PAPERS.

Progressive Farmer, State Organ,	Raleigh, N. C
Caucasian,	Clinton, N. C.
Rural Home,	Wilson, N. C.
Carolina Watchman,	Salisbury, N. C.
Farmers' Advocate,	Turboro, N. C.
Mountain Home Journal,	Asheville, N. C.
Alliance Sentinel,	Goldsboro, N. C.
Country Life,	Trinity College, N. C.
Mercury,	Hickory, N. C.
Rattler,	Whittakers, N. C.

Each of the above-named papers are requested to keep the list standing on the first page and add others, provided they are duly elected. Any paper failing to advocate the Ocala platform will be dropped from the list promptly. Our people can now see that papers are published in their interest.

The Conference Platform.

The following is a correct copy of the platform adopted at St. Louis by the labor conference:

FINANCE.

1. We demand a national currency—safe, sound and flexible—issued by the general government only; a full legal tender for all debts, public and private; and without the use of banking corporations; a just and equitable means of circulation, at a tax not to exceed two per cent, as set forth in the sub-treasury plan of the Farmers' Alliance, or some better system; also, by payments in the discharge of its obligations for public improvements.

a. We demand free and unlimited coinage of silver.

b. We demand the amount of circulating medium to be speedily increased to not less than $50 per capita.

c. We demand a graduated income tax.

d. We believe that the money of the treasury should be kept as much as possible in the hands of the people, and hence we demand all National and State revenues shall be limited to the necessary expenses of government, economically and honestly administered.

e. We demand that Postal Saving banks be established by the government for the safe deposit of earnings of the people and facilitate exchange.

LAND.

2. Your sub-committee upon the land plank, beg to submit to your approval the following: The land, including all natural resources of wealth, is the heritage of all people, and should not be monopolized for speculative purposes, and alien ownership of land should be prohibited. All lands now held by railroads and other coporations in excess of their actual needs and all lands now owned by aliens should be reclaimed by the Government and held for actual settlers only.

TRANSPORTATION.

3. Transportation being a means of defence and public necessity, the Government should own and operate roads in the interest of the people.

a. The telegraph and telephone, like the postal system, being a necessity for the transmission of news, should be owned and operated by the government in the interest of the people.

While some parts of the above address may seem at a mere glance to make partisan political distinctions, yet upon careful study one will clearly see that it is non-partisan, and further, will be impressed with the truth of its promises, and the ability of the committee who framed it. It was adopted with only a few dissenting votes, and the platform was adopted unanimously, and received with great applause. The conference having completed its work as a representative body, and adjourned *sine die.*

Changing Ideas.

A significant indication of the changes in the ideas and sentiments of the people of the South and in the material condition of things throughout the Southern States, is contained in the incidental remark of a Richmond newspaper that "Many hundred young ladies are employed in the various factories of Richmond, and the number is daily growing." Many northern people still hold firmly to the belief that the woman who works for her living in the South is looked down upon and slighted and that working girls and women are at a great social disadvantage there. That may have been the case at one time, but it is not so now. The item notes the refusal of a license to a bar room in the neighborhood of one of the factories where the women are employed, for the reason that the city was determined to see that the environments of the women were "such as they have a right to expect." Another interesting item is that the statistics show that the South now has 1,200,000 more spindles than it had eleven years ago.—*New York Sun.*

A Bloated Capitalist, Wasn't He.

The father of his country, whose birthday we have just been celebrating, was pretty well fixed financially for a man in his day. According to an almanac of 1790, one hundred years ago:

"General Washington possesses 10,000 acres of land in one body, where he lives; constantly employs 240 hands; keeps twenty-five plows going all the year, when the weather will permit; sowed in 1787 some 600 acres of oats, 700 acres of wheat, and prepared as much corn, barley, potatoes, beans, peas, etc.; has near 500 acres in grass, and sowed 150 with turnips. Stock, 140 horses, 112 cows, 225 working oxen, heifers and steers and 500 sheep. The lands about his seat are laid down in grass, the farms are scattered around at a distance of two, three, four or five miles, which the general visits every day, unless the weather is absolutely stormy. He is constantly making various and extensive experiments for the improvement of agriculture. He is stimulated with that desire which always actuates him to do good to mankind. In 1786 he killed 150 hogs, weighing 18,500 pounds, for his family use, exclusive of provision for his negroes, which was made into bacon."

Its Own Faults.

Writing to General Alger of the presidential election Secretary Blaine says: "If we do not win it is our own fault."

