Letter of Acceptance.

With this issue of the WATCHMAN ake full control of the Mecklenburg end of the paner. I expect to fill the space for the most part with local news or in other words county news. If I happen to say anything on politics and tell the truth I hope our readers will pardon me, for it will be deviating somewhat from journalism to ask that favor, but I will risk it.

Our office will be at the same old stand, in the white front drug store of Dr. J. B. Alexander, 15 South College street. I will be glad to have my friends call and see me and furnish me with any news they may pick up that will be of interest. I will also be pleased to have any of them who can when they come to the city to bring their rations and take dinner with me, I will furnish the toothpicks, water and fresh air.

I will continue to hear my history class every Thursday. J. P. Sossaman.

We have talked to a number of Mecklenburg farmers this week. They all tell to a murder that occurred in Kansas last us the outlook was never better for an all round crop. Cane and cotton is looking well. They are now cutting wheat and outs and find them good, all of which is very encouraging.

Some weeks sluce Mr. Harris, of the Evening News, took occasion to question my democracy, and ask if I meant to support the ticket nominated at Ral eign on May 18th. I replied in a way that a person of ordinary intellige might understand that I meant to do so, but Mr. Harris insisted upon my being explicit. I reviewed the ticket in detail and agreed to vote for each.
