MUST a man be a college graduate before he is entitled to a hearing on any subject?

Ex-Gov. St. John has found out that if all the licensed liquor saloons in this republic were placed side by side they would reach a distance of 992 miles.

"How can the money be put in circulation after it is issued?" Simply by making good roads. That is as easy as falling off a log. Ask us another question.

THE force bill clatter won't work. It is a dead failure. The negro supremacy scare doesn't scare either. Now, what can be concocted to make the fight upon?

CONGRESSMAN McKEIGAN scored a point in Congress the other day when he said, just after the defeat of the free coinage bill in the House: "Mr. Chairman, if Wall street has no further use for this Congress, I move we now adjourn."

COL. J. P. COOK, of the Concord Standard, passed through the city Monday and gave us a call. He has grown quite fat during his stay at the springs. He tried to get up a fight with our devil, but we put him out and gave him to understand that he must stay out.

It is estimated that the strike at the Homestead, Pa., steel works, has cost all concerned, the State in the cost of sending the militia, the steel company, and the workmen, about \$80,000 a day, or \$1,000,000 since the trouble began. These strikes are a costly business.

THE Pinkertons claim to have a charter, granted by Congress soon after the war. If so the sooner that charter is annulled the better it will be for the members of Congress. Some of them may be mistaken for Pinkerton thugs when they next visit their constituency, unless such action is taken.

### THE NEXT STATE MEETING.

The next annual meeting of the State Alliance will begin in Greensboro on the 9th of August. Doubtless nearly every county will be represented, and from the names of the delegates, as far as heard from, a majority will be true and unflinching reformers.

This meeting will be one of unusual importance and will be attended by many who are not delegates. Greensboro is one of the prettiest cities in North Carolina, the location central and of easy access. We trust the meeting will be harmonious and profitable as in the past.

### FREE COINAGE OF SILVER.

There are those who favor free coinage of silver because others do. There are others who oppose it because others do, neither knowing whether it would be a benefit or injury.

Prior to 1873 all the silver presented at the United States mint was coined for the owners, no matter who they were. Gold is still coined that way. For a time after the demonetization of silver was coined, or, at best, only limited quantities. The "Trade Dollars" were bought up at 80 cents by private individuals and taken up by the government at their face value—100 cents on the dollar. More recently silver has been coined more largely, amounting to from \$2,000,000 to \$4,000,000 per month.

The contraction acts that were passed after silver was demonetized made money scarce and values depreciated. It has had the result of concentrating money in banks. Free coinage is right. As long as silver is one of the metals used in making money, the coinage should be free like the coinage of gold.

### Notice.

All persons who favor the reform movement are earnestly requested to meet at Hatter Shop on Saturday, August 13th, 1892, at 2 o'clock, p. m., for the purpose of organizing a People's party club. We earnestly trust that the farmers and laboring people of the township and surrounding community will turn out that they may inform upon the issues of the day. The time has come that we show our colors, that we take a firm stand for right and justice.

Subscribe for the WATCHMAN and read it and you will never regret it.

### SENATOR COKE ON CLEVELAND.

In the U. S. Senate on the 20th of April last, Sen. John Richard Coke, made a speech on free coinage of silver, in which he showed up the record of Cleveland on that question. The Charlotte Observer may ask why the Democratic Senators didn't refute the charge and bring Senator Coke to the mat. No doubt the Observer will pronounce it a "libel," for that is a favorite word with it, but the speech stands on record. The WATCHMAN will have something more on this line soon. Senator Coke said:

The executive department of the government, in all its branches, from Hayes' administration to Harrison's, including Cleveland's, has been thoroughly and completely under the control and influence and dictation of the great capitalistic combination which has just scored another victory against the people on the silver issue. All the administrations made bitter, savage war on silver and left no means untried to discredit and break it down and debauch it. Nobody knew how Mr. Cleveland stood on the silver question until after he was elected, and he commenced to war on it before his inauguration in a letter addressed to a committee of members of the House of Representatives (one hundred of them) who were deputed to confer with him on the subject. All of these administrations, from the president down to the lowest reporting official of the treasury department, in messages and reports denounced silver coinage, urged its abandonment, denounced the \$340,000,000 of legal-tender notes as a debt of the government which should be paid and the notes taken out of circulation, retired and cancelled, although not a cent of interest runs on them; advising the country that gold and national bank notes should be our only circulating medium, with subsidiary silver coin for purpose of change. This is the feast to which our people were invited in response to their off-repeated demand for free silver coinage, for a perpetration of the legal tender note issue, and such other increase of circulation as could be made in view of the money famine from which they were suffering.

