of advertising. Our readers will please
bear with us.

has been torn down. It was pulled
down yesterday evening to prepare for

the Presbyterian church last night, at
which Prof. F. S. Blair, State Sunday

the county will be held at the State Nor-
mal School in Salisbury commencing
July 25th and continuing one week.

of the Old Hickory Club, died from some
unknown cause last Sunday night.
The club had him buried in good style.

rear part of his store the \$190 buggy that
he is going to give away on September
15th. See ad. on first page regarding it.
A lawn party was given at the home of
Miss Bessie Henderson last Saturday
night complimentary to Miss Nannie
Jones, of Raleigh. It was a brilliant af-
fair.

At a regular meeting of the directors
of the Salisbury Cotton Mills, held last
Monday, a semi-annual dividend of six
per cent was declared, payable in sixty
days.
Dr. J. M. Templeton, hailing from the
eastern part of the State, delivered an
address on prohibition before a small au-

Several fire companies, from various
towns have passed through Salisbury for
the past few days on their way to take
part in the State fireman's tournament
at Asheville.

The block of Main street in front of the
WATCHMAN office is being macadamized.
The masons are laying a sidewalk from
Mr. Frank Young's store to the Davis &
Wiley bank.

Mr. Benton Ludwick, who had his gin
and mill burned last month, says he will
have the gin rebuilt and ready for the
coming crop. The mill will not be re-
built for the present.

The organ at the Presbyterian church
is being rebuilt, and when finished will
be a very fine one. Mr. L. U. Stuart, of
New York, who built it, was given the
contract to fix it up.

We learn that the captain of the Salis-
bury baseball nine has received chal-
lenges to play from Statesville, Gold Hill,
Concord and one or more other towns.
Baseball interest is at fever heat here.

The regular business meeting of the
Young Men's Christian Association will

freshments will be served by the Ladies'
Auxiliary.

Messrs. F. E. and B. S. Arendell left
Sunday night for Wakefield, near Rail-
road, to attend the funeral of their
brother, Mr. S. E. Arendell, who died
of consumption. He was a single man
and 80 years old.

The commissioner of agriculture says
the cold weather has hurt the cotton
crop more than the rains. Corn is hurt
only where water has stood. Wheat and
oats are badly hurt; not only in the shock
but also where uncut. Oats became too
ripe and fell down.

The regular annual institute for the
white teachers of Rowan county will be
held in Salisbury beginning August 15th.
The teachers should remember that the
law requires them to attend or they
cannot get certificates. The institute this
year will be conducted by Prof. E. L.
Hughes, of Reidsville.

The large colored posters for the Fair
have arrived and as soon as the dates
and other necessary printing can be done
they will be sent out. Preparations are
being made to make the coming Fair the
best ever held. Remember the dates,
October 5th, 6th, 7th and 8th. The pre-
mium list is being prepared.

An exchange says that the surveyors
are at work on a line for a railroad from
Monroe to Winston. It also says that
the survey is being taken by the Sea-
board Air Line. If true, it would come
by the way of Salisbury or Gold Hill. A
gentleman interested in railroad matters
says it is an error, that the survey is be-
ing made from Wadesboro to Winston.
If this is true it will not touch this county.

A meeting to organize a military com-
pany for Salisbury will be held at the
court house at 9 o'clock to-night. Of-
fices will be elected, the organization
made and members received. We are
informed that more than thirty, the
 requisite number, have signified their
intention of joining. The State furnishes
the guns, etc., and pays for the picnics
the company will take yearly at Wrights-
ville.

A difficulty arose between Mr. J. F.
Pace, a policeman, and a drunken man
by the name of Lum Hartman, last Sat-
urday morning. It was charged that the
policeman knocked Hartman down and
beat him unnecessarily. A called meet-
ing of the aldermen was held at night to
investigate. The policeman was acquit-
ted on that charge, but was put down
for ten days for using profane language
and abusing a citizen regarding the same
matter, while on duty.

One of our subscribers came in Tues-
day and brought with him one new sub-
scription. He then, out of his own
pocket, paid for three new subscriptions
and ordered the paper sent to three of
his neighbors who did not get the paper.
This man showed his faith by his works.
We do not ask our subscribers to pay
for the paper for their neighbors out of
their own pockets, but if each one would
induce a neighbor to subscribe our sub-
scription list would be just double. Try
and get one (if not more), reader.

