FOR THE SENATE,
T. B. BAILEY.
FOR HOUSE OF REPRESENTATIVES,
J. S. McCUBBINS, Sr.
FOR SHERIFF,
C. C. KRIDER.
FOR REGISTER OF DEEDS,
H. N. WOODSON.
FOR TREASURER,
J. S. McCUBBINS, Jr.
FOR SURVEYOR,
B. C. AREY.
FOR CORONER,
D. A. ATWELL.

The main issue in this campaign, compared with which, all others sink into insignificance, is the question of the negroes control of the affairs of this government. It is left for white men to decide.

Dr. Richard Whitehead has returned to the University of Virginia, and resumed the duties devolving upon him as Demonstrator of Anatomy in the medical department of that far-famed institution of learning.

The white republicans in this section, a very few in number thank goodness, are ashamed to be seen at a negro political meeting. They only do the hissing. The negro does the work, the white republican takes the money.

Conductor Nicholas, of the W. N. C. R. R., met with a painful accident at Statesville last Thursday. He went on top of a freight car to put on the brake and wrenched it off, falling to the ground he sustained a fracture of the hip.

It is reported here that Dr. J. G. Ramsay is the Republican candidate for the Senate against T. B. Bailey, Esq., the Democratic nominee. The Doctor never tires of running, but generally gets left, as he certainly will this time.

People of Rowan, President Cleveland has served the country faithfully for nearly four years. Fail not to do all you can to give him four years more—four years more of good government. Four years more of impartial and unsectional rule.

If the Democrats of this State turn out and vote next Tuesday, we expect to chronicle in our next issue a Democratic majority of from fifteen to twenty-five thousand in the State. But we cannot do this nor can we expect to elect our candidates unless you vote.

There will be no bayonets on hand at the present election, to intimidate voters and to say who shall or who shall not vote. Grover Cleveland does not allow a free people to be imposed upon in that way, but the republican presidents who preceded him, did allow it.

Our district Elector, Mr. Caldwell of Statesville, is an indefatigable worker and has made a thorough, good and acceptable canvass, hitting radicalism a fine strong blow. He is entitled to the thanks of every democrat in the 7th congressional district for the good work done for the party.

The freightage on the Western road since the lease of the E. T. V. & G. R. R., has been something immense. Nearly every train has several sections and we understand that there is from three to four hundred freight cars standing all the time at Morristown and Paint Rock waiting to be moved.

Mr. D. L. Gaskill brought with him from Mexico a hat (sombbrero) which is on exhibit at W. H. Reiser's, and is quite a curio. Dave paid \$8 for it in Mexico but when he got to the line he found that the duty on it was \$8 more. Dave says that it is a very common sight there to see a man with a \$50 hat and a \$15 suit of clothes.

What might have resulted in a serious difficulty was averted by the better judgment of some of the negroes who took part in the Republican demonstration Tuesday night. Although the negroes knew that the Democrats were holding a meeting at the hall, some of them insisted on getting near enough to disturb the meeting, but were prevented by some with wiser heads.

A value of a vote. Think of it. One favorable vote built the N. C. Railroad from Charlotte to Goldsboro. It is highly improbable but possible that your failing to vote might defeat the Democratic ticket. We are anxious not only to defeat the enemy, but to beat him so badly this time that the party, known as the negro party, can never be resurrected. A big Democratic majority will do a great deal toward bringing it off. So do not fail to register by the 3d (Saturday) and vote and see that your neighbor does the same.

The Yorkville, (S. C.) Enquirer of Oct. 24th, issues an industrial sheet illustrating and describing the rise and progress of Rock Hill, S. C., all developed since 1852. The town now comprises a population of about 2,000 souls. It has become a large dealer in cotton, received each year from country wagons, and shipping north and elsewhere about 20,000 bales a year. Among the prominent and progressive men of the place we are pleased to see the photograph of our former townsman, Mr. L. M. Davis, the jeweler. He is now engaged in the family grocery line, in which he has been quite successful.

Every voter who has moved into a new township since last election, and every one who has become of age within the last two years should register.

Vote the Democratic ticket straight through. Do not split your ticket—it is important that you vote for every man whose name appears on the ticket.

