Musical Entertainment.

The second concert, or closing exerof the Neave Music School, to which but a limited number were invited, took place according to announcement on Friday evening, the 17th inst, in the parlors of this far famed school of musical instruction.

The entire program, which prudence and forethought on the part of the principal of the school, had been arranged with a view to the comfort of a crowded house on a warm evening, requiring a little above an hour to render. There were the output will pay interest on the cost a few selections of which we would like to speak; but forbear mentioning names of performers, or even the title of the pieces, for fear our judgment might be at fault, and that we might do injustice to others equally deserving. If there was one thing above another that attracted us most, it was the strict regard paid to perfect time by every performer, from the little ten year old to those of more ad-

Playing accompaniments to instruments unlike a piano, in the hands of masters is a severe, but a sure test of time keeping in music, and none, save those who have had the advantages of superior training can attain to it. The test was applied on this occasion, and the pupils acquitted themselves in a manner that elicted hearty applause from the entire audience. There was nothing "trashy' on the list-but all of the selections were

The Coggins, or Appalachian mine, in Montgomery county, has at last been fitted out with a splended plant of improved machinery. which has been put in at an excess of expense, but which is claimed to be very superior. The plant is so arranged as to make the handling of the ore as nearly ests and welfare of North Carolina. They automatic as possible; indeed it is not touched from the time it is loaded in the shaft until it goes into the tail race. The ore is hoisted from the mine to the dome of the tower where it is dumped into shoots which feed the crushers, and thence to the bins which feed the

With this plant of machinery, and with a very good grade of ore the mine should yield reasonable returns. The amount of the output is a question that all are interested in, and from all that can be ascertained, there is no reason to look for disappointment. Whether the amount of of that dreadful disease consumption, and of the property and the expensive plant, the writer has no means of knowing.

RICH KNOB COPPER CO. The board of directors of the Rich Knob Copper Co., mines in Ashe county. N. C., at a regular meeting, held at the executive office in New York, on the 7th inst., declared an "Irish dividend" of one cent per share, which must be paid in before 16th of July. This probably means that interest in the mines is to be revived this fall, and this is to give those who desire to do so, a chance to forfeit their stock. The property, in Ashe county, has some interesting features. which may claim attention later.

STEELE MINE.

Reports are being circulated of the continued success of operations at the old is a matter of importance, since the sucof a higher order of music, and rendered cess, (if it is such.) would prove a stimulus to surrounding property, which is said to be just as good as the Steele. If the management would report the output in bullion regularly it would greatly inpreme Court decision in the case of State crease interest in mining in that section of southern Rowan, I have determined to vs. Alex. Senator Ransom Declines.

Washington special to the Richmond Disputch says: It having been decided that Secretary Lamar shall be associate justice of the supreme court rice Justice Woods, deceased, the position of Sceretary of the Interior was offered Senator Ransom. It was declined. I have this on high authority. The Senator's friends say that he feels that he can be of more service to the democratic party and the administration in the Senate than in the Cabinet. Also that he has always given his services to the public with special reference to the intersay that it is certain he can serve his State better where he is than in any other capac-

DIED

In Franklin township June 17th, Mr Thomas D. Fraley, aged about 65.

OBITUARY.

It is seldom we are called upon to notice so sad an occurrence as the death, in less than two weeks, of two members of Mr. H. T. Sprinkle's family. His oldest daughter Mary, died on the 9th inst., on the 20th his little daughter Lucy Horah, was called to join her sister to gether with the heavenly host in singing praises to our Heavenly King. It is hard indeed to see the tender buds around which our hearts have turned droop and die. But when we look beyond the grave and consider the joys to which they have gone we may still our rebellious hearts with the reflection that our earthly and temporary loss is their eternal gain.

MARRIED
