The WATCHMAN has 50 per cent. more circulation than any paper published in Salisbury.

HERE NOTHING.

Recently the News and Observer got up a lot of rubbish about Governor Holt having detected a negro in the act of stealing a member from the coach in which he was riding while the train stopped at Oxford.

The Watchman has nothing to say against the governor and it is with no intention of evidencing him that we refer to it at all.

MECKLENBURG farmers mean business. They declared their independence in 1775. Last week they declared they were going to have an Alliance paper.

COL. POLK spoke to a large and enthusiastic audience at King's Mountain last Saturday. It is said that nearly 3,000 people were present.

PUT THIS IN YOUR PIPE.

Plain Facts and Sharp, Pithy Sayings from Reform Papers.

Bartley has been sent to the penitentiary for 15 years, but Deacon Wannamaker is still doing business at the old stand.

Every man who is defending the cause of our down-trodden farmers must expect to receive a baptism of slander and the abuse from the partisan press and enemies of the Alliance.

Wannamaker is still running his Sunday school, and swearing like a pirate that he didn't do it. It was some of his wicked clerks that held stock in the wrecked Keystone bank.

"Every man is a slave who bears the burden of debt," says an exchange. Then the great majority of the people in the country are slaves—for the country is literally covered with debt.

THIS GLORIOUS COUNTRY.

We hear but little about this "glorious country" now since the Alliance has made it plain that our national government is rotten to the core.

A billion dollar Congress is a catch phrase which may be flippantly mouthed, but how few of us realize what it means.

Our Alabama congressman is credited with the ownership of sections of land in the great Pan-handle of Texas.

It is a well known fact that the controlling influence in our government today—the power behind the throne—the dominant force back of our national legislature, is Wall street or the money power of the country.

The same class of politicians who say "the alliance men are repudiators," are of the same pattern as those who said, "we will not have this man to reign and rule over us."

Are you an alliance man? Do you subscribe to the principles of the order? If not, then why are you an alliance man?

In order to reform politics we must put reform men in the lead with reform politics.

Is this talk about a subsidized press true? It has been testified that one Texas paper receives \$12,000 per annum from one railroad and \$1920 from another.

OUR WASHINGTON LETTER

The Speakership—The Alliance Circuit—Ex-Governor Cheney for Secretary of War—Other News.

WASHINGTON, July 27, 1891.—Representative Crisp, in making his canvass for the Speakership of the House has managed to arouse the enmity of a number of more or less intemperate men in his party.

Mr. Polk takes a more sober view than any we have seen from him and more in accord with what the Democrats are fighting for.

The government issues money to national banks. It is used to them not for the banks to do as they please with it.

If the government inaugurated by the Alliance is right, and we believe it is, more should be ready to give their sanction than our merchants.

Mr. H. W. Ayer, in charge of the Farmers Alliance Bureau of information here, says the circular which is being sent to the farmers does not contain either advice or suggestion.

Why not all boom farming for a while? It has been run down long enough. Let us turn off the chronic grumblers who have had such a glorious feast for the past fifteen years.
