The Democratic executive committee of Rowan county met in Salisbury last Saturday. The call was made for the primaries for Saturday, July 30th, and for the county convention on Tuesday, August 21. The former system of holding precinct mass meetings to elect delegates to the county convention was adopted.

Bishop Lyman's appointments for Rowan county are as follows: St. Matthew's church, July 25th, at 4 p. m.; St. Andrew's church, July 29th, at 11 a. m.; St. Mary's church, July 30th, at 4 p. m.; St. Luke's church, in Salisbury, July 31st, at 10 a. m. Rev. Dr. Marshall will also serve at St. Mary's Sunday afternoon at 3 p. m.

The Raleigh Chronicle says: Mr. F. B. Baker returned yesterday from a trip to the Piedmont gold region of the State, where he secured many fine specimens of gold ore for the North Carolina department at the World's Fair. He is credited with the success attending his efforts. Very fine specimens are secured from Rowan, Stanly and Montgomery counties.

Last fall the city aldermen passed an ordinance, which they recently gave to the public, requiring the owner or occupants of town property to cut down the weeds and keep the ditches clean in front of said property. So far as we have learned no attempt has been made to enforce it. It cannot be enforced. The citizens of Salisbury pay enough taxes for such purposes.

Attention, Pensioners! General order No. 3, issued from the headquarters of the pensioners' association, Adjutant General E. D. Hall, is served in the Confederate army or navy, and who are able to go into camp, are requested to report at Wrightsville, N. C., near Wilmington, on the 16th day of August, for a few days' enjoyment.

Transportation will be furnished free to pensioners on all railroads in the State of North Carolina on their presence. A certificate to the conductor of the railroad, and a certificate to be signed by the clerk of the Superior Court of the county, and the county seal attached, certifying their names are on the pension rolls, must accompany them. Present this order to the conductor with the certificate from the clerk of the Court.

Pensioners will be met on the arrival of the train and conveyed to the camp free of all charge.

The Sunday school convention of St. Mark's Lutheran church, of Tennessee synod, will be held on August 13th, 1892.

Meeting of County Alliance. Rowan county Alliance met in regular quarterly session at the Piedmont Fair Grounds on last Friday. The weather considered, the crowd was exceedingly large, mostly delegates. There is one marked improvement in the county meetings, and that is in the punctuality of the attendance of the delegates; nearly all were present.

The scope of business transacted was small—and large too, considering the excellent officers elected—for this is the time of the yearly election of officers. The following will show the officers who will control Rowan Alliance for the next year, and in whose hands we feel sure the ark is safe: President, S. A. Earnheart; vice-president, Capt. J. A. Fisher; secretary and treasurer, M. L. Ritchie; business agent, J. C. Bernhardt; lecturer, Prof. F. B. Brown; steward, F. A. Setzer; door-keeper, Rufus Yost; assistant door-keeper, B. F. Shuping; chaplain, David Mahaly; steward, Jeremiah Pies; executive committee, T. P. Johnston, P. A. Sloop and C. L. Brown. Prof. F. B. Brown is the delegate elect to the State convention, and we feel sure that we have a delegate elected who will not only go there to endorse the St. Louis demands as the expressed conviction and desire of Rowan county Alliance, but we have a man as delegate who endorses them himself.

Very little business other than the above was attended to, except installation of officers and reading of reports from committees. The meeting was harmonious and the Alliance principle is now more fully endorsed than ever in this county. A more determined band you seldom see.

On account of the busy season, the remaining business of the meeting was put off until Friday, the fifth day of August.

Baseball. The second game between Statesville and Salisbury was played at the former place last Friday evening. Reduced rates were given and about seventy-five persons went up. On the first inning Statesville did not reach first base, but Salisbury scored three runs. At the end of the third inning the game was called on account of the rain, the score standing 3 to 2 in favor of Salisbury. After the rain the game was again called for two more innings. At the end of the fifth inning the score stood 4 to 2 in favor of Salisbury. Our boys were induced to play one more inning. By this time the diamond was very muddy, which worked against our boys. In consequence, Statesville made six runs, making the score 8 to 4 in favor of Statesville.

The third game was to be played here to-morrow, but we understand that the Statesville team has declined to play us. Two more games were booked—one for today with High Point, and one Saturday with Gold Hill—but we learn that both have fallen through.

Salisbury Light Infantry. Pursuant to call a large number of the young men of the town met in the court house last Thursday night for the purpose of organizing a military company for Salisbury. A temporary organization was effected, and about thirty-four names enrolled. The meeting adjourned to meet Tuesday.

