WASHINGTON, Jan. 8.-Sherman introduced in the Senate to-day an elaborate bill for the reconstruction of the system of election for members of the House of Representatives. It provides that the Presieach precinct or election district to hold office for six years. The electoral board is to have the power to fill vacancies and remove for cause if necessary, to increase the number of precincts and to appoint reg-istrars therefor. The electoral body of each district is to appoint three judges of election for each precinct who shall be judges of all federal

COMPARATIVE WORTH OF BAKING POWDERS.

REPORTS OF GOVERNMENT CHEMISTS

As to Purity and Wholesomeness of the Royal Baking Powder.

"I have tested a package of Royal Baking Powder, which I purchased in the open market, and find it composed of pure and wholesome ingredients. It is a cream of tartar powder of a high degree of merit, and does not contain either alum of phosphates, or other injurious substances.

E. G. Love, Ph.D."

"It it a scientific fact that the Royal Daking Powder is absolutely pure."
"II. A. MOTT, Ph.D."

the market. I find it entirely free from alum, terra alba, or any other injurious substance. HENRY MORTON, Ph.D., President of Stevens Institute of Technology."

"I have enalyzed a package of Royal Daking Powder. The materials of which it is composed are pure and wholesome. S. Dana Haves, State Assayer, Mass."

The Royal Baking Powder received the highest award over all competitors at the Vienna World's Exposition, 1873; at the Centennial, Philadelphia, 1876; at the American Institute, and at State Pairs throughout the country.

No other article of human food has ever received such high, emphatic, and universal endorsement from eminent Chemists, physicians, scientists, and Boards of
