Some one, mischievous bent, ignited a pile of large fire crackers near Conghams Island about 11 o'clock Tuesday night. The explosions caused quite a commotion on the still night air. As usual no policemen were near and no arrests made.  
Mr. W. D. Withorn, of Davidson county, and Miss Nannie Crawford were married at the home of the bride on First street last Friday night. Rev. Dr. Smith officiating. The happy couple left last night for their future home in Davidson county.  
The premium list, the bills and other matters for the fair are in the hands of the printer. Bear in mind, readers, that regarding one will be the best Fair we yet had, and prepare your exhibits accordingly. Work on the race track will begin Monday.  
A grand ball will be given in Asheville at the Battery Park Hotel to-morrow night in the interest of the State Fair. Mrs. Chas. Price has set up there several days superintending preparations. Several representatives from here will no doubt go up.  
Henderson, who shot and killed William Douglas Holt, at a negro festival at the old race track northeast of here, nearly three years ago, has been arrested in Memphis, Tenn. Requisition papers have been applied for and as soon as they arrive the chief of police will arrest the fugitive. It is said that Henderson has made a confession of his guilt. He will be sent back and tried for his life.

Mooresville, N. C., August 9, 1892.

**MECKLENBURG NEWS.**

What is Going on Among the Descendants of the Signers of the Declaration of Independence.  
Education is a better safeguard of liberty than a standing army.—Edward Everett.  
The grand jury this week condemned the old jail and also recommended the building of a new court house.  
Work has been begun on E. M. A. Drew's new mattress factory on Poplar street between Sixth and Seventh.  
The grist mill of J. Dove, at Caldwell station, was broken into a few nights ago and robbed of 240 pounds of flour.  
The delegates to the State Alliance from Irredell, Lincoln, Gaston, Cleveland and Rutherford called at our den this week.  
The site of the proposed Atherton Mills has been cleared off and the building will be in course of erection in a few days.  
We learn that brother Gordon would not play. Trot out another horse, gentlemen. Maybe Maj. Wilson is in a playing humor. Try him.  
Some men vote as though they believed that democratic and republican ballots were current coin in the New Jerusalem.—Southern Star.  
Mr. J. L. Osborne, who lived near Derita, fell from a wagon load of wood last Saturday and was run over receiving injuries from which he died Sunday.  
Bro. Miller, of the *Living Issue*, said last week that the *Shelby Review* told a lie. We suppose that is a friendly way of telling a man that he slipped on the truth.  
No man has come to true greatness who has not felt in some degree that his life belongs to his race, and that what God gives him, he gives him for mankind.  
Mr. J. R. Hays, postmaster at the newly established office, Shopton, in Steel Creek township, received his commission yesterday and the office will be opened at once.  
A would-be boss was heard to say that he did not care how many votes the People's party cast, it would come out all right in the count, they would not be allowed any of the poll holders.  
Dr. A. G. McManaway, the pastor of Tryon street Baptist church, has resigned his pastorate. He gives as a reason for so doing that the church has gone as high as it can go under his charge.  
There is a scheme on foot here that will revolutionize things in this section. Cotton factories, electric lights and electric cars are to be run by electricity generated by the water power of the Catawba.  
Why is Mr. Carr, Mr. Jarvis, Bro. Osborne, Bro. Scarborough and all the other democratic nominees do not advocate the State platform, I mean the one they were nominated on? Gentlemen, come up to the scratch and tell the people you favor the abolition of national banks, the free coinage of silver and that you oppose dealing in futures and you want more money. That is what your platform says. Stop that old force bill chestnut that will not scare.

Warm weather makes a demand upon the vitality which you should be prepared to meet. In order to overcome its debilitating effects come in and get a bottle of Dr. Alexander's blood cooler and subscribe for the WATCHMAN.

Mr. John Leslie, of Roger's & Co., left Saturday for New York. While there he will purchase a mammoth stock of clothing for his enterprising firm. They advertise in the WATCHMAN is why they make four yearly trips north.

If the silver question is not an issue in this campaign, as most of the democratic journalists say, why are they so insistent in pointing out that Chairman Carter, of the Republican National Committee, is a silver man.—N. Y. Herald.

In the criminal court, Bob King, colored, was tried for breaking into the store of Brown, Weddington & Co., and was acquitted. W. P. Meunderon, white, was tried for stealing cord-wood from Sandy Simpson, colored, and was also acquitted.

