Co.

The Bridge of Sighs.

[A bridge at Venice, so called because of the num-ber of wretched people who go there to drown themselves by plunging off late the waters below.]

One more unfortunate Weary of breath, Rashly importunate, Gone to her death.

Take her up tenderly, Lift her with care,— Fashioned so slenderly, Young, and so fair!

Look at her garments, Clinging like cerements: Whilst the wave constantly Drips from her clothing. Take her up instantly, Loving, not loathing. Touch her not scornfully,

Think of her mournfully,

Gently and humanly: Not of the stains of her,

All that remains of her. Now, is pure womanly. Make no deep scrutiny Into her mutiny Rash and undutiful; Past all dishonor, Death has left on her

Only the beautiful. Still for all slips of hers, One of Eve's family. Wipe those poor lips of hers, Oozing so clammily; Loop up her tresses Escaped from the comb, Her fair auburn tresses, Whilst wonderment guesses Where was her home?

Who was her father? Who was her mother? Had she a sister? Had she a brother? Or was there a dearer one Still, and a nearer one Yet, than all other?

Alas! for the rarity Of Christian charity Under the sun! Oh! it was pitiful! Near a whole city full, Home she had none.

Sisterly, brotherly, Fatherly, motherly Feelings had changed; Love, but harsh evidence, Thrown from its eminence; Even God's providence Seeming estranged.

Where the lamps quiver So far in the river, With many a light From window and casement From garret to basement, She stood, with amazement, Houseless by night.

The bleak wind of March Made her tremble and shiver, But not the dark arch, Or the black flowing river: Mad from life's history, Glad to death's mystery, Swist to be hurl'd-Anywhere, anywhere, Out of the world!

In she plunged boldly, No matter how coldly The rough river ran,-Over the brink of it, Picture it, think of it. Dissolute man! Lave in it, drink of it, Then, if you can!

Take her up tenderly,

Lift her with care,-Fashioned so slenderly, Young and so fair! Ere her limbs frigidly Stiffen too rigidly, Decently,-kindly,-

Smooth and compose them; And her eyes, close them Staring so blindly! Dreadfully staring Through muddy impurity,

As when with the daring Last look of desparing Fixed on futurity.

Perishing gloomily, Spurred by contumely, Cold inhumanity, Burning insanity, Into her rest. Cross her hands humbly, As if praying dumbly, Over her breast! Owning her weakness, Her evil behavior, And bearing, with meekness, Her sins to her Savior!

#### A Spiritualist in Trouble.

Boston, March 5.—Dr. J. A. Bliss, who published a spiritualistic paper in South Boston, was arraigned today on a charge of defrauding persons by advertising in his paper to answer all questions through his spiritualistic medium, provided they were accompanied by two dollars. It was claimed that no replies were obtained from Bliss, and he was held for furth- ing and supporting the convicts.

#### WHAT AILS THE NATION?

The Average Length of Life Deereasing-Not Testilence-Not Famine-All cur own Fanit.

MODERN COOKING AND MOD-ERN LIVING have brought it on. It comes upon us unawares. The patients have pains about the chest and sides, and sometimes in the back. They feel dull and sleepy; the mouth has a bad taste, especially in the morning. A sort ot sticky slime collects about the teeth. The appetite is poor. There is a feeling like a heavy load on the stomach; sometimes a faint, all-gone sensation at the pit of the stomach which food does not satisfy. The eyes are sunken, the hands and feet become cold and feel clammy. After a while a cough sets in, at first dry, but after a few months it is attended with a greenish colored expectoration. The patient feels tired all the while, and sleep does not seem to afford any rest. After a time he becomes nervous, irritable and gloomy, and has evil forebodings. There is a giddiness, a sort of whirling 'sensation in the head when rising up suddenly. The bowels become costive; the skin is dry and hot at times; the blood becomes thick and stagnant; the whites of the eyes become tinged with yellow; the kidney secretions becomes scanty and high colored, depositing a sediment after standing. There is frequently a spitting up of the food, sometimes with a sour taste and sometimes with a sweetish taste; this is frequently attended with palpitation of the heart and Asthmatic symptoms; the vision becomes impaired, with spots before the eyes; there is a feeling of great prostration and weakness. All of these symptoms are in turn present. It is thought that nearly one-half of our population has this discase in some of its varied forms, Shaker Extract of Roots (Seigel's Syrup) changes the ferments of the Digestive organs so as to convert the food we eat into a form that will give nourishment to the feeble body, and good health is the consequence. The effect of this remedy is simply marvelous. Millions upon millions of bottles have been sold in this country, and the testimonials in favor of its curative powers are overwhelming. Hundreds of socalled diseases under various names are the result of indigestion, and when this one trouble is removed the other diseases vanish, for they are but symptoms of the real

malady. Testimonials from thousands of people speaking highly of its curative properties prove this beyond a doubt. Sold by druggists.