Send Us the News.
The WATCHMAN takes much interest in
public schools as well as the higher
educational institutions. The public
schools in this section will soon start.
We hope the teachers will feel enough
interest in their work to keep us informed
about their progress, etc. Write us who
is teaching your schools—all the news.

The captain of the fire department pre-
sented the names for the re-organization
of the colored fire company.
P. W. Brown was granted license to
retail liquor in the room just above
Moyle's saloon.

School Matters.
The annual meeting of the Board of
Education was held at the court house
last week to look after the educational in-
terests of the county. During the past
year the county has paid to her white
teachers \$9,764.32 and to colored teachers
\$3,340, and for all other school purposes
\$1,597.08. Total, \$14,800.35, leaving a
surplus of \$2,627.48. Number of white
pupils in county 6,103, colored 2,407.
Number of whites enrolled during the
year, 4,811, colored 1,770. Average at-
tendance—whites 8,809, colored 1,288.
Number of schools—white, 73; colored,
54. Value of public school property in
county \$14,000 white, \$5,000 colored.

Average length of school term—whites,
15-6 weeks; colored, 14 weeks; city
scholars, 36 weeks. Average salary of
white male teachers, \$29; females, \$23.50;
average of colored male teachers, \$23.50;
females, \$18. Number of teachers ex-
amined during the year 136, of these 39 re-
ceived first grade certificates, 82 received
second grade and 15 third grade.

Expression of Thanks.
MR. EDITOR:—Will you please pub-
lish in your columns this expression of
thanks for a goodly number of choice ar-
cles of room furniture presented to their
pastor by the ladies of Back Creek. This
expression of their esteem has done much
to strengthen his hands and encourage
his heart. It tends to give the oil of joy
for mourning, the garment of praise for
the spirit of heaviness.
May they be richly rewarded. May
they learn that it is more blessed to give
than to receive.

Fresh Turnip Seed just in, and to be sold
very cheap at Emmiss' Drug Store.

Baseball.
The most interesting game of ball that
has been witnessed here in the last three
years, was the match game played in
East Salisbury last Friday evening be-
tween Statesville and Salisbury. The
Statesville team gave our boys only one
day's notice, but it seems from later de-
velopments, that that was enough. The
game was called at 4:45 and lasted three
hours. Salisbury kept a little ahead of
Statesville nearly all the way through,
and at the end of the game the score
stood 12 to 13 in favor of Salisbury.

Salisbury was last to bat and at the
close of the game only two men had been
put out, with the third yet to get out be-
fore Salisbury would have finished her
last inning.
When the last and winning run was
made a tremendous applause rent the
air, for there were at least two hundred
and fifty persons on the ground.

Another game between the same teams
will be played in Statesville to-morrow
afternoon. It will be a very interesting
game, and a large number of our sport-
loving citizens are going. Reduced rates
have been secured.

Senator Peffer says Kansas will give

Why can't you all come over and vote
for Gen. J. B. Weaver? He has no

Mr. and Mrs. W. A. Sossaman, Jr.,

siting his parents here.
Miss Emmie Hunter has returned from
Newbern, where she has been visiting
her sister, Mrs. Flaunier.

The democratic party in Kansas has
taken down its sign, closed up the shop
and gone out of business.
Congressman Watson, of Georgia, says
the ticket and platform is acceptable to
Georgia and will win in that State.

Kansas is not the only State that the
republicans and democrats will both
close up shop in after November 8th.
Prof. and Mrs. McElroy who have been
confined to their beds with fever for the
past two weeks are slowly improving.

We are looking forward with keen in-
terest to the people's meeting to be
held here on the 16th. All are invited.
Rev. John Smith, a young divine just
from the seminary, will supply the pulpit
of the A. R. P. church during the sum-
mer.

W. W. McDowell, a flagman on the
C. C. & A. railroad, met with an accident
last week that resulted in his death the
next day.
We commend our board of aldermen
for their stringent enforcement of the
sanitary law. The health of the town is
paramount to all else.

The free coinage bill was defeated in
the House yesterday by a majority of 16.
That gives Weaver one million more
votes and Cleveland that much less.

