I don't know how many more things were discussed, for I fainted and was unconscious for three hours. By that time Mrs. Collins had gone and peace once more reigns supreme. I don't want another such experience; would rather go to the war four years more. School began again in our district

last Monday. It is a subscription school. Every district ought to have twice as much school as they do. We have had a young lady teacher for two or three terms and she either courted 450,000,000 bushels. At one dollar their bare-faced lying. Why some of the Lig boys too much or didn't whip thought of asking President Harrison to send a few thousand troops to subdue them. At my suggestion, as one of the committeemen, we have a male teacher this time. The boys smiled when they heard he was coming They thought he was some dyspepti dude who would leave the first day, b when they seen him they thought it For more than half a century the many good ones up there I will speak was Sullivan or Corbett. He whipped couldn't sit down the first day. Everything is looking bright for education in the neighborhood now.

Sincerely, JAKE WARNER.

McAdensville Letter. forrespondence of Watering . . .

This being the first place to catch us on our vacation from school work, and where he spoke at night. Several peoas it is such a live place we thought a ple from here went up to hear him. short description of it might be of interest to your many readers, therefore we venture a few lines, begging your

pardon for any intrusion it may be. The McAden Mills is situated in Gaston county, on the small prong of the Catawba river, sixteen miles west of Charlotte, on the Air Line Railroad.

This mill was built about twelve or fifteen years ago by the late R. Y. Me-Aden, but was quite small to what it is now, it then only spinning yaras, while now it has made large adortions, and makes a lot of plaids, &c. The property now belo. g. to the McAden heirs, but is now controlled by Dr. McAden, of Charlotte, the late McAden's brother. It furnishes work for a lot of people, and is an industry of which Gaston county may well be proud, and if North Carolina had more like it she would be Even when no cholera is anticipated, a great deal better off than she now is,

The whole of the machinery is run to one main driving wheel, aggregating the power of three hundred horses. When we see this great driving wheel and belt it is a currosity within itself. On leaving this we enter the carding | well man. and spinning department, which is in a room 380 feet long. In this department the cotton starts in in the bale and comes out thread ready for weaving. It contains fitteen thousand spindles including spinners and twisters, and they are thinking of adding five thou and more soon, which will necessitat: the adling to the room,