The Republicans of this State have asked the Federal Circuit Court Judge, who is a Republican and "South later" to appoint Federal supervisors of election.

Continue to work as one man from now till next Tuesday for the success of the Democratic ticket which will ensure continuation of good government.

Boyer & Badger, of Charlotte, want two old bloodstone rings that were known to be there at the Mecklenburg Declaration, and will pay fancy prices for them.

It is very kind of the members of the Brooklyn Band to give their time, and lend to the enthusiasm, by furnishing music at political meetings during the campaign.

Remember the radicals are making desperate efforts to carry the Legislature, in order to elect a U. S. Senator to succeed Senator Ransom. They will sacrifice everything to accomplish this.

Sam Johnson, a colored citizen of Salisbury and a Democrat, who has been employed at Washington for several years, comes home regularly every election to vote. He arrived Saturday.

Noble Conduct.

It affords us pleasure to say that the public speakers of our town have done their whole duty during the present canvass in obeying every call and accepting every invitation to appear before the people in their respective townships and talk to them on the issues of the day. No one can well plead ignorance of the great political controversy if he desired information. And it should be remembered that such men as Luke Blackmer, Esq., and Hon. F. E. Shober, would not leave their homes and travel miles into the country to speak to their fellow-citizens of the county at night, if they did not feel that the occasion was great. We also mention the worthy labors of Theo. F. Klutz, T. C. Linn, L. H. Clement, Lee S. Overman, and Jas. W. Rump, all of whom have done what they could to plead the cause of the people against the monopolists and robber tariff party of the State. Let the result be as it may these men have done their duty, and deserve to be held in grateful remembrance.

Ransom in Salisbury.

The man who possesses the power to hold a large audience for three solid hours while he speaks on the tariff (generally a dry subject) must be counted strong. Senator Ransom did this here last Friday. The day was so inclement that a failure was expected, but when the hour for speaking arrived the Court house was literally packed with people from all parts of the county. His speech was exceptionally able, clear, and interesting. The General has many acquaintances in this county, among them many who were in his command in the late war, and who valued him for his personal character as seen in the hard services of the camp and field. They were anxious to see and hear him—especially anxious to hear him on the issues of the campaign. He addressed them with all sincerity and fidelity, telling the truth as his opportunities enabled him to know it. And when he had finished, crowds went forward to shake hands with him. Large preparations had been made for the day, and the speaking appointed to be held in Boyden's Grove. Had the weather admitted of it the attendance would have been very large. A re-union of soldiers was invited, and a feast was prepared for the occasion. The barbecue was spread in Meroney's large Hall, and 150 soldiers partook of it besides many democrats. Large quantities of the provisions remained to be disposed of and were considerably distributed among parties to whom it was thought they would be acceptable.

Caldwell and Glenn.

AT MERONEY'S HALL, TUESDAY NIGHT—EARNEST AND POWERFUL SPEECHES. By appointment L. C. Caldwell, Democratic Elector of this District, and R. B. Glenn, Esq., addressed the people in Meroney's Hall, Tuesday night. The hall was crowded; the audience comprised a large number of ladies. Mr. Caldwell led off, in a vigorous and able speech which was frequently and heartily applauded. We cannot undertake to relate the points and arguments made by either of these gentlemen, Mr. Caldwell spoke for an hour, and Mr. Glenn an hour and three-quarters. Both were earnest and clear in their deliverances, and held their hearers until about half past ten.

DISTURBANCE.

Very shortly after Mr. Caldwell commenced speaking a colored procession, with drum beating, passed under the windows of the hall. We have since learned it was done on purpose, as an expression of contempt or defiance. However this may be, there was no occasion for it, and it might well have been avoided. It was a disturbance; and several young men left the hall to look after it. A serious conflict with the negroes came near taking place, and was only prevented by the wiser heads present on the street, white and black. Jim Harris, of Wake had been invited to address the blacks on this occasion, and we learn did what he could to prevent trouble.

The audience attending the speeches of Messrs. Caldwell and Glenn knew nothing of what was going on outside of the hall, and of course were not disturbed by it. These gentlemen acquitted themselves with credit, and to the high gratification of the ladies and gentlemen who had the pleasure of hearing them.

A CHANGE OF BUSINESS.