The People's party may be somewhat
lacking in votes, but it can get up more
enthusiasm on short notice than any
other party in existence.—New York
Herald.

A wagon load of our young people
picked on the river last Saturday,
fishing being the order of the day. We
rise to ask, where are the fish? Echo
answers, where?

The democrats of Kansas have endorsed
the electoral ticket of the People's party
of that State and gone over with them,
bag and baggage. One State for Mr.
Weaver to start with.

The news from the wheat crop contin-
ues good as our farmers get it threshed.
Mr. J. M. Kirkpatrick threshed from 3
acres 99 bushels. Mr. C. T. Brown from 3
acres threshed 102 1/2 bushels.

An old hayseed asked a dude the
other day what was the meaning of the
anti-Force Bill club. He said it was to
scare the Alliance in. Go home, bud, and
tell your mamma she wants you.

The chaplain of the present congress is
blind. We think that is a good thing.
We don't believe a chaplain could be in-
duced to stay there if he could see the
work that is cut out for him to do.

A cucumber a foot long was on exhibi-
tion at Dr. J. B. Alexander's drug store.
It was grown by Mr. McD Aldridge, a
good alliance man of the city. The seed
was purchased from Dr. Alexander's
store.

It is said that two McD's of this city
went into the ring last Saturday and that
Sullivan and Kilrain would have been
ashamed of themselves if they had been
outside of the ropes and saw what hap-
pened.

The Kansas democrats held their State
convention at Topeka on Wednesday
the 6th. They made an unconditional
surrender to the People's party and en-
dorsed the latter's State and electoral
tickets.

The list takers yesterday finished the
work of transcribing the names of those
who made their tax returns to the tax
book. There were nearly 3,000 names
in all. The number of delinquent was
greater than last year.

Miss Annie Harley Sinclair, youngest
daughter of the late Rev. Alex. Sinclair,
formerly pastor of the First Presbyterian
church of this city, died at the home of
her sister, Mrs. Dr. Pellham, in Asheville
at 10:47 p. m. last night, aged 17 years.

Now that Congressman Bland was hu-
miliatingly defeated as a delegate to Chi-
cago, and Cleveland, the enemy of free
silver, was endorsed by the convention
that defeated Bland, will the latter please
tell us where his political home is?—Cin-
cinnati Herald.

Capt. Alexander is wanted at home to
head off the third party craze.—News.
The old hayseeds of Mecklenburg
county and of the sixth district are
watching, reading and thinking for them-
selves. They are not carrying their
brains in Capt. Alexander's head.

A great number of the boss papers of
the State are trotting Cleveland about
on Stevenson's back and trying to maké
the people believe Stevenson was born in
Iredell county. The best information
we can get shows that he missed being
born in Iredell by about 1,100 days and
the bread winners of Iredell are going to
act on the eighth day of November as if
he had never been born at all.

We have been reading fierce demo-
cratic and republican papers from all
parts of the nation since the conventions
and we have only found one spot that
both parties will not carry, and that is
Sampson county, North Carolina. They
have organized a third party.

Mr. F. S. Neal, a good Alliance brother
who does business in the city and farms
out five miles in the country, tells us that
he threshed 177 1/2 bushels of oats from 3 1/2
acres, from C. C. he threshed 312 1/2
bushels. In all he threshed 887 bushels.
That is more oats than Carter had.

The present House of Representatives
with its overwhelming democratic mem-
bership and its free trade element does
not represent the people as the majority
confess by its failure to pass an 981 2/3
cent tariff reduction bill and the free
coinage bill. They stand in with the
classes.

Price Mills Alliance, in Union county,
has passed resolutions standing firmly
on all the Alliance demands as shown in
the platform. One resolution reads as
follows: "That we know how to vote and
don't expect to be told by the little po-
litical papers who are supported by Wall
street."

Some of our county Solomons told us
a few weeks ago that they would not do
any good for the House to pass a free
coinage bill as the Senate would defeat
it. How about it now? The Senate has
passed it and the House defeated it.
As Boss Tweed used to say, what are
you going to do about it?

The Vanderbilt furnaces at Birming-
ham, Alabama, have been shut down
owing to the unsatisfactory demand for
iron and the stringency of the money
market. It throws one hundred men
out of employment.—Ex.

