Death of Mrs. McCubbins.

When the aged depart this life, although a subject of unfeigned grief to those who stood near them, the community at large look upon it as one of those events which must happen in the course of human events.

The Lexington Lynchers.

The parties engaged in the lynching of Berrier at Lexington a couple of weeks ago will find that the special sitting of Judge Phillips is no child's play affair.

From copies of the Charlotte Chronicle we learn the following: Sheriff Leonard, of Davidson county, received late Saturday night 32 bench warrants, issued by Judge Phillips, for the arrest of the supposed lynchers.

He immediately summoned a large party of the citizens of Lexington and Thomasville to assist him in making the arrests, and up to 7 o'clock Sunday evening there had been eighteen or twenty men arrested charged with murder. The prisoners first arrested were committed to jail; but on the arrival of Judge Phillips and Solicitor Long, the Judge ordered all of them brought before him in the courthouse about 3 o'clock where he told them that he had been sent there to thoroughly investigate this lynching case, and to see that the laws of North Carolina were enforced and respected, and that the guilty be brought to punishment; and that while he was determined that this should be done, yet he did not intend to be arbitrary or oppressive to the men arrested. They, he said, should have a speedy trial, and a fair and patient hearing.

Every one should have time to get his witnesses, consult counsel, &c. He then ordered that all prisoners already arrested, and those that might be brought in during the night be kept in the courthouse instead of the jail, and he swore in a guard to keep them safely until Monday morning.

Up to 10 o'clock Monday morning, twenty-five had been arrested, and the sheriff thought he would finally arrest all the 32, with the exception of two who, he thought, had left the county.

The following are the names of those arrested: A. C. Wood, B. C. Goble, John Wood, Bently Hunt, McDuff Farabel, Henry Fritz, John Wilson, C. A. Haneo, Henderson Shoaf, John Craver, Jeff Craver, J. N. Craver, J. N. Myers, Charles Swicegood, William Livingood, David Myers, Will Myers, Hamilton Sink, David Wock, Julius Wifong, Plunk Faviels, Joe Sowers, Alf Green, John Farabel, Royal Shoaf.

Promptly at 12 o'clock Monday Judge Phillips opened his court for the investigation of the case. The court house was densely packed with people, but the best of order prevailed. The sheriff reported as executed twenty-six warrants on the parties. Robbins and Raper and S. E. Williams appeared for the prisoners, Solicitor Long prosecuting. The court took a recess at half past one o'clock to enable the Solicitor to get his witnesses together.

Tuesday and Wednesday was spent in examining witnesses for the State. The principal witnesses are sheriff Leonard and jailer Kenney. They were both in the jail at the time the door was broken in, the keys demanded and Berrier taken out, and as the men were not masked, they could not help but recognize some of them. It is a pretty strong case as to who took Berrier out, but as the lynching was done a mile from town and in the dark, it will be a hard matter to find out who took part in the actual lynching.

Opinion seem to be divided as to whether the State will make out a case or not. Considerable anxiety is expressed by the friends of the accused but the accused themselves seem to think they are in no danger.