We should say rather that if the republicans do win it will be the fault of the democrats.

And yet it cannot be denied that the republican party has faults enough—to speak mildly—to defeat it.

It was a fault to convert a surplus of $1,000,000,000 into a deficiency.

It was a fault—and one which Mr. Blaine never excused—to try and pass a bayonet election bill.

It was a fault to increase the war tariff after more than a quarter of a century of peace.

It was a fault to give new power to monopolies and new protection to trusts in return for campaign contributions.

It was a fault to drag prematurely into the Union republican Territories only, simply to pack the Senate against the people's will.

It was a fault to defy this will, as expressed with unparalleled unanimity in elections of 1890, and to "bid the people change their minds."

Mr. Blaine is right. The republican party will be beaten for its faults.

Senator Vance Tumbles.

Senator Vance proved too heavy a weight yesterday for the United States Senate even. He tilted his chair back, a habit nearly all the Tar Heel gentlemen have contracted, and was listening to Senator Pugh's speech on the Clingett-Dubois contested election case. The chair gave way and landed Senator Vance on the floor. He got up unhurt and said with a smile: "I beg the Senator's pardon for interrupting his remarks." Senator Pugh replied: "I did not know my argument was so overpowering." It was some minutes before the usual amount of senatorial dignity was resumed—*Washington Letter, of March 1st, to Statesville Landmark.*

There is much so-called religion that reminds one of boys with wooden guns and tin swords playing soldiers. They go through many revolutions, but draw no blood and have no enemies. There is just such a type of religion which encounters no sin and which effects the kingdom of satan as little as the boyish make-believe.

An imitation of Nature—that's the result you want to reach. With Dr. Pierce's Pleasant Pellets, you have it. They cleanse and renovate the whole system *naturally*. That means that they do it thoroughly, but mildly. They're the smallest in size, but the most effective—sugar-coated, easiest to take. Sick Headache, Bilious Headache, Constipation, Indigestion, Bilious Attacks, and all derangements of the Liver, Stomach and Bowels are prevented, relieved, and cured. Purely vegetable, perfectly harmless, and gently laxative, or an active cathartic, according to size of dose. As a Liver Pill, they've been imitated, but never equaled.

The smallest Pill in the World!

Tutt's Tiny Pills

are very small, yet powerful. Have been in use for many years, and still retain their popularity. Their sugar-coating covers them for the use of delicate ladies and persons who would not take any other.

Sick Headache

they are invaluable as they cause the food to assimilate, nourish the body and prevent that terrible sensation of sinking. Both sizes of Tutt's Pills are sold by all druggists. Price, 25c. Office, 39 Park Place, N. Y.

Gobbled by the Dukes.

Upon good authority the *Globe* learns that the right to use the Keely cure, which is called a fraud by the New York *Herald* and other papers worth their millions, has been secured by the Dukes and other men who have some money in this town. They will pay $33,000 for this business, and will establish several houses here and there.—*Durham Globe.*

A Chinaman out West married a "Melican woman" a few weeks ago, but he was like some "Melican" men—soon sick of his bargain, and within a month appeared in court for a divorce. He complained that "she too muchee talke with neighbors, too muchee paint face and eyebrows, too muchee Yulopean blandy, too muchee fight, too muchee snore, too muchee boss, too muchee dleam, too muchee say killam husband and too muchee no good." But the court held the Chinaman to his contract.

James W. Lancaster, Hawkinsville, Ga., writes: "My wife was in bad health for eight years. Five doctores and as many more different patent medicines had done her no good. Six bottles of B. B. B. cured her."

Simple in Construction. Permanent in Duration. Easily Applied. Its Skillful Use Quickly Learned.

The Electropoise is an instrument for the

CURE OF DISEASE WITHOUT MEDICINE.

BASED on new theories of the cause and cure of disease, it deals with the electrical and magnetic conditions of the body and the gases surrounding it in the atmosphere, controlling these conditions at will. *It is not electricity.* DISEASE is simply impaired vitality. The Electropoise constantly adds to the vitality and only assists Nature, *in Nature's way*, to throw off the trouble.

A 40-page book, describing treatment and containing testimonials from all sections, and for the cure of all diseases, mailed free. Address

ONE WORD.

I come to you with a small affair that you may need. In England, the Continent and many foreign countries, myself and wares are well known. Many American families in their return from abroad bring my articles with them, for they know them pretty well, but you may not be one of these.

