## The North Carolina Gold Find.

St. Louis Globe-Democrat.

The story of the discovery of gold in North Carolina is somewhat curious. Near the close of the last century the child of a poor settler, while roaming ent on that position for the necessaries of along the banks of a small stream, dislife is no reason why he should be com- covered a bright yellow stone, which, with the help of his playmates, he picked up and brought home to his father. The old man, who had evidently no knowledge of the appearance of gold in its native state, saw nothing remarkable in the stone, but, not to disappoint the subjection. Both men are thoroughly child, bade him place it near the cabin aroused to the imminent peril of another door, which it would serve to keep open war, and it will not be their fault if the stores closed up Monday right promptly or shut at pleasure. As the stone was country is plunged into it 'unbeknownst.' at 8 and the balance of the stores kept quite heavy, weighing nearly fifteen It is a long time since so powerful an open till the clock struck 11, and more pounds, it was found of considerable use alliance as this has been made.'

Several years elapsed before any one stout, able bodied men loafing about on the street; this week, and yet, the queswith all due respect to the merchants often showed it to the neighbors, bidding who do not close, I think the clerks them mark its unusual weight. Finally State, J. Stephens, a section man, shot poor? Hands are always in demand in would not only be justified, but I think he was induced by some one to take it harvest time, and all who desire to ob- they as men in a free country should de- to a goldsmith in the neighboring town tain work could have gotten it, with fair mand their rights and force the stores to of Fayetteville who upon testing it at trouble was about a woman. Stephens once pronounced it to be pure gold.
