

WASHINGTON LETTER.  
From our Regular Correspondent.  
Washington, Oct. 24, 1887.  
The number of interesting cases before the Supreme Court of the United States has not been so large for years as at the present time. Among the number may be mentioned the case of the Virginia officers, who have been released under writs of habeas corpus—the trial set for hearing on the first Monday of November.  
Secretary Barard authorizes a denial of the reported difference between Attorney-General Garland and himself, over the Alaskan seal fisheries.  
During the past week, there was a convention of Agricultural Scientists, representing all of the agricultural colleges and experiment stations in the United States. This meeting was provided for by a special act of Congress, with the view of steering progressive methods and measures of farming and increasing the producing capacity of the land in cultivation.  
The proceedings of the convention were harmonious and satisfactory; and its deliberations will doubtless result in great and lasting good to the agricultural interests of the country.  
The State Department has announced the ratification of the extradition treaty with Guatemala, which was sent to the Senate many years ago—during Grant's Presidency—the last clause being as follows: "Neither Government shall be required to give up its own citizens under the stipulations of this convention." This treaty is significant as showing a return to the old Democratic doctrine of firmly dealing with foreign nations.  
The President and his wife were delighted with their varied and pleasurable experiences of the past three weeks, and both of them resume their duties, brightened and refreshed by their association with the great American public.

Darby's Phosphoric Acid will destroy the infection of all fevers and infectious diseases. Will keep the atmosphere of any sick-room pure and wholesome, absorbing and destroying unhealthy influences and contagion. Will neutralize any bad smell whatever, not by disguising it, but by destroying it. Use Darby's Phosphoric Acid in every sick-room.

**How to Run a Town**  
Either run it with a vim or sell out and leave it. Men who are always trying to get out of business will not do much to build up a town. One or more things must be done—run the thing for all it is worth, get up steam and keep it, or quit the whole thing, slide out and let nature take its course. If you want business to come to your town encourage those who do come. If you want a prosperous town where people can come who are disposed to make homes, do away with and bury from sight all jealousy and spite; work no more for a few individuals, but all work together for a common prosperity and mutual benefit. Wake up, rub your eyes, roll up your sleeves and go to work. Don't work with fear and trembling, but take for granted that blood will tell. Leave results to themselves; borrow no trouble, but all unite to make it the biggest kind of a town. Go to work.—Belton Journal.

**A Woman's Discovery.**  
"Another wonderful discovery has been made and that too by a lady in this country. Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly and could not sleep. She bought of us a bottle of Dr. King's New Discovery, and after consumption and was so much relieved on taking the first dose that she slept all night and with one bottle has been miraculously cured. Her name is Mrs. Luther Lutz." Thus writes W. C. Hamrick & Co., of Salisbury, N. C.—Get a trial bottle at T. F. Klutz & Co., drug store.

An ounce of sulphuric ether, and an ounce of the tincture of opium in a pint of tepid water, is recommended by the *Western Rural* as a dose for horses afflicted with colic.

A bit of glass in the gutter will shine brighter than a diamond.—Judge.

A joke may never gain over an enemy, but it may lose a friend.

**The Verdict Unanimous.**  
W. D. Sult, Druggist, Bippus, Ind., testifies: "I can recommend Electric Bitters as the very best remedy. Every bottle sold has given relief in every case. One man took six bottles, and was cured of Rheumatism of 10 years' standing." Abraham Hare, druggist, Bellville, Ohio, affirms: "The best selling medicine I have ever handled in my 30 years' experience, is Electric Bitters." Thousands of others have added their testimony, so that the verdict is unanimous that Electric Bitters cure all diseases of the Liver, Kidney or Blood. Only a half dollar a bottle at Klutz's Drug Store.

There is only one kind of religion, although it is dispensed through many different denominations.

A great many people hold theories who can't hold their tongues.

**Bucklin's Arnica Salve.**  
The Best Salve in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Fever Sores, Tetter, Chapped Hands, Chillsblains, Corns, and all Skin Eruptions, and positively cures Piles, or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For Sale by Klutz & Co., 817.

The time to bury a hatchet is before blood is found upon it.

You can not be loving in manner unless you are loving in spirit.

Eating onions and horseradish is claimed to relieve dropsical swelling.

**An Offensive Breath**  
is most distressing, not only to the person afflicted if he have any pride, but to those with whom he comes in contact. It is a delicate matter to speak of, but it has parted not only friends but lovers. Bad breath and catarrh are inseparable. Dr. Sage's Catarrh Remedy cures the worst cases as thousands can testify.