There must be some mistake about
money being scarce. One of our large
weeklies said a few days back that money
was as plentiful as it ever had been.

Capt. W. W. Tague, elector for the
eighth congressional district, called at
our den last Saturday morning while on
his way home from the Omaha conven-
tion. He is jubilant over the prospect
north and northwest. He gave us an in-
teresting account of the convention.

We see that Mr. Cleveland has refused
to allow a woman's society in New
York the use of his wife's name to bestow
upon their club. He is right, and he
should stop this trim business that is go-
ing on, of the woods will be full of Cleve
and Steve, if the children can stand it.

There came near being a serious ac-
cident at the stockade Friday afternoon.
The big derrick fell and Parks Prim, a
little son of one of the guards, narrowly
escaped being killed. Jim Patterson had
tied a tremendous rock to the derrick,
and instead of the derrick pulling the
rock, the rock pulled the derrick. It fell
a distance of twenty feet.

We read a letter last week from a
Congressman, and among other things
he said he was as much opposed to Cleve-
land's financial policy as any one, but
would support him. Oh, consistency,
what a jewel. Support a man that you
acknowledge is opposed to what you be-
lieve is for the best interest of your con-
stituents.

This has been a campaign thus far of
baby talk, mostly, but nothing has been
heard of the People's party baby or the
Prohibition baby. Ten to one that
Weaver's is a rag baby and that Bidwell's
is a rag baby.—Observer.

One man who was at Chicago at the
democratic convention says that Bidwell
could not have gotten anything but
empty bottles in that city when the del-
egates left if his baby had been starving.

The New York World, a Cleveland
democrat paper, says the People's party
represents discontent with existing con-
ditions and the evils they point out are
actual and the need of a remedy is great
and that the party has origin in the con-
viction that the existing conditions un-
duly favor a class at the expense of the
masses, and that is true; it protests
against plutocracy, and such protest is
justified; it makes a demand for an equal
chance for all men and that demand is
just and it is far from unlikely that the
People's party will carry the electoral
vote of several of the Western States.

mentioned last week to be established

opened to-morrow. Mr. J. M. Wilson is
the postmaster. There will be daily

Alliance Notes.
Alliance men of the county are making
big preparations for the meeting of the
county Alliance next week. There are
36 Alliances in this county, and at the
last meeting of the county Alliance all
were represented but two. The indica-
tions are that the coming meeting will
be the largest ever held.

State Secretary Barnes says he has had
more applications for membership blanks
than ever before.

The Alliance at Alexandria has
doubled its membership since the Janu-
ary meeting.
Polk Alliance will discuss the Austra-
lian ballot system at its next meeting.
Alliance men are looking forward with
great pleasure to hearing Prof. W. D.
Vinson talk at the meeting Thursday.—

History Lesson.
History class come up and tell me
what you know about the democrat and
republican platforms.

Q.—Why were the democrats delayed
in getting out their platform?
A.—It had to be wired to Buzzard
Roost one plank at a time and let Mr.
Cleveland see it.

Q.—What do they say about the poor
white laborers of this country that are
out of work and are being shot down by
cut throats for refusing to obey their
masters?
A.—Not one word.

Q.—What do they say about the op-
pressed of Russia?
A.—Oh, they are going to send some
fellows over there and stamp the feathers
off the czar.

Q.—Why are they so interested in the
poor of Ireland and Russia?
A.—Well, they don't care a fig for
them, but it is a bid for the Jew and Irish
vote at home.

Q.—How are they on the pension busi-
ness?
A.—The republicans say they are still
willing to take care of the veterans, and
the democrats say they appreciate the
patriotism of the boys for saving the Union,
and they are willing to stand by them,
their widows and their children.

Q.—What is the difference between
them?
A.—The democrats hold a full hand,
the republicans only hold a lone Jack.

Q.—What do they say about national
defence?
A.—The democrats insist on the negro
rutha baga ditch being completed and not
allow John Bull to have anything to do
with it.

Q.—What do the republicans say about
the negro rutha baga ditch?
A.—They say amen. They don't want
John Bull to take his grass hoppers to
market on that route.

Q.—Well, what is the difference be-
tween the two platforms in the way of
promising relief to the masses?
A.—The odds is all the difference we
find.

Good. Get the next lesson.