Our old friend, W. A. Hamel, the People's party candidate for sheriff of Gaston county, called at the den this week. Will is a fighter and no party should be ashamed to call such a man sheriff.

The Third party is taking to the woods.—News.  
We heard that last Saturday. We saw some men who attended the People's party rally at Long Creek and they tell us the woods and all the available spaces was filled.

One of the city bosses was heard to say that this fellow Hogg is lecturing in Mecklenburg county must be run out, if we can't get him out any other way we must cut him out. They don't want the people to hear the truth for fear they believe it.

John Hawkins, a young white man who has been employed at the Charlotte Cotton Mills, hired a horse at Wadsworth's stable Sunday and drove him nearly to death. It was a heartless deed. A warrant is out for the arrest of Hawkins, who has left for parts unknown.

Mr. Cleveland did not only refrain from all allusion to the silver question in his acceptance speech, but he let severely alone Harter's forgiving, wilful money boom. It would interest the country to know how Mr. Cleveland thinks on these matters.

All who are charitably disposed can leave their melon donations at the white front drug store and they will be put where we think they will do the greatest good. Fruit in small lots will also be received. These donations are expected from the poor deluded farmers.

The other day we heard two gentlemen talking on politics. One of them favored Weaver and the other Cleveland. The Cleveland man said if Mr. Weaver were elected that he would stop the southern soldiers from getting any more pensions. Southern soldiers might make a note.

Some one on Mint street has been using poison very effectively on dogs. One of the victims was a very fine dog which the lady to whom it belonged valued greatly. An effort is being made to discover who the poisoner is. Can't the brother extend his good work into the rural districts?

Mr. John E. Oates, president of the Presbyterian Orphans' Home, received Tuesday, from Mr. Geo. W. Watts, of Durham, a check for \$4,000 as a contribution to the Home building fund. This makes Mr. Wats' contribution \$5,000, he having previously sent Mr. Oates his check for \$1,000.

Cap. R. B. Glenn, one of the Cleveland electors, said at Rockingham this week that he had spoken in several counties and he found politics badly mixed. Mr. Johnston just came in and says he had been over several counties and he could not find enough republicans and democrats to make a mix.

A relay bicycle race to Pineville is now being talked of, the heat to be one to two miles. It is remarked upon as a noticeable fact in connection with the race of Tuesday that not a single wheel broke down on all the trip, and this is referred to in proof of the fact that Charlotte wheelmen ride good bicycles.

A white woman, apparently about 40 or 45 years of age, is wandering about Crab Orchard township. No one knows her name nor where she came from. She sleeps in the woods but how she lives is a mystery. She is evidently deranged, molests no one and is quite harmless. She says she has come 4,000 miles.

Applications have gone forward for three new postoffices in this county: One at Mr. J. C. Smith's, between Steel Creek and Randleburg; another at Mr. H. H. Capps', below Randleburg; the third at Mr. J. A. Thomason's, between Randleburg and Shopton—all on the Charlotte and Steel Creek route.

The government's report of the August condition of the cotton crop is somewhat of a surprise. That the average is lower than since 1886 is information for which the general public was hardly prepared, and certainly there were reasons to suppose that North Carolina would show a better condition than 82.

Why did Cleveland not say that he preferred to turn over the solution of the question to a conference of the great powers? But he made no such suggestion. He merely skulked the free silver question, and declined to endorse the platform of his party in favor of having only full and honest one hundred cent dollars. What was he scared at? His party convention has adopted that doctrine. Was he afraid to endorse what his party had declared for? It looks that way.

The 4 C's Company is about to beat the record as a farming corporation. From the grand stand at the park one can catch a glimpse of its corn crop. Capt. Stekeland planted 40 acres in corn in May, June and July—and got his stakes for 1,000 bushels, and now wouldn't take 1,000 bushels for his crop.

We learn that the People's party got a very bad scare this week, one that put the force bill in the back ground. A democrat brother was heard to say that they would defeat the People's party with the negro. The People's party are hiding under bushes and in the weeds and grass all over the country like chickens.

Negotiations that have been pending for some time between Mr. A. B. Reese and Dr. J. F. Robertson for a partnership in the drug business in Charlotte, were concluded last week. Dr. Robertson purchased an interest in the firm and after September 1st the business will be conducted under the firm name of Reese & Robertson.

