

Carolina Watchman.  
**LOCAL.**  
THURSDAY, JULY 19, 1888.  
**Campaign Rates:**  
The Watchman will be sent to any address in the State from June 1st to 1st of December 1888, for fifty cents cash.

Business generally quiet, and local matter scarce.  
For a splendid lot, gentlemen should go to Kelly, the tailor.  
Don't forget to attend the speaking at Boyden's grove on Saturday.  
Maj Lawson Heilig of Mt. Pleasant, spent a few days here this week.  
Go to L. Blumenthal & Bro. for good and cheap goods. Buis building.  
Buy Cleveland Campaign Hats from Schultz & VanWyck. Only 1.50.  
The Convention will be called at the Court House promptly at 2 o'clock Saturday.  
Go to Seultz & VanWyck for 1.50 Campaign Hats. Orders by mail promptly filled.  
A stray sorrel horse was taken up Monday, 4 miles south of this place. Call on John Wiley.  
A \$75 American fruit evaporator, either for sale cheap, or to rent on shares to a responsible party. Enquire at this office.  
The canning factory of Mr. J. B. Langer, is being operated in full blast, and no one who has never seen the process, it is a show.  
Owing to the absence of the Pastors there were no services at the Baptist, Presbyterian, and Lutheran churches last Sunday.  
Mrs. and Miss Eilers, who have been visiting the family of Mr. John G. Heilig left for their home in Wilmington on Wednesday.  
The ladies are especially invited to attend the speaking at Boyden's Grove next Saturday; seats will be reserved especially for them.  
The Democratic meeting of Salisbury township held at the Court House last Saturday was the best attended primary ever known here.  
The different committees appointed for the ratification meeting are requested to confer with Chas. D. Crawford, Chm. of the County Com. Ex. Com.  
The sale of the Young property in town has been changed to the 20th day of August, proximo; it being the 1st Monday of August Court. See advt.  
The Salisbury District conference (Methodist) will be held at Mocksville this month, beginning on Thursday the 26th, and including the Sunday following.  
The Ireland Blues stopped for a few hours in Salisbury last Monday, on their way to Wrightsville, and gave a very creditable drill in front of the Boyden House.  
Quite a company of our citizens are at Cunnely Springs. There is no better place to recuperate and spend a month or two quietly and pleasantly, than at Cunnelys.  
We have received a letter from Georgia notifying us of the death of John Alexander Smith said to be a native of Salisbury. His friends may find out more about it by enquiring at this office.  
Joe McNeely has been loosing a good many chickens lately and on last Monday caught a youthful thief with one of his finest blooded roosters, but refused to prosecute him on account of his age.  
A petition to the Governor is being extensively signed by our citizens for the pardon of Will Keen, who shot John Murphy last winter and who is now serving a sentence in the penitentiary.  
Mr. Thomas Brown, of Asheville, passed through here Monday, going to Mocksville to visit his son, Frank Brown. Rumor has it that Col. Brown will return to his first love, Salisbury. A cordial welcome awaits him.  
We learn that the Primaries at all the Precincts in the County were well attended last Saturday and we have no doubt that the right men will be nominated to fill the County offices at the Convention here on Saturday.  
It is reported and believed that a citizen of Locke township voted in the election for Sheriff at the Salisbury township meeting. Was it forgetfulness, or something worse? He is very well known—rather too well for his comfort.  
The Governor will be petitioned to pardon Mr. Hargrave, who was convicted at the February term of Court and sentenced to the Penitentiary for alleged horse stealing. The case was removed from Davidson to this County for trial.  
Fig pens need not become a nuisance in a town if properly attended to. Give them a plank floor and plenty of room under cover. Supply an abundance of dry leaves for bedding and renew it every week, or oftener, if necessary. Dry leaves make the best bedding for pigs and are free of some objections to straw or hay.  
The township meeting held here last Saturday was a day for fairness, harmony and beauty. The fact is apparent to any one who can read the signs of the times, that the Democracy of this section are wide awake and in earnest. They are moving in solid column and in business. Mark it.

Rain is needed badly in this section. Gardens played out.  
The grumblers and fault finders are happy. The fountain on the public square gives them something to talk about. Were this class consulted no shade trees would be planted, no paint used nor anything at all done towards adorning and beautifying the town. Fortunately for the town such characters are few.  
**Eclipse of the Moon.**  
An eclipse of the moon will occur on the 22d July, and will be more interesting than the one of January—28th. The diameter of the earth's shadow will be much larger at that time in proportion to the diameter of the moon, darkening the surface more totally. It will take place at midnight when the moon is higher in the heavens, and it will be visible in this section.

Watermelons are not looking so well, not enough rain.  
The wheat is not turning out so well as people expected, but a very good crop.  
The chickens seem to be scarce (or run away, one or the other) since the threshers have passed through. I do not blame them. The boys are death on chickens.  
The people who have not got any of the twenty-five dollar cotton seed are bothering those who have for some of theirs for shade trees to sleep under at noon. You can see lightning bugs in it any time through the day.  
The people of this community are about done laying by corn and cotton. The corn is looking very well considering the dry weather. The cotton is looking very well—we have plenty blooms now. The chinch bugs are plenty in some corn but have not hurt it much yet.  
Married, at Salem Church, July the 11th, 1888, by Rev. J. D. Shirey, Rev. Adolphus Lyman of Mt. Pleasant, to Miss Mary C. Miller, of Rowan. A large congregation attended the Marriage. Miss Maggie Frazier, an accomplished musician, played a march as the couple marched in the church. It was very much appreciated by all those who heard it. Mr. Lyman and his wife left Salisbury on the 7 o'clock p. m. train for New York, where they will spend a few weeks.  
**Trading Board.**  
Preaching next Sunday evening at 3 o'clock at Bethel church.  
School commenced at Trading Board Academy on last Monday morning with Mr. G. W. Bringle as teacher.  
The weather is hot and very dry; crops are not looking so well as present on account of the much needed rain.  
The threshing machines are running in full blast now, wheat seems to be turning out better than was expected, the oats crop is good.  
The Baptist Sunday school picnic which came off at Trading Board Baptist church on last Friday 13th, was a grand success. The Methodist Sunday school of Bethel church, also participated, which added a great deal of interest. J. Stoudenmire delivered a short Sunday school address. Then the crowd repaired to the grove and partook of a bountiful repast.

**INSURANCE THAT INSURES.**  
Is what the genius of the American mind demands, and this is what the Provident Savings Life Ins. Co., of New York, gives to such as are fortunate enough to be among its policy holders when death claims them. The record of Mrs. Annie Foard in this paper tells the story—read it. The salient features of the company are, insurance to policy holders at cost and that cost the lowest on record of any life Co., absolute security and indemnity so far as the most expert judges can see. They have \$211 cash assets to every \$100 of liabilities, which beats every company in the U. S. Its premium rates and rates of mortality are the smallest, its dividends the largest, and in everything that is desirable in a first class company it ranks no. 1. First class risks solicited.
