this class of would-be murderers.

10 days from date of sale to all persons get our information are known to have a iron wedding, on account of its intrinsic WE Yopp who wish to visit that interesting and great deal of interest in the construction from Salisbury to Chattanooga and return will \$5.50. Persons holding these tickets will be furnished round trip tickets, Chattanooga to top of Lookout Mountain by conductors of E. T. V. & G. Mountain by conductors of E. T. V. & G. Should visit the iron city of the South.

great deal of interest in the construction to have any interest in deceiving the public.

John Sherman has opened the cambaign in Ohio with a red hot speech of the most sufphurous and lurid kind, He gave the American eagle a few flips, wrung the tail of the Ohio mule, uttered a war whoop, danced a war dance, paintformants. The county has subscribed a war whoop, danced a war dance, paintformants. These rates are so low every one trains. These rates are so low every one trains of the Foat.

Should visit the iron city of the South.

It is said that the sanitary condition of our town is now better than it has been for many years, and that there never before was such a cleaning out of back lots as has been done this summer. We have root, which measured 26 feet 2 inches. It a communication on the subject, but as was a mixed specimen to which, perhaps, there is no name signed to it we refrain may be due its abnormal growth. The from publishing it.

The old soldiers of other counties, espocially in the east, are holding reunions for the purpose of perfecting orgaizations to assist the old Confederate veterans who are in needy circumstances, also to contribute to history eye witness testimony. Why not have a reunion of the old sol- grass are very fine in the country through diers of Rowan here in Salisbury this fall? What Colonel, Major or Captain generally very happy in view of the will make the call?

Salisbury should have a museum-all the war relies in the surrounding county should be gathered up and deposited for safe keeping and preservation. There J. F. Ross and J. Frank McCubbins are enough, in the town alone, to make have formed a partnership for the buying and interesting exhibit. We have suggested it, let some one take it in hand. and see what can be done. It would, indeed, be a place of interest to strayers the W. N. C. R. R. for several months, visiting our town.

The papers say that the Odell Manufacturing Company of Concord has declared a semi-annual dividend of ten per cent., and yet Salisbury capitalists refuse A handsome steam fire engine from the to invest in a factory, upon the plea that works of Clapp & Jones, passed through it will not pay, which amounts to saying or acknowledging that we have the capital but not the spirit of enterprise. It is time that Salisbury, and not only Salisfrom the north with a handsome line of bury but other towns in the State, should goods, watch for his advertisement in begin to realize the fact that railroads on paper are a farce, every town in the State cannot be made a railroad center, but every town can be made a manufacturing p'ace, and it is an established fact that railroad companies never skip, nor The police of Winston are having a pic build around a live, wide-awake manunic killing dogs that are found without facturing town. The Southern people badges, and some of the dog (on) citizens are deranged on the subject of railroads forgetting the fact that railroads without traffic are a dead failure.

"We all want things which would be hurtful to us," said Mr. Jones, "but God and substantial monument of marble in one boy in twenty who leaves the farm apt to go down than to go up. Mr. Richard H. Cowan takes the prize for tall sugar or sorghum canes. He exhibited one Saturday, cut off above the crop in which it grew will not exceed 14 or 15 feet in height.

## Grass and Fine Crops.

We learn from Mr. A. D. Potts, who has just returned from a short visit to Ashe county, that the crops of grain and which he passed, and that the people are abounding plenty. They are also hopeful of railroad facilities, the South Atthrough a delightful region not yet reached by any road.

Fainful Accident Our young friend Johnny Beall, w! has been conductor on a freight train on met with quite a painful accident last Monday at Newton. He had gone on the side track to couple a car on to the locomotive that was coming in to pull it out and just as he was about to make the coupling the cow-catcher struck him: Lut. as he fell he grabbed hold of the ladder of the car and was dragged some fifteen or twenty feet with his legs under the locomotive, bruising and cutting them very badly. Had he lost his hold he would have undoubtedly been killed, and had the locomotive gone two feet farther it would have probably cut his feet off on the switch bar.

We sympathize with him in his suffering and at the same time congratulate given to the children to play with. him on the accident being no worse.

## Tobacco Operatives.

three more tobacco factories in this place it has occurred to us that there should be ald and Hiddenite mine has been idle all petition as to extent of grounds and "Mr. Jones," said a country lady to a made some effort to induce white men, through the summer, and Mr. Hidden man doing business in town, "haven't you women and boys to enter the factories as has been engaged in another field, in spent several days here this week.
