#### The Conference Platform.

the platform adopted at St. Louis by that Mecklenburg county alliance the labor conference:

1. We demand a national currency -safe, sound and flexible issued by the gen ral government only; a full legal tender for all debts, public and private; and without the use of banking corporations; a fast and equitable means of circulation, at a tax not to exceed two per cent, as set forth in the sub-freasury plan of the Farmers' Alliance, or some better system; also, by payments in the discharge of its obligations for public improvements. a. We demand free and unlimited

coinage of silver. b. We demand the amount of circulating medium to be speedily increased to not less than \$50 per capital c. We demand a graduated income

d. We believe that the money of the treasury should be kept as much as possible in the hands of the people. and hence we demand idl National and State revenues shall be limited to the necessary expenses of government,

e. We demand that Postal Saving banks be established by the government for the safe deposit of earnings of the people and facilite exchange.

lands now owned by aliens should be given a seat because he was an old trict. It got rumored around that reclaimed by the Government and held man but that was all stoff. for actual settlers only.

## TRANSPORTATION

of defence and public necessity, the meeting. They were ready to reroads in the interest of the people.

a. The telegraph and telephone, like the postal system, being a necessity for the transmission of news, should be owned and operated by the government in the interest of the people.

While some parts of the above address may seem at a mere glance to make partisan political distinctions, sing business and stock raising and few more short presidential terms are yet upon careful study one will clearly insisted that we stop raising our mules over, with the force bill, tariff and free see that it is nontpartisan, and further, will be impressed with the truth of its knew about farm leaks, one was that religion? This is a great question. promises, and the ability of the com- he had a barrel of molases made and Clevelrad, Harrison or Weaver may be mittee who framed it.