### An Out and Out Lie.

Capt. John Beard was circulating on the street this morning that the Democratic rally at Franklin Academy Saturday night resulted unfavorably. He says "a man told me" that there were about seventy-five persons present, that Lee S. Overman spoke about an hour and a half and then Mr. Shoaf, a People's party man, spoke half an hour. There was no shouting until Mr. Shoaf spoke. After he was through Mr. A. H. Boyden rose to organize a Democratic club, when all left but five. He talked loudly about Franklin being the banner township and exulted over what he pretended was a Democratic defeat. Now we presume to brand this as an out and out lie. The rally was a grand success for Democracy. There was a good gathering of Democrats. Hon. L. S. Overman and Col. F. E. Shoaf both made strong Democratic speeches, and Mr. Shoaf, a People's party man, did not speak. Boyden did not make a speech but a good Democratic club was organized. Hon. L. S. Overman says the meeting was highly satisfactory and that if all the precincts like Franklin the county will give 1,000 majority for the Democratic ticket. So far as we could learn all who attended the rally were thorough Democrats except one. The meeting was a love feast for Democracy and not of the People's party.

### A REPLY.

Editor Watchman:—The above article appeared in the Herald on Monday, and instead of being an out and out lie is a batch of lies, the lies being the product of the fertile brain of the Herald man. What my informant told me and I repeated to the Herald reporter was that F. E. Shoaf, L. S. Overman, Baldy Boyden and Sheriff Monroe went to Franklin township on Saturday to organize a Cleveland club. They call Franklin their banner township and my informant stated there were seventy-five present. [Sheriff Monroe says the house was full.] Lee S. Overman spoke three-quarters of an hour and Mr. Shoaf half an hour. Some one then went around to get names to the club. They had five signers when Richard Josey was asked to put his name down. Dick told that he had been voting the Democratic ticket ever since the war, and matters had grown and worse each year and this year he intended to vote as he pleased. Then a shout was raised. At this point some one called for Baldy Boyden, but before he got to the speaker's stand nearly all the crowd left the house. The above is what I repeated to the Herald. Compare the two statements. I have had my say to the Herald reporter personally and now leave it to the public to say who the liar is. The Herald says it interviewed Mr. Overman but does not tell how many names they got to the club. I therefore conclude they do not dispute the number. My informant named them and counted them on the five fingers of one hand. Now if four men get five signers in the banner township out of a crowd of seventy-five (or a house full), how many votes can they give Mr. Cleveland in the township. Don't all speak at once.

P. S.—Since writing the above I have been semi-officially informed that seven and not five was the number enrolled in the club. Not wishing to make any misstatement I make the correction.

### A Reply to John S. Henderson's Letter.

WASHINGTON, D. C., July 15, '92.

U. E. Miller, Esq.,  
MY DEAR SIR:—Letters received from every part of the 7th district convince me that the great majority of the people everywhere heartily favor my renomination for Congress. While I am discharging my public duties here as the people's representative, I must depend upon the people to take care of me at home. I shall be greatly indebted to you if you will attend the primary meeting of your township and vote for my renomination. Please impress upon every Henderson man of your acquaintance the importance of attending the township meetings and the county convention. Whatever you may do for me will be thankfully appreciated. If you can spare the time write me a line and tell me what my prospects are for carrying your township. With kindest regards, believe me to be,  
Very truly yours,  
JNO. S. HENDERSON.

HEILIG'S MILL, N. C., July 25, '92.

Hon. J. S. Henderson,  
MY DEAR SIR:—I can hardly afford to write you, but I will try and write you a few lines to let you know how politics are in this section. I have concluded that you are badly deceived as you say that you are receiving letters from all parts of the 7th district which convince you that you are the choice of the great mass of the people for the United States representative next term. Now, my friend, are you not aware of the fact that the people have organized and are carrying on the largest school that ever existed in America, and don't you know that they have the most honest and skillful men in the United States employed as teachers; and don't you know that the chief aim and object of this school is to teach the masses the most rigid and economical form of government? Have you not yet laid hold on the fact that the people have conceived that both the democrats and republicans have joined hands of fellowship, and that they are pulling together as a yoke of steers, drawing their load to Wall street and the money power, and can it be that you have not found out that the people can't be fooled any longer, and that the People's party is destined to sweep over this great nation of ours as the waves do over the mighty sea, and don't you know that just such a thing is needed to save this great nation from terrible ruin?

Now, if you don't know these things you are not a representative of the people as you claim to be. If you are not aware of the fact that the great majority of the people in Gold Hill township have already announced themselves People's party men, and furthermore, that the masses of the people in the 7th district are fully determined to down the old plutocratic democrat and republicans. I think you had as well go on and sleep your nap out, and some time in November we will come round and wake you up and show you how it is.