The meeting Tuesday night was held in the Mayor's office. The election of officers was held and a permanent organization effected. M. C. Quinn was elected captain and B. J. Arendell lieutenant. Mr. Quinn has since declined the office, saying that it would be impossible for him to accept. A committee was appointed to draft by-laws and another appointed to select a suitable armory.

Another meeting will be held at the court house to-night for the purpose of electing a captain and attending to all unfinished business. It is hoped that there will be a full attendance.

There are now thirty-eight names on the roll.

We Would Like to Know. Why Mr. T. P. Johnston parted with his whiskers.

If the military company was called Light Infantry because of the youthfulness of some of its members.

If the opera house will be ready for the use of first-class troupes this winter.

If the Statesville base ball team hasn't shown the white feather.

If Salisbury could support a telephone system, (we need more telephone poles).

Mass Meeting. On Saturday, the 21st day of July, at one o'clock, p. m., there will be a mass meeting at Cleveland Academy to ratify the nomination of Gen. J. B. Weaver for president and Gen. J. B. Mass Meeting.

The mass meeting at Huntersville was called to order last Saturday at two o'clock by J. S. Davidson, county lecturer. A. J. Hunter was made chairman and W. D. Alexander secretary. There were about 200 persons present, among them were a few ladies. After some resolving and a great deal of Patrick Henry speeches the mass meeting adjourned and all who were in sympathy with the reform movement were requested to remain and about 125 remained. N. Gibbon was called to the chair and J. P. Sossamon was requested to act as secretary. After some short talks R. S. Query offered the following resolution, which was adopted:

WHEREAS, The people of this country have suffered untold injustice for years from unfaithful and incompetent legislation to both old parties, and we believe it to be useless to expect relief from either of them as their managers and the people have made known their grievances time and again, and

WHEREAS, Deaf ear has been turned to all our remonstrances and appeals, therefore be it

Resolved 1st. That we hereby sever our allegiance to both democratic and republican parties and we do unite our efforts in the People's party of America which has promised to give us relief as we demand and must have;

Resolved 2d. That we hereby pledge our support to the national candidates of the People's party nominated at Omaha on the 4th day of July, 1892.

Resolved 3d. That we favor the calling of a county convention in Mecklenburg county, North Carolina, to organize the People's party in said county at an early day and we hereby invite the co-operation of all friends of reform without regard to past party affiliation.

After the resolution had been read and adopted the following was offered by Mr. R. B. Alexander:

Resolved, That the proposition from the Prohibition party for a union with the People's party be accepted as no county elections and that it be read and put before the People's party at their organization on the 28th day of July.

There being no other business the meeting adjourned to meet in the court house in Charlotte on the 28th day of July at 11 o'clock.

History Lesson.

History class, come up and recite.

Q.—Who creates the wealth of this country?

A.—The farmer and the miner.

Q.—Is that all the wealth creators?

A.—Well, the fishermen and lumbermen do something in the way of creating wealth.

Q.—Did the miner and the farmer create the wealth that built all the great cities?

A.—That is what we said.

Q.—Did the wealth created by the farmer and miner build all the long lines of railroads we see?

A.—That is what we said.

Q.—Did the wealth created by the farmer and the miner build all the fine churches, hotels, theatres, colleges, etc., in the land?

A.—That is what we said.

Q.—If this all be true how is it that the farmer and the miner don't own any of this great wealth and are getting poorer each year?

A.—Because the unrighteous laws make it possible for the speculator to grind it all out of the hands of the men who created it.

Q.—Were you not mistaken on the start; don't the banks create their money?

A.—Not one dollar. The government lends it to them at one per cent, and Mr. Cleveland let them have \$64,000,000 in his reign without any per cent.

Q.—Who made the unrighteous laws?

A.—The democratic and republican parties.

Q.—Are the wealth creators going to vote for those old sharks any more?

A.—This class will go out in the sand and play with doodles on election day if they can't find some other fellow to vote for.

Good, get next page.

Under the present administration of affairs the monopolist is everywhere and the people are nowhere, the masses are deceived and the classes are rampant, the rich capitalist can have all he wants of the elects freely before election, but the poor man must look out for himself. This is not a particularly inspiring outlook but we are optimistic enough to believe that there will be a grand shake-up by and by and this crooked business be made straight by popular indignation.—N. Y. Herald.
