

Suppressed or Irregular Menstruation you must use

BRADFIELD'S REGULATOR

CARTERSVILLE, April 26, 1886. CARTERSVILLE, April 20, 1890. This will certify that two members of my immediate family, after having suffered for years from Menstrual Irregularity, being treated without benefit by physicians, were at length completely cured by one bottle of Eradfield's Female Regulator. Its effect is truly wonderful. J. W. STRANGE. Book to "WOMAN" mailed FREE, which contains valuable information on all female diseases. BRADFIELD REGULATOR CO.,

that papers are published in their interest. The Conference Platform.

The following is a correct copy of the platform adopted at St. Louis by the labor conference: FINANCE.

1. We demand a national currency -safe, sound and flexible-issued b the gen ral government only; a ful legal tender for all, debts, public and private; and without the use of banking corporations; a just and equitable means of circulation, at a tax not to exceed two per cent, as set forth in the sub-treasury plan of the Farmers' Alliance, or some better system; also, by payments in the discharge of its obligations for public improvements.

a. We demand free and unlimited coinage of silver. b. We demand the amount of circulating medium to be speedily increased to not less than \$50 per capita.

c. We demand a graduated income tax. d. We believe that the money of the treasury should be kept as much as pos-ible in the hands of the people. necessary expenses of government, banks be established by the govern-

ment for the safe deposit of earnings of the people and facilite exchange. LAND.

2. Your sub-committee upon the and plank, beg to submit to your ap. proval the following: The land, including all natural resources of wealth.

is the heritage of all people, and should not be monopolized for speculative purposes, and alien ownership of land should be prohibited. All lands now neld by railroads and other coporations in excess of their actual needs and all lands now owned by aliens should be reclaimed by the Government and held for actual settlers only.

TRANSPORTATION

3. Transportation being a means of defence and public necessity, the Government should own and operate roads in the interest of the people. a. The telegraph and telephone. like the postal system, being a necessity for the transmission of news, should be

owned and operated by the government in the interest of the people.

without their aid and smiles. Every thing would look as gloomy as th vorld seems to the poor defeated canidate. Let us be thankful that we are still living, and that the country is full

of pretty women. I went to my alliance meeting last Friday evening for the first time since the election. I didn't know whether]

would find anybody else or not. But did. I thought maybe the Demo ra's were so happy on account of their victory that they would forget to com-Or that the people's party and republican brethren would feel too gloomy to come out. But I found some of all present ready to forget the political lifferences as all true members of fraternal societies should. They all agree that a victory has been won, but the battle is still roging, and it will grow warmer as time rolls around. The

President and national legislators are in but the people must let them know that they are still on deck for reform It is actural for men in any party to forg t who they were before they lef home. They forget how many of their neighbors are suffering from unequa

laws. They begin to draw their sala ries and get in the swim of Washingand hence we demand all National and ton society and imagine that everybody State revenues shall be limited to the is happy and contented at home. Our alliance has agreed to be patient, but economically and honestly administered. we are going to meet and discuss our e. We demand that Postal Saving difficulties and the many remedies suggosted, pick out the best ones and ask Congress to help us. That is the proper way. Let us go at everything in a business way and consider every thing well so as to avoid mistakes. 1

this way we will command the respect of all men and make much headway in the next few years. Yours in a good humor,

Worms in Chestnuts,

"I like chestnuts now," said a prom-inent doctor as he walked down the giant sitting side by side with urchins of the usual size. Innumerable off-rstreet munching at some of the floury morsels, "but later on when the worms begin to show-up in them I don't care for any. It would perhaps interest you o know how worms get into chestnuts. When the nut is still green an insect comes along, and hunting a warm place n which to have its eggs hatched, lights upon the greed chestnut and stings it. At the same time it deposits some of its eggs in the opening thus made. The chestrut begins to ripen and at the same time the eggs are hatching.

"The insect selects chestnuis as a place for depofiting its eggs as being the pest adapted place by instinct. The loury matter in the nut turns to sugar and sugar turns to carbon, which produces heat. You don't need to look for worms in the early part of the chestnut scason, as it takes some time for the

Deacon Sharp, who lives in the eggs to hatch. Buckeye Valley, has never married. The chestnut is a very good food; the