But, to be candid with you, I believe that there are enough old plutocratic democrats in the 7th district to renominate you for Congress, but it will take all of the crowd in some parts of the country to make up the delegation. Now, my friend, I suppose that you have written to me as a good old democratic friend, as usual. I am the same friend as ever, except the ring has slipped out of my nose, and I can't be led any longer. But ah! you say so much changing is not good, but let me say that men who love humanity, right, country and God, sometimes change, but fools never do. At this time we appear to have a country full of wise men and but few fools. It appears that our so-called smart men are the fools just now. Now, my friend, I hope that by the time I hear from you, you may be numbered among the wise. Hope this is satisfactory.

Respectfully,  
U. E. MILLER.

### To the Friends of Reform.

I have been commissioned as State Organizer for the Citizens' Alliance and Industrial Union, and request the hearty co-operation of all friends of reform. The Citizens' Alliance and Industrial Union is to be the tradesmen, merchants, laborers and others, what the F. A. and I. U. is to the farmers, and was established to enable the people of the cities and towns who are not eligible to membership in the F. A. and I. U. to make an active, systematic and effective fight for equal rights. There is no money on hand to pay the expenses of myself or any one to visit the cities and form assemblies, and I expect my brother mechanics and friends of purity to take up the work and secure signers for an assembly in each city. Write to me for blanks and instructions. When ready to organize, notify me and I will come and give you the secret work and put you in working order. Remember that success or failure lies with you, and that a successful fight demands organization.

The county commissioners of Iredell, after wrangling over the matter for several months, have granted license to retail liquor in Statesville.

New Winston a white servant girl was murdered a few days ago. Her body, shot through the breast, was found in a piece of woods near the town.

The largest county teachers' institute ever held in North Carolina closed at Greensboro Saturday. One hundred and forty teachers were in attendance.

Charlotte News: The policemen have begun the work of killing tagless dogs. They have so far killed thirty-five dogs. Every dog found without a tag is a legitimate target for the policeman's shot-gun.

The Railway Commission has received complaint against the Richmond and Danville railroad for charging 25 cents a day for trunks left in the depots and against three railroads for having no depot facilities at Goldsboro.

J. C. Lawrence and Miss Antoinette Flynt, both of Rural Hall, were married on the 19th instant after a courtship of twenty-seven years. Mr. Lawrence has just completed a handsome residence in Rural Hall and the couple are now taking lessons in housekeeping.

J. M. Cummings' planing mill and lumber yard near Winston were burned last week. It is thought that the fire originated from a spark of a passing engine on the Norfolk and Western railroad. Five hundred thousand feet of lumber were burned, entailing a loss of \$10,000. No insurance.

Figs are plentiful, at 25 cents a peck. Why are they not shipped from here North? They are shipped here from California, bear transportation well and bring good prices. Each fig is wrapped in tissue paper and grape baskets are used in shipment. Figs should not be too ripe when pulled. The experiment farm will ship some in a few days.—*Raleigh Chronicle.*

Charlotte Observer: Mr. H. L. Creighton, who lives several miles from here on the Beattie's ford road, is quite enthusiastic on the mining interests of this county. The gold mining which he is conducting himself has lately produced gold valued at \$175 to \$185 a ton. Mr. Creighton is prospecting throughout the county. He thinks his ore more valuable than the above figures indicate.

Concord Standard: Mr. S. R. Biggers, of Post's Mill, was in the city Thursday and told the reporter of the strange actions of a rock in a field on his father's farm. He and his brother Will were hoeing cotton and were near the end of the row when they were attracted by the rock moving from its bed in the road. The rock rolled over on its top side, without any visible cause. They afterward examined the rock and could see no cause whatever for its moving. The rock will weigh about twenty-five pounds.

CLOTHING & HATS!

When anything is sold under the auctioneer's hammer, the successful bidder is supposed to get a bargain. Ours is neither an auction nor a forced sale, but our experience and business enterprise tell us that \$5 or \$10 in our pocket is worth more to us at this season than a Summer Suit on our counter that cost us the same amount of money, while the Suit may be worth more to you. Our mammoth stock of Clothing must be sold out of the way of our NEW FALL STOCK in the next SIX WEEKS. To do this effectively, we will not consider Value nor even the Cost of a big portion of this stock, and will offer Bargains you have never seen before. A rare opportunity for all wanting to buy Clothing. WE MEAN BUSINESS. This is the way we do in dull seasons—give you about \$100 worth for your hard earned dollar. We pocket the loss and you get the gain. Straw Hats almost at your own price.