Confidence between man and man is slow of growth, and when found, its rarity makes it valuable. I ask your confidence and make a reference to this Journal to indorse that confidence. I do not think it will be misplaced.

I make the best form of a cure—an absolute one—for biliousness and headache that can be found in this year. The cure is so small in itself, and yet its comfort to you is so great—20 minutes being its limit when relief comes—that it has become the marvel of its time. One and a half grains of medicine, coated with sugar, is my remedy, in the shape of one small pill, known to commerce as DR. HAYDOCK'S NEW LIVER PILL. It is old in the markets of Europe, but is new to North America. The price is as low as an honest medicine can be sold at, 25 cents. Send a postal card for a sample vial, to try them, before you purchase.

DR. HAYDOCK,
63 Fulton St., N. Y.

Mention the W. tchman when you write.

IS IT NOT BETTER

To have your printing done neatly, and in an attractive manner, even if you have to pay more for it?

Well, we do not charge any more for our work, but guarantee the finest work done in Salisbury, and as fine work in our line, as can be done any where. Our motto is:

Neat, Prompt, Accurate.

Call on us, look at our samples, hear our prices, and be convinced that what we say is true. Very truly,

Watchman Job Office,
R. A. TAAFFE, Manager.

Bucklen's Arnica Salve.

The best salve in the world for Cuts, Bruises, Sores, Salt Rheum, Fever Sores, Tetter, Chapped Hands, Chilblains, Corns and all Skin Eruptions, and positively cures Piles or no pay required. It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per box. For sale by T. F. Kluttz & Co.

Durham Fertilizer Company,

MANUFACTURERS OF

High Grade Ammoniated Fertilizer, Acid Phosphate and Fertilizing Materials.

Main Office: DURHAM, N. C.
Factories: DURHAM, N. C., RICHMOND, VA.

The following Brands are Manufactured exclusively for the Alliance:

"N. C. Alliance Official Guano," "Progressive Farmer," "N. C. Alliance Official Acid Phosphate."

TESTIMONIALS:

From Mr. J. S. Johnston, member of the Executive Committee N. C. State Alliance and Manager Alliance Warehouse at Danville, Va.:

RIDGEVILLE, N. C., Aug. 17, 1891.

S. T. MORGAN, Esq., Pres't,
Durham, N. C.

My Dear Sir:—Yours of the 8th just to hand. Am sorry that I did not receive your circular letter, but am happy to say for your Fertilizer that I do not know a single party among the numerous persons we delivered Fertilizer to this season who is not perfectly satisfied with the results. Tobacco has fired some at the bottom, but they say that is entirely attributable to the wet season. I used eleven tons on my farm and have never used any fertilizer that has given such satisfactory results.

Very truly and respectfully yours,
J. S. JOHNSTON.

HAMNER, N. C., Aug. 20, 1891.

Durham Fertilizer Company:

I must confess I was a little afraid of your Fertilizer last year, so used (as I had done for years) Ladeaux's Chemicals. I thought none could be better. Used half yours and half Ladeaux's this year, and am proud to say yours grew tobacco larger and finer on same land. I wish I was able to give it the recommendation it deserves. Keep it up to the standard, as you have, and all of us will use it next year.

Yours, &c., GEO. L. WILLIAMSON.

Durham Fertilizer Company.

RIDGEVILLE, N. C., Aug. 17, 1891.

Gents:—Find enclosed certificates of Ridgeville Alliance, No. 784, of Caswell county, and G. D. Burch's. I have made the certificates for Ridgeville Alliance as directed by the Alliance. If you want it made stronger and think of anything I could put in, let me know at once. The guano has given satisfaction and the Alliance has ordered me to let you know it and all others that it may concern.

Yours truly, GEO. M. BURTON.
Sec'y Ridgeville Alliance No. 784, Caswell Co.

FORSYTH COUNTY,
Winston, August, 1891.

The crop outlook where Official Guano was used will compare favorably with any other Fertilizer in our county. Our people are generally well satisfied with said guano.

J. F. GRIFFITH.

HICKMANS, Va., August 26, 1891.

I am now an old tobacco grower, and have used a great many Fertilizers since I have been growing tobacco, but have never used any brand that exceeds the Durham. My tobacco is doing as well this year as I ever had a crop to do, so far as the fertilizer is concerned. I cheerfully recommend the the Durham to every farmer who wishes a high grade Fertilizer at a low price. PATER B. BOOTH.

Send your orders to W. H. Worth, State Agt, or direct to us.

J. C. BERNHARDT, County, Ag't.