**He Knows it All.**  
From the Detroit Free Press.  
There was a funny on the train between Birmingham and Anniston, who had come out of the woods of Mississippi and were on their way to some place in Georgia. It was their first ride on the cars, but while the wife and children were full of natural curiosity, the husband didn't propose to give his ignorance away. When the wife asked him what kept the coaches on the track he looked at her with pity in his eyes and answered:  
"Maria, don't you know nothin' 'tall? They 'put 'er on 'em to make 'em stick."  
She was satisfied until we switched in on a side track, then she asked:  
"Gordon, what did they do this for?"  
"Nother train going by, Maria."  
"And do we have to get off the track?"  
"Yes, it's the new way. They used to have one train scramble over the other, but it scart the passengers so that they have adopted another plan."  
She looked up at the ceiling and then out on the extra track and replied:  
"You order buy some peanuts of the boy, Gordon, and show the railroad that we appreciate this extra expense they have gone to. They must have feeling as well as us."

Have the Lord Jesus Christ with you in the scales when you come to be weighed for heaven, or you will certainly be found lacking. He alone can make up the required weight.

**HOW DO WE LIG OUR GRAVES?**

We must eat or we cannot live. This we all know. But do we all know that we die by eating? It is not we dig our graves with our teeth. How foolish this sounds. It is fearfully true. We are terrified at the approach of the cholera and yellow fever, yet there is a disease constantly at our doors and in our houses far more dangerous and destructive. Most people have in their own stomachs a poison, more slow, but quite as fatal as the germs of those maladies which sweep men into eternity by thousands without warning in the times of great epidemics. But it is a mercy that, if we are unwell, we can tell when we are the cause. The following are among the symptoms, yet they do not always necessarily appear in the same order, nor are they always the same in different cases. There is a dull and sleepy feeling; a bad taste in the mouth, especially in the morning; the appetite is changeable, sometimes poor and again it seems as though the patient could not eat enough, and occasionally no appetite at all; dullness and sluggishness of the mind; no ambition to study or work; more or less headache and heaviness in the head; dizziness on rising; the feet or moving suddenly; furred and coated tongue; a sense of a bad on the stomach that nothing removes; hot and dry skin at times; yellow tinge in the eyes; scanty and high-colored urine; sour taste in the mouth, frequently attended by palpitation of the heart; impaired vision, with spots that seem to be swimming in the air before the eyes; a cough, with a greenish-colored expectoration; poor nights' rest; a sticky saliva about the teeth and gums; hoarseness and feeble and clammy; irritable temper and lowered bowels; and up and costive. This disease has puzzled the physicians and still puzzles them. It is the commonest of ailments and yet the most complicated and mysterious. Sometimes it is treated as consumption, sometimes as liver complaint, and then again as malaria and even heart disease. But its real nature is that of constipation and dyspepsia. It arises in the digestive organs and soon affects all the others through the corrupted and poisoned blood. Often the whole body—including the nervous system—is *literally started*, even when there is no emaciation to tell the sad story. Experience has shown that there is but one remedy that can certainly cure this disease in all its stages, namely, Shaker Extract of Roots or Mother Seigel's Curative Syrup. It never fails but, nevertheless, no time should be lost in trying other so-called remedies, for they will do no good. Get this great vegetable preparation, (discovered by a venerable nurse whose name is a household word in Germany) and be sure to get the genuine article.

**MOTHER'S FRIEND**  
GIVEN BY SEVEN DOCTORS.  
Shaker Extract of Roots or Seigel's Syrup has raised me to good health after seven doctors had given me up to die with consumption.—So writes B. F. Grace, Kirkmanville, Todd Co., Ky.  
HE HEARD OF IT JUST IN TIME.  
"I had been about given up to die with dyspepsia when I first saw the advertisement of Shaker Extract of Roots or Seigel's Syrup. After using four bottles I was able to attend to my business as well as ever. I know of several cases of chills and fever that have been cured by it." So writes Mr. Thos. Pullum, of Taylor, Geneva Co., Ala.  
WORTH TEN DOLLARS A BOTTLE.  
Mr. Thomas P. Evans, of the firm of Evans & Bro., Merchants, Hometown, Accomack Co., Va., writes that he had been sick with digestive disorders for many years and had tried many physicians and medicines without benefit. He began to use Shaker Extract of Roots or Seigel's Syrup about the 1st of Jan. 1887, and was so much better in three weeks that he considered himself practically a well man. He adds: "I have at this time one bottle on hand, and if I could not get any more I would not take a ten dollar bill for it."