Maj. W. A. Graham passed through the city Monday on his way to attend the meeting of the State Alliance. He says he will vote the People's party national ticket, and says he cannot see what we can gain by voting for the demands and then voting for a president that would veto them should they be made laws by Congress.

Bread winners, do your own thinking, your own praying and your own voting. Do not be led, by bootlaid politicians and snide newspapers, some of whom have pretended to be your friends, but when they thought they had caught attempted to put the shackles on you tighter. Slain them as you would the small pox or any other loathsome pestilence.

The fall in the price of silver is causing great uneasiness in financial and business circles at Calcutta, and a panic is feared.—Exchange.

The amount of silver the last Congress dumped on this country with their free coinage bill will not lower the price but it will knock the spots out of the chances of some of them getting back to attend races.

The fact that Rev. Dr. A. G. McManaway's resignation as pastor was to be considered induced a large attendance at the church conference at Tryon street Baptist church last night. Every expression with regard to the resignation was one of regret. The situation was discussed at length and it was finally decided to postpone final action until next Wednesday night.

R. W. Elliott informs us that a People's party club was organized at Long Creek last Saturday with 64 members, one was organized at Derita with 46 members, one at Paw Creek with 33 members and one at Huntersville with 90 members. What is wrong gentlemen, have you all gone into that craze which they tell us about? No wonder brother Gordon's services are wanted.

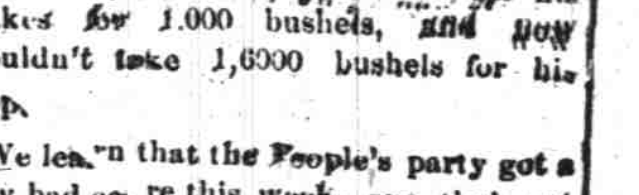

The neighborhood near Griffith's Station, on the Charlotte & Columbia road, was the scene of three robberies on Sunday. The victims were Jno. Griffith, Abner Griffith and Jno. Blount. The thieves requisitioned them to the extent of a shot gun, hard, plow, clothing and other property. A white man and two negroes with a strong resemblance to the genus tramp were seen in the vicinity of the robbery about the time of its occurrence and are supposed to be the culprits. Squads are on the lookout for them and it is hoped they will be caught.

Married in Concord on August 3d, Mr. J. S. Yandle, of Rankin, and Miss Maggie Townsend, of Concord, N. C.  
Rev. W. Oscar Sample filled the pulpit at Sharon last Sunday morning and will preach at Rocky River next Sunday.  
Rev. J. G. Anderson began a protracted meeting at Sharon last Monday. His introductory sermon was preached from Acts 1st chapter and 8th verse, "But ye shall receive power, after that the Holy Ghost is come upon you, and ye shall be witnesses unto me."  
ALEX.

Notice.  
The voters of Mecklenburg county who favor the reform movement known as the People's party are requested to meet at their election grounds on Friday, August 19th, at 2 o'clock, p. m., for the purpose of nominating candidates for State legislature, county and township officers, and executive committee of three, and to send delegates to the county convention of the People's party which meets in Charlotte on August 20th, 1892, at 11 o'clock. The primary meeting for Charlotte township will meet at 8 o'clock p. m., August 19th.  
N. GIBBON, Chairman Ex. Com.

From Derita.  
The citizens of Derita assembled last Friday evening and N. Gibbon called the meeting to order and explained its object. A motion was made at once to proceed to organize a People's party club. This motion having carried a list of 46 names was handed in to be enrolled as members of the club. S. F. Curry was elected chairman and W. L. Campbell secretary. Prof. G. W. Hawn, of Lincoln county, was then introduced and discussed very ably the issues of the campaign and with great force the cause of the uprising of the people. His speech was listened to by more than one hundred of the best citizens of Derita and surrounding country. Short speeches were made by Watt Barringer and N. Gibbon. The meeting was quiet and harmonious. There was an expression of confidence in the party and the feeling that duty calls him, and that they were being desperately in earnest.  
A motion was made and carried that a minute of this meeting be forwarded to Charlotte Observer, Progressive Farmer and Salisbury WATCHMAN with a request to publish.  
W. L. CAMPBELL, Sec.