Messrs. Gallagher Bros. intend leaving the photographic business for one which they hope will prove more lucrative. Those wishing to secure pictures of themselves or friends should see no time, as the gallery will be closed in a short time. Remember the old proverb, "The early bird catches the worm." This is your last chance, there is no telling when you will have the chance of getting satisfactory pictures again.

Salisbury's Improvements.

Editor Watchman.—It is not only gratifying, but very encouraging to the people, and especially to the farmers of Rowan county, to note so much improvement going on in Salisbury. Unquestionably there is a much improved going there now as in any town of its size in the State.

About four weeks ago the writer was in town, and at one place there was a pile of lumber, and the brick pillars had just been built for the foundation. On last Saturday I passed the same place and to my surprise the entire building had been completed on the outside, chimneys all up, etc. But this is only one instance; it is going on just so all over town.

We are glad to see it announced that another new enterprise has just been inaugurated—to wit, a knitting factory. Such an establishment should pay well there, and there are many other enterprises that should be gone into. Such things not only conduce to the building up of the town, but it helps the farmer-producer of goods, and it brings to the place more consumers and creates an increased demand for the farmer's surplus.

The people of Salisbury have shown a good deal of taste in the erection of the beautiful fountain on the public square. We imagine that in the heated summer days it will present a beautiful appearance, besides producing a cooling effect upon the atmosphere. It occupies the site of the old Court House, and is built right over the public well. At present it contains (temporarily) 100 young German Carps. Who would have thought ten years that the site of that old "Temple of Justice" would ever be converted into a fish pond?

Many other improvements should be made in Salisbury. A few views of the beautiful fountain, and other points of attraction, then to take a stand near East's drug store, and look across the street and see those miserable shacks of beer stands, with large quantities of fresh meat hanging up, and myriads of flies swarming around it on a hot summer day, is in anything but good taste, and makes one's feathers fall, like the gaudy, strutting peacock, if he happens to look down and see his ugly feet.

There should be a public market house with stalls, or at least a public lot where every butcher and v. n. of truck would be required to go and sell what he had. It would be better for seller and buyer, and would certainly be in much better taste.

Again—speaking of improvements. All those rotten, miserable old rat harbors (the old Mansion House lot on Northeast corner) should be torn down and modern buildings erected on their site. COUNTRYMAN.

LOWERSVILLE, N. C., Oct. 23, 1888.

Mr. Editor.—In your issue of the 18th inst. you published the statement that Dr. Benbow, Chairman of the Executive Committee of the Prohibition party of N. C., will vote the Republican ticket. Has it escaped your notice that Dr. Benbow has made the most positive and emphatic denial of this, and complains that no Democratic paper, except the Patriot, has noticed it? As you published also the statement that Mr. Walker, candidate for Governor, had been a Republican, and failed to notice the contradiction, I fear you do not exchange with the Prohibitionist, or any paper friendly to the Prohibition party and venture to call your attention to these things affecting the good name of fellow-citizens holding places of honor at the hands of many of the most pure, patriotic, thoughtful and self-denying men of the State.

Yours very truly,

R. W. BOYD.

A CARD.

Greensboro, Oct. 15, 1888.

Ed. Patriot.—You do me injustice in your issue to-day. I am squarely in favor of the National and State Prohibition platforms, and will vote the entire ticket as I did in '84 and '86.

I gave you credit in the North Carolina Prohibitionist for correcting the misrepresentation, and to-day for you to repeat it (the misrepresentation) I feel hurt because we both live in the same town. Respectfully,

D. W. C. BENBOW.

On the 19th the following card appeared in the Daily Patriot:

PIANOFORTE TUNING, FOR SALISBURY.

Mr. OWEN H. BRIDGES (pupil of Dr. Marx, Professor of Music at Berlin University, and Monsieur Benozet of Paris) has come from England and settled close to Salisbury, and is prepared to tune, regulate and repair Pianos, Organs and Pipe Organs. Having had fifteen years' practical experience in England, Ladies and gentlemen, who wish their musical instruments carefully and regularly attended to, may rely upon having thorough and conscientious work done if they will kindly favor O. N. B.—Schumann says: "It is the fastest economy to allow any pianoforte to remain untuned, as it ruins both instrument and ear."
